FOREWORD

The Kentucky Constitution requires each house of the General Assembly to keep a journal as a public accounting of daily legislative activity. It is the official record of action by the General Assembly.

The *Kentucky Revised Statutes* require the Legislative Research Commission to compare, edit, correct, and publish the journals of each chamber. This is the *House Journal* for the Regular Session of 2000.

The texts of simple and concurrent resolutions appear on first reading or adoption. Appendices contain a list of elected representatives, tables of actions on bills and resolutions, roll call votes, the budget memorandum, and a subject index.

Wilda Bond, Kathy Green, and Stacy Smither prepared the *House Journal* for the 2000 Regular Session. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 12.070 is amended to read as follows:

(1) For the purpose of this section, "minority" means American Indian; Alaskan native; African-American; Hispanic, including persons of Mexican, Puerto Rican, Cuban, and Central or South American origin; Pacific islander; or other ethnic group underrepresented on state boards and commissions.

(2) Except as otherwise expressly provided by law, the members of each administrative board or commission shall be citizens of Kentucky appointed by the Governor from the state at large on the basis of their interests in public affairs, their good judgment, and their knowledge and ability in the field of action of the department for which appointed, with a view to providing diversity of interests and points of view in the membership and without regard to their political or religious opinions or affiliations.

(3) Where appointments to administrative boards and commissions are made from lists submitted to him, the Governor may reject the list and require that other lists be submitted. Notwithstanding any provision to the contrary, in the event the current membership of a board or commission reflects a proportion of the minority group less than the proportion of the minority group in the total population of the Commonwealth, then the Governor may appoint a member of the minority group even if the list of nominees for a vacancy does not include a member of the minority group.

(4) ***In making initial appointments to administrative boards and commissions, the Governor shall act so as to provide equal representation of the two (2) sexes. In filling vacancies, the Governor shall act so as to provide, inasmuch as possible, equal representation of the two (2) sexes by appointing a member of the sex that is the lesser represented at the time of the appointment. If the remaining membership already has an equal number of males and females, the Governor may appoint a member of either sex.***

(5) Before entering upon the duties of their office, all members of administrative boards and commissions shall take the oath of office prescribed by Section 228 of the Constitution.

(6)[~~(5)~~]When a board, commission, or similar administrative body is established and no provision is made for compensation of members, members shall serve without pay, but may receive reimbursement for their actual and necessary expenses.

Section 2. KRS 164.004 is amended to read as follows:

(1) The Strategic Committee on Postsecondary Education is hereby created and established. The committee shall be composed of members appointed by the Council on Postsecondary Education, the Governor, and the General Assembly. The council's representatives shall consist of the chair of the council, the president of the council, and five (5) members of the council designated by the chair. The Governor's representatives shall consist of the Governor and six (6) persons designated by the Governor. The General Assembly's representatives shall consist of the President of the Senate, the Speaker of the House of Representatives, the Majority and Minority Floor Leaders of both chambers of the General Assembly, the minority caucus chair of each chamber, a member appointed by the President of the Senate, a member appointed by the Speaker of the House of Representatives, a member appointed by the Minority Floor Leader of the Senate, a member appointed by the Minority Floor Leader of the House of Representatives, and the chair of the Committee on Appropriations and Revenue of each chamber.

(2) The chair of the council shall serve as chair of the committee. The committee shall meet at least quarterly and at other times upon the written call of the chair or of majorities of any two (2) of the three (3) groups that compose the committee.

Committee members who are Kentucky legislators shall be compensated for attendance at committee meetings from the legislative branch budget bill and as set forth in KRS 6.190.

(4) The committee shall serve as a forum for the council and the elected leadership of the Commonwealth to exchange ideas about the future of postsecondary education in Kentucky.

(5) The council shall periodically review its strategic implementation plan for the strategic agenda under KRS 164.0203 and advise the committee of the actions necessary to meet the goals established in KRS 164.003(2). The elected leaders shall review and comment on the strategic agenda and the timetable for implementation.

(6) The Governor shall advise the committee about the financial condition of the Commonwealth and the probable funds the executive branch intends to recommend to the General Assembly to be appropriated for postsecondary education.

(7) The legislative members shall react to the comments of the council and the Governor.

(8) The council shall advise the committee about its opinion of how the postsecondary education funds projected to be available should be allocated based on priorities and projected resources. Nothing in this section shall be construed to infringe upon the Governor's duty under KRS 48.100 to recommend appropriations to the General Assembly or upon the General Assembly's power to make final appropriations in the enacted budget.

(9) The committee shall have the advisory authority not explicitly prohibited by law that is necessary to carry out and effectuate its advisory functions, duties, and responsibilities, including the following:

(a) Receive reports from the council on the development and implementation of the long-term strategic agenda, including biennial budget requests for postsecondary education and any subsequent and related budget requests;

(b) Review the council's proposed objectives and benchmarks for the next fiscal biennium for furthering the Commonwealth's achievement of the goals set out in KRS 164.003(2);

(2) Sections 1 to 20 of this Act does not apply to a transaction to the extent it is governed by:

(a) A law governing the creation and execution of wills, codicils, or testamentary trusts;

(b) KRS Chapter 355 other than KRS 355.1-107 and 355.1-206, and Articles 2 and 2A of KRS Chapter 355;

(3) Sections 1 to 20 of this Act applies to an electronic record or electronic signature otherwise excluded from the application of Sections 1 to 20 of this Act under subsection (2) of this section to the extent it is governed by a law other than those specified in subsection (2) of this section.

(4) A transaction subject to Sections 1 to 20 of this Act is also subject to other applicable substantive law.

SECTION 4. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

Sections 1 to 20 of this Act applies to any electronic record or electronic signature created, generated, sent, communicated, received, or stored on or after the effective date of this Act.

SECTION 5. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) Sections 1 to 20 of this Act does not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

(2) Sections 1 to 20 of this Act applies only to transactions between parties each of which has agreed to conduct transactions by electronic means. Whether the parties agree to conduct a transaction by electronic means is determined from the context and surrounding circumstances, including the parties' conduct.

(3) A party that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means. The right granted by this subsection may not be waived by agreement.

(4) Except as otherwise provided in Sections 1 to 20 of this Act, the effect of any of its provisions may be varied by agreement. The presence in certain provisions of Sections 1 to 20 of this Act of the words "unless otherwise agreed," or words of similar import, does not imply that the effect of other provisions may not be varied by agreement.

(5) Whether an electronic record or electronic signature has legal consequences is determined by Sections 1 to 20 of this Act and other applicable law.

SECTION 6. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

Sections 1 to 20 of this Act must be construed and applied:

(1) To facilitate electronic transactions consistent with other applicable law;

(2) To be consistent with reasonable practices concerning electronic transactions and with the continued expansion of those practices; and

(3) To effectuate its general purpose to make uniform the law with respect to the subject of Sections 1 to 20 of this Act among states enacting it.

SECTION 7. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.

(2) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.

(3) If a law requires a record to be in writing, an electronic record satisfies the law.

(4) If a law requires a signature, an electronic signature satisfies the law.

SECTION 8. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, the requirement is satisfied if the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record.

(2) If a law other than Sections 1 to 20 of this Act requires a record to be posted or displayed in a certain manner, to be sent, communicated, or transmitted by a specified method, or to contain information that is formatted in a certain manner, the following rules apply:

  (a) The record must be posted or displayed in the manner specified in the other law.

  (b) Except as otherwise provided in subsection (4)(b) of this section, the record must be sent, communicated, or transmitted by the method specified in the other law.

  (c) The record must contain the information formatted in the manner specified in the other law.

(3) If a sender inhibits the ability of a recipient to store or print an electronic record, the electronic record is not enforceable against the recipient.

(4) The requirements of this section may not be varied by agreement, but:

  (a) To the extent a law other than Sections 1 to 20 of this Act requires information to be provided, sent, or delivered in writing but permits that requirement to be varied by agreement, the requirement under subsection (1) of this section that the information be in the form of an electronic record capable of retention may also be varied by agreement; and

  (b) A requirement under a law other than Sections 1 to 20 of this Act to send, communicate, or transmit a record by United States mail may be varied by agreement to the extent permitted by the other law.

SECTION 9. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the

person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable.

(2) The effect of an electronic record or electronic signature attributed to a person under subsection (1) of this section is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.

SECTION 10. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

If a change or error in an electronic record occurs in a transmission between parties to a transaction, the following rules apply:

(1) If the parties have agreed to use a security procedure to detect changes or errors and one party has conformed to the procedure, but the other party has not, and the nonconforming party would have detected the change or error had that party also conformed, the conforming party may avoid the effect of the changed or erroneous electronic record.

(2) In an automated transaction involving an individual, the individual may avoid the effect of an electronic record that resulted from an error made by the individual in dealing with the electronic agent of another person if the electronic agent did not provide an opportunity for the prevention or correction of the error and, at the time the individual learns of the error, the individual:

(a) Promptly notifies the other person of the error and that the individual did not intend to be bound by the electronic record received by the other person;

(b) Takes reasonable steps, including steps that conform to the other person's reasonable instructions, to return to the other person or, if instructed by the other person, to destroy the consideration received, if any, as a result of the erroneous electronic record; and

(c) Has not used or received any benefit or value from the consideration, if any, received from the other person.

(3) If neither subsection (1) of this section nor subsection (2) of this section applies, the change or error has the effect provided by other law, including the law of mistake, and the parties' contract, if any.

(4) Subsections (2) and (3) of this section may not be varied by agreement.

SECTION 11. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

If a law requires a signature or record to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record.

SECTION 12. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) If a law requires that a record be retained, the requirement is satisfied by retaining an electronic record of the information in the record which:

(a) Accurately reflects the information set forth in the record after it was first generated in its final form as an electronic record or otherwise; and

(b) Remains accessible for later reference.

(2) A requirement to retain a record in accordance with subsection (1) of this section does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.

(3) A person may satisfy subsection (1) of this section by using the services of another person if the requirements of that subsection are satisfied.

(4) If a law requires a record to be presented or retained in its original form, or provides consequences if the record is not presented or retained in its original form, that law is satisfied by an electronic record retained in accordance with subsection (1) of this subsection.

(5) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with subsection (1) of this subsection.

(6) A record retained as an electronic record in accordance with subsection (1) of this section satisfies a law requiring a person to retain a record for evidentiary, audit, or like purposes, unless a law enacted after the effective date of Sections 1 to 20 of this Act specifically prohibits the use of an electronic record for the specified purpose.

(7) This section does not preclude a governmental agency of this state from specifying additional requirements for the retention of a record subject to the agency's jurisdiction.

SECTION 13. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

In a proceeding, evidence of a record or signature may not be excluded solely because it is in electronic form.

SECTION 14. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

In an automated transaction, the following rules apply:

(1) A contract may be formed by the interaction of electronic agents of the parties, even if no individual was aware of or

reviewed the electronic agents' actions or the resulting terms and agreements.

(2) A contract may be formed by the interaction of an electronic agency and an individual, acting on the individual's own behalf or for another person, including by an interaction in which the individual performs actions that the individual is free to refuse to perform and which the individual knows or has reason to know will cause the electronic agent to complete the transaction or performance.

(3) The terms of the contract are determined by the substantive law applicable to it.

SECTION 15. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) Unless otherwise agreed between the sender and the recipient, an electronic record is sent when it:

(a) Is addressed properly or otherwise directed properly to an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;

(b) Is in a form capable of being processed by that system; and

(c) Enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender or enters a region of the information processing system designated or used by the recipient which is under the control of the recipient.

(2) Unless otherwise agreed between a sender and the recipient, an electronic record is received when:

(a) It enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record; and

(b) It is in a form capable of being processed by that system.

(3) Subsection (2) of this section applies even if the place the information processing system is located is different from the place the electronic record is deemed to be received under subsection (4) of this section.

(4) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is deemed to be sent from the sender's place of business and to be received at the recipient's place of business. For purposes of this subsection, the following rules apply:

(a) If the sender or recipient has more than one (1) place of business, the place of business of that person is the place having the closest relationship to the underlying transaction.

(b) If the sender or the recipient does not have a place of business, the place of business is the sender's or recipient's residence, as the case may be.

(5) An electronic record is received under subsection (2) of this section even if no individual is aware of its receipt.

(6) Receipt of an electronic acknowledgment from an information processing system described in subsection (2) of this section establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.

(7) If a person is aware than an electronic record purportedly sent under subsection (1) of this section, or purportedly received under subsection (2) of this section, was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, the requirements of this subsection may not be varied by agreement.

SECTION 16. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) In this section, "transferable record" means an electronic record that:

(a) Would be a note under Article 3 of KRS Chapter 355 or a document under Article 7 of KRS Chapter 355 if the electronic record were in writing; and

(b) The issuer of the electronic record expressly has agreed is a transferable record.

(2) A person has control of a transferable record if a system employed for evidencing the transfer of interests in the transferable record reliably establishes that person as the person to which the transferable record was issued or transferred.

(3) A system satisfies subsection (2) of this section, and a person is deemed to have control of a transferable record, if the transferable record is created, stored, and assigned in such a manner that:

(a) A single authoritative copy of the transferable record exists which is unique, identifiable, and, except as otherwise provided in paragraphs (d), (e), and (f) of this subsection, unalterable;

(b) The authoritative copy identifies the person asserting control as:

1. The person to which the transferable record was issued; or

2. If the authoritative copy indicates that the transferable record has been transferred, the person to which the transferable record was most recently transferred;

(c) The authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(d) Copies of revisions that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;

(e) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(f) Any revision of the authoritative copy is readily identifiable as authorized or unauthorized.

(4) Except as otherwise agreed, a person having control of a transferable record is the holder, as defined in KRS 355.1-201(20), of the transferable record and has the same rights and defenses as a holder of an equivalent record or writing under KRS Chapter 355, including, if the applicable statutory requirements under KRS 355.3-302(1), 355.7-501, or 355.9-308 are satisfied, the rights and defenses of a holder in due course, a holder to which a negotiable document of title has been duly negotiated, or a purchaser, respectively. Delivery, possession, and indorsement are not required to obtain or exercise any of the rights under this subsection.

(5) Except as otherwise agreed, an obligor under a transferable record has the same rights and defenses as an equivalent obligor under equivalent records or writing under KRS Chapter 355.

(6) If requested by a person against which enforcement is sought, the person seeking to enforce the transferable record shall provide reasonable proof that the person is in control of the transferable record. Proof may include access to the authoritative copy of the transferable record and related business records sufficient to review the terms of the transferable record and to establish the identity of the person having control of the transferable record.

SECTION 17. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

Each governmental agency of this Commonwealth shall determine whether, and the extent to which it will create electronic records. The Kentucky Department of Libraries and Archives shall determine whether, and the extent to which, the Commonwealth will retain electronic records and convert written records to electronic records.

SECTION 18. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in subsection (6) of section 12 of this Act, each governmental agency of this state, in compliance with standards established by the Governor's Office for Technology, shall determine whether, and the extent to which, it will send and accept electronic records and electronic signatures to and from other persons and otherwise create, generate, communicate, store, process, use, and rely upon electronic records and electronic signatures.

(2) To the extent that a governmental agency uses electronic records and electronic signatures under subsection (1) of this section:

(a) The Governor's Office for Technology, giving due consideration to security, may specify the manner and format in which the electronic records must be created, generated, sent, communicated, received, and stored and the systems established for those purposes;

(b) If electronic records must be signed by electronic means, each governmental agency, giving due consideration to security, may specify the type of electronic signature required, the manner and format in which the electronic signature must be affixed to the electronic record, and the identity of, or criteria that must be met by, any third party used by a person filing a document to facilitate the process;

(c) The Governor's Office for Technology and the Department for Libraries and Archives, giving due consideration to security, may specify control processes and procedures as appropriate to ensure adequate preservation, disposition, integrity, security, confidentiality, and auditability of electronic records; and

(d) Each governmental agency, giving due consideration to security, may specify any other required attributes for electronic records which are specified for corresponding nonelectronic records or reasonably necessary under the circumstances.

(3) Except as otherwise provided in subsection (6) of Section 12 of this Act, Sections 1 to 20 of this Act does not require a governmental agency of this state to use or permit the use of electronic records or electronic signatures.

SECTION 19. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

The Governor's Office for Technology which adopts standards pursuant to subsection (2)(a) of Section 18 of this Act may encourage and promote consistency and interoperability with similar requirements adopted by other governmental agencies of this and other states and the federal government and nongovernmental persons interacting with governmental agencies of this state. If appropriate, those standards may specify differing levels of standards from which governmental agencies of this state may choose in implementing the most appropriate standard for a particular application.

SECTION 20. A NEW SECTION OF KRS CHAPTER 369 IS CREATED TO READ AS FOLLOWS:

If any provision of Sections 1 to 20 of this Act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of Sections 1 to 20 of this Act which can be given effect without the invalid

provision or application, and to this end the provisions of Sections 1 to 20 of this Act are severable.

Section 21. The following KRS sections are repealed:

369.010 Legislative intent of KRS 369.010 to 369.030.

369.020 Definitions for KRS 369.010 to 369.030.

369.030 Use of electronic record or electronic signature -- Construction and scope of KRS 369.010 to 369.030.

Section 22. Sections 1 to 20 of this Act applies to contracts created or renegotiated on and after the effective date of this Act. To the extent that Sections 1 to 20 of this Act may be inconsistent, and notwithstanding the repeal of KRS 369.010 to 369.030 contained in Section 21 of this Act, contracts based on those statutes shall continue in force under their terms until they expire or are renegotiated, and the application of those statutes to such contracts shall continue as if the specified statutes had not been repealed.

Section 23. If the General Assembly enacts the revised version of Article 9 of the Uniform Commercial Code during this 2000 Regular Session and that legislation becomes law, the reference to KRS 355.9-308 in subsection (4) of Section 16 of this Act shall be changed to 355.9-330, as of the effective date of revised Article 9, to reflect the location of the relevant text in the revised Article 9.

Section 24. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 65.7623 is amended to read as follows:

(1) There is hereby created the Commercial Mobile Radio Service Emergency Telecommunications Board of Kentucky, the "CMRS Board," consisting of ***nine (9)***[~~eight (8)~~] members, appointed by the Governor as follows: ***one (1) member shall be an operational officer responsible for a PSAP with enhanced 911 capabilities;*** three (3) members shall be employed by or representative of the interest of CMRS providers; one (1) member shall be a mayor of a city of the first or second class or urban-county government or their designee containing a public safety answering point; one (1)[~~ nonvoting~~] member shall be appointed from a list of local exchange landline telephone companies' representatives submitted by the Kentucky Telephone Association; and one (1) member shall be appointed from lists of candidates submitted to the Governor by the Kentucky Emergency Number Association and the Association of Public Communications Officials. Any vacancy on the board shall be filled in the same manner as the original appointment.

(2) The commissioner and administrator shall serve by virtue of their office. The other members shall be appointed no later than August 15, 1998, for a term of four (4) years and until their successors are appointed and qualified, except that of the first appointments, one (1) shall be for a term of one (1) year, one (1) shall be for a term of two (2) years, one (1) for a term of three (3) years, and two (2) shall be for a term of four (4) years.

(3) In addition to the administrator, appointed by the Governor under KRS 65.7625, and other staff authorized under KRS 65.7629, the Finance and Administration Cabinet shall provide staff services and carry out administrative duties and functions as directed by the board. The board shall be attached to the Finance and Administration Cabinet for administrative purposes only and shall operate as an independent entity within state government.

(4) The board members shall serve without compensation but shall be reimbursed in accordance with KRS 45.101 for expenses incurred in connection with their official duties as members of the board.

(5) All administrative costs and expenses incurred in the operation of the board, including payments under subsection (4) of this section, shall be paid from that portion of the CMRS fund that is authorized under KRS 65.7631 to be used by the board for administrative purposes.

Section 2. KRS 65.7631 is amended to read as follows:

The moneys in the CMRS fund shall be apportioned among the approved uses of the fund as specified in this section. The board shall make individual disbursements from the fund upon such terms and conditions necessary in view of the amount of revenues on deposit at the time each request for disbursement is reviewed and approved.

(1) Not more than ***five***[~~two and one-half~~] percent ***(5%)***[~~(2.5%)~~] of the total monthly revenues deposited into the CMRS fund shall be disbursed or reserved for disbursement by the board to pay the administrative costs and expenses incurred in the operation of the board, including the compensation of the administrator and expenses incurred pursuant to KRS 65.7629(10), (11), and (13).

(2) From the balance of the total monthly revenues deposited into the CMRS fund after the amounts disbursed or reserved for disbursement under subsection (1) of this section have been subtracted, fifty percent (50%) shall be distributed to PSAPs eligible to receive disbursement from the CMRS fund under subsection (4) of this section who actually request disbursement, as follows:

(a) Twenty-five percent (25%) shall be distributed according to the "PSAP pro rata formula," whereby each receives a percentage determined by dividing one (1) by the total number of PSAPs eligible to request and actually requesting disbursements under subsection (4) of this section; and

(b) Twenty-five percent (25%) shall be distributed according to the "PSAP volume formula," whereby each receives a percentage determined by dividing the number of wireless E911 calls received by that PSAP in the previous quarter by the total number of wireless E911 calls received in the previous quarter by all PSAPs located within the boundaries of the Commonwealth that are eligible to receive and actually requesting disbursements under subsection (4) of this section.

All amounts distributed to PSAPs under this subsection shall be used by the PSAPs solely for the purposes of answering, routing, and properly disposing of CMRS 911 calls, ***training PSAP staff, public education concerning appropriate use of 911,*** and of complying with the wireless E911 service requirements established by the FCC order and any rules and regulations which are or may be adopted by the Federal Communications Commission pursuant to the FCC order, including the payment of costs and expenses incurred in designing, upgrading, purchasing, leasing, programming, testing, installing, or maintaining all necessary data, hardware, and software required in order to provide wireless E911 service.

(3) The balance of the total monthly revenues deposited into the CMRS fund which remains after the disbursements or disbursement reservations prescribed by subsections (1) and (2) of this section have been made shall be distributed to CMRS providers licensed to do business in the Commonwealth solely for the purpose of reimbursing the actual expenses incurred by the CMRS providers in complying with the wireless E911 service requirements established by the FCC order and any rules and regulations which are or may be adopted by the Federal Communications Commission in carrying out the FCC order, including, but not limited to, costs and expenses incurred for designing, upgrading, purchasing, leasing, programming, testing, installing, or maintaining all necessary data, hardware, and software required in order to provide wireless E911 service. Sworn invoices shall be presented to the board in connection with any request for reimbursement under this subsection, and approval by a majority vote of the board shall be required prior to any disbursement, which approval shall not be withheld unreasonably. In no event shall any invoice for reimbursement be approved for payment of costs that are not related to compliance with requirements established by the FCC order, or for payment of any costs incurred by a CMRS provider exceeding one hundred twenty-five percent (125%) of the CMRS emergency service charges remitted by that CMRS provider, unless prior approval for the expenditures was given by the CMRS Board. If the total amount of invoices submitted to the CMRS Board and approved for payment exceeds the amount in the CMRS fund in any month, CMRS providers that have invoices approved for payment shall receive a pro rata share of the fund available that month, based on approved invoices, and the balance of the payments shall be carried over to the following months until all of the approved payments are made.

(4) Notwithstanding any other provision of the law, no PSAP shall be eligible to request or receive a disbursement from the CMRS fund under subsection (2) of this section unless and until the PSAP:

(a) Is expressly certified as a PSAP by the CMRS Board, upon written application to the CMRS Board;

(b) Demonstrates that the PSAP is providing 911 services to a local government that has adopted an ordinance either imposing a special tax, license, or fee as authorized by KRS 65.760(3) or has established other means of funding wireline 911 emergency telephone service;

(c) Demonstrates that the administrator of the PSAP sent a request for wireless, E911 service to a CMRS provider, and that the infrastructure of the local exchange carrier will support wireless E911 service;

(d) Provides an accounting of the number of wireless E911 calls received by the PSAP during the prior calendar year; and

(e) Either demonstrates that the PSAP has made the investment which is necessary to allow the PSAP to receive and utilize the data elements associated with wireless E911 service, or provides to the board a binding resolution, duly adopted by the governing authority of the PSAP, committing the PSAP to expend funds to lease or purchase emergency telephone equipment, including necessary computer hardware and software, for database provisioning, for addressing, and for the other nonrecurring costs of establishing wireless E911 service.

HB 692, AN ACT relating to the Board of Claims.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 44 IS CREATED TO READ AS FOLLOWS:

No claim shall be brought before the board unless the value of the total amount of damages claimed therein is one hundred dollars ($100) or greater.

Section 2. KRS 44.086 is amended to read as follows:

(1) The board may require affected state agencies to investigate claims and the incidents on which they are based and to furnish to the board and the claimant in writing the facts learned by investigation. Such response shall be sufficiently specific to support a decision by the board to pay or deny the claim. If the agency believes the state should refute a claim, the agency shall cite the facts about the incident that support its belief.

(2) If the claim is under one thousand dollars ($1,000) it will be investigated by the board in-house and if the board believes it needs additional facts before deciding the claim, the parties may provide the needed information by letter or as directed by the board.

(3) The board shall hold hearings on contested claims whose value is ***one thousand***~~[five hundred]~~ dollars ***($1,000)***~~[($500)]~~ or greater but may decide claims under ***one thousand***~~[five hundred]~~ dollars ***($1,000)***~~[($500)]~~ without a hearing.

(4) At its hearings, the board, or any of its members, or any of its hearing officers shall hear the parties at issue and their representatives and witnesses.

(5) The award or order shall be made by the board or by a member assigned by the chairman within thirty (30) days after final submission, except in cases involving large or complicated records or unusual questions of law, and shall be made within ninety (90) days after final submission in any event. The order or award, together with a statement of the findings of fact, rulings of law and other matters pertinent to the question at issue shall be filed with the record of the claim and a copy of the order or award shall immediately be sent to the parties in dispute.

(6) If an application for review is made to the board within fourteen (14) days from the date of the order or award, the full board, if the first decision was not made by the full board, shall, as soon as practicable, review the evidence, or, if deemed advisable, hear the parties at issue, their representatives and witnesses, and shall make an order or award and file it as specified in subsection (5) above.

Section 3. KRS 44.140 is amended to read as follows:

(1) Appeals may be taken by a state agency from all awards of the board where the amount in controversy, exclusive of interest and costs, is more than ***one thousand***~~[five hundred]~~ dollars ***($1,000)***~~[($500)]~~. Appeals shall be taken to the Circuit Court of the county wherein the hearing was conducted, provided, however, that an appeal involving a nonresident claimant may be taken by a state agency to the Franklin Circuit Court with the approval of the board. No state agency can appeal any decision of the board without securing the prior approval of the Attorney General. Appeals shall be taken within forty-five (45) days from the rendition of the award, and the method of appeals shall follow as nearly as may be the rules of civil procedure, except the Commonwealth shall not be required to execute bond.

(2) Any claimant whose claim is ***one thousand***~~[five hundred]~~ dollars ***($1,000)***~~[($500)]~~ or greater may within forty-five (45) days after receipt of the copy of the report containing the final decision of the board, file a proceeding in the Circuit Court of the county wherein the hearing was conducted to review the decision of the board. A copy of the filing and complaint shall be served on the Attorney General in the manner provided by the rules of civil procedure.

(3) The board, the state agency and the claimant shall be necessary parties to such appeals. It shall not be necessary for the board to file responsive pleadings unless it so desires.

(4) The executive director of the board shall within thirty (30) days after service of the summons file the entire original record properly bound, with the clerk of the Circuit Court, after certifying that such record is the board's entire original record and such record shall be considered by the Circuit Court in its review. If either party requests a transcript of the evidence in writing, the requesting party shall bear the cost of the original copy of the transcript and it shall be furnished within ninety (90) days from the date of the written request.

(5) On appeal no new evidence may be introduced, except as to fraud or misconduct of some person engaged in the hearing before the board. The court sitting without a jury shall hear the cause upon the record before it, and dispose of the appeal in a summary manner, being limited to determining: Whether or not the board acted without or in excess of its powers; the award was procured by fraud; the award is not in conformity to the provisions of KRS 44.070 to 44.160; and whether the findings of fact support the award. The court shall enter its findings on the order book as a judgment of the court, and such judgment shall have the same effect and be enforceable as any other judgment of the court in civil causes.

HB 694, AN ACT relating to the Crime Victims Compensation Board.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 346 IS CREATED TO READ AS FOLLOWS:

A domestic violence or child abuse victim of criminally injurious conduct may receive a one (1) time payment of up to five hundred dollars ($500) for payment of relocation expenses, provided satisfactory documentation of the expenses related to the relocation is provided to the Board.

SECTION 2. A NEW SECTION OF KRS CHAPTER 346 IS CREATED TO READ AS FOLLOWS:

To be eligible for compensation under this chapter, a victim or claimant shall have incurred and claim at least one hundred dollars ($100) in either medical expenses or lost wages, or a combination thereof, attributable to the criminally injurious conduct for which compensation is sought.

Section 3. KRS 346.020 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Board" means the Crime Victims Compensation Board;

(2) "Child" means any person less than eighteen (18) years of age;

(3) "Claimant" means any of the following claiming compensation under this chapter: a victim, a dependent of a deceased victim, a third person other than a collateral source, or an authorized person acting on behalf of any of them who is legally responsible for the expenses incurred by the victim as a result of the crime committed against the victim;

(4) "Criminally injurious conduct" means conduct that occurs or is attempted in this jurisdiction, poses a substantial threat of personal physical, psychological injury, or death, and is punishable by fine, imprisonment, or death. Criminally injurious conduct shall include an act of terrorism, as defined in 18 U.S.C. sec. 2331, committed outside of the United States against a resident of Kentucky. Acts which, but for the insanity or mental irresponsibility or lack of capacity of the perpetrator, would constitute criminal conduct shall be deemed to be criminally injurious conduct. The operation of a motor vehicle, motorcycle, train, boat, aircraft, or other vehicle in violation of law does not constitute a criminally injurious conduct unless the injury or death was intentionally inflicted***,***~~[or]~~ involved a violation of KRS 189A.010***, or injury or death to a pedestrian resulted from the conduct***~~[driving under the influence]~~;

(5) "Family," when used with reference to a person, shall mean:

(a) Any person related to such person within the third degree of consanguinity;

(b) Any person maintaining a sexual relationship with such person; or

(c) Any person residing in the same household with such person; and

(6) (a) "Victim" means a~~[needy]~~ person who suffers personal physical or psychological injury or death from a criminal act in Kentucky as a result of:

1. Criminally injurious conduct;

2. A good faith effort to prevent criminally injurious conduct; or

3. A good faith effort to apprehend a person reasonably suspected of engaging in criminally injurious conduct.

(b) "Victim" shall also mean a resident who is a victim of a crime occurring outside this state if:

1. The crime would be compensable had it occurred inside this state; and

2. The crime occurred in a state which does not have a crime victim compensation program, for which the victim is eligible as eligibility is set forth in KRS 346.050.

(c) "Victim" shall also mean a resident of this state who is injured or killed by an act of terrorism, as defined in 18 U.S.C. sec. 2331, committed outside the United States.

Section 4. KRS 346.050 is amended to read as follows:

(1) Except as provided in subsections (2)***, (3), and (4)***~~[and (3)]~~ of this section, the following persons shall be eligible for awards pursuant to this chapter:

(a) A victim of criminally injurious conduct;

(b) A surviving spouse, parent, or child of a victim of criminally injurious conduct who died as a direct result of such conduct;

(c) Any other person dependent for his principal support upon a victim of criminally injurious conduct who died as a direct result of such crime; and

(d) Any person who is legally responsible for the medical expenses or funeral expenses of a victim.

(2) No victim or dependent shall be denied compensation solely because he is a relative of the offender or was living with the offender as a family or household member at the time of the injury or death. However, the board may award compensation to a victim or dependent who is a relative, family or household member of the offender only if the board can reasonably determine the offender will not receive significant economic benefit or unjust enrichment from the compensation.

(3) No compensation of any kind shall be awarded when injury occurred while the victim was confined in any state, county, urban-county, or city jail, prison, or other correctional facility, or any state institution maintained and operated by the

Cabinet for Health Services.

(4) No compensation of any kind shall be awarded to a claimant who has been convicted of a felony involving violence or controlled substances within the ten (10) years preceding the date of the crime for which compensation is sought.

Section 5. KRS 346.080 is amended to read as follows:

(1) A claim, when accepted for filing, shall be assigned by the clerk of the board to an investigator for investigation. All claims arising from the death of an individual as a direct result of a crime shall be considered together.

(2) The investigator to whom such claim is assigned shall examine the papers filed in support of the claim and the validity of the claim. The investigation shall include, but not be limited to, an examination of police, court, and official records and reports concerning the crime.

(3) If the mental, physical, or emotional condition of a victim or claimant is material to a claim, the board may order the victim or claimant to submit to a mental or physical examination by a physician or psychiatrist, and may order an autopsy of a deceased victim. A report upon an examination shall be filed with the investigator setting out findings, including results of all tests made, diagnosis, prognosis, and other conclusions.

(4) For purposes of this chapter, there is no privilege, except privileges arising from the attorney-client relationship, as to communications or records relevant to an issue of the physical, mental, or emotional condition of the claimant or victim in a proceeding under this chapter in which that condition is an element.

(5) Claims shall be investigated and determined, regardless of whether the alleged criminal has been apprehended or prosecuted for or convicted of any crime based upon the same incident, or has been acquitted, or found not guilty of the crime in question owing to criminal irresponsibility or other legal exemption.

(6) Upon completion of the investigator's report, the claim shall be assigned to a board member who may decide the claim in favor of a claimant in the amount claimed on the basis of the papers filed in support thereof and the report of the investigation of the claim within thirty (30) days of the assignment of the claim. If the board member is unable to decide the claim upon the basis of the papers and the report, he shall order a hearing. The hearing shall be conducted in accordance with KRS Chapter 13B.

(7) After examining the papers filed in support of the claim and the report of investigation, and after a hearing, if any, the board member to whom the claim was assigned shall issue a recommended order either granting an award pursuant to KRS 346.130 or deny the claim. The board shall review the recommended order and any exceptions filed to it, and shall by majority vote issue a final order.

(8) ***If the Attorney General or claimant first petitions the board to reconsider*** a final order of the board ***issued in accordance with subsection (7) of this section, the board's final determination on reconsideration, and only that decision,*** may be appealed by the Attorney General or a claimant by filing a petition for judicial review in Franklin Circuit Court in accordance with KRS Chapter 13B.

Section 6. KRS 346.130 is amended to read as follows:

(1) No award shall be made unless the board or board member, as the case may be, finds that:

- (a) Criminally injurious conduct occurred;
- (b) Such criminally injurious conduct resulted in personal physical or psychological injury to, or death of, the victim; and
- (c) Police records show that such crime was promptly reported to the proper authorities; and in no case may an award be made where the police records show that such report was made more than forty-eight (48) hours after the occurrence of such crime unless the board, for good cause shown, finds the delay to have been justified.

(2) The board upon finding that the claimant or victim has not fully cooperated with appropriate law enforcement agencies shall deny, reconsider, or reduce an award.

(3) Any award made pursuant to this chapter shall be in an amount not exceeding out-of-pocket expenses, including indebtedness reasonably incurred for medical or other services, including mental health counseling, necessary as a result of the injury upon which the claim is based, together with loss of earnings or support resulting from such injury. ***The board may include reimbursement for mileage at the rate provided for state employees incurred by a victim who is required to travel more than fifty (50) miles from the victim's residence to obtain medical treatment or mental health counseling, up to a maximum of two hundred dollars ($200) per claim or incident.*** Mental health counseling shall be paid for a maximum of ***either twenty-six (26) sessions or a period of six (6) months, whichever occurs first. Rates for therapy shall be reimbursed at a rate no greater than sixty dollars ($60) an hour for therapy from a licensed therapist, seventy-five dollars ($75) an hour for therapy received from a doctoral level therapist or a therapist who is also a licensed medical doctor, and twenty-five dollars ($25) a session for group or family therapy. The maximum reimbursement for mental health counseling for a primary victim of criminally injurious conduct shall be five thousand dollars ($5,000), with a two thousand dollar ($2,000) maximum benefit for secondary victims, including spouses, parents, or siblings of a homicide victim and the parent or sibling of a minor who is the victim of a sex crime. Reimbursement for mental health counseling shall be available***[~~two (2) years, but~~] only after proper documentation is

submitted to the board stating what treatment is planned and for what period of time. The board shall have the power to discontinue mental health counseling at any time within the two (2) year period. Replacement of eyeglasses and other corrective lenses shall be included in an award, provided they were broken or damaged during the crime.

(4) Any award made for loss of earnings or support shall, unless reduced pursuant to other provisions of this chapter be in an amount equal to the actual loss sustained; provided, however, that no such award shall exceed ***an amount calculated by multiplying the federally mandated minimum hourly wage by forty (40)***~~[one hundred fifty dollars ($150)]~~ for each week of lost earnings or support. The claimant or victim must have been employed at the time the crime occurred. Said employment shall be verified by the staff of the board after information is provided by the claimant or victim. Should the claimant or victim fail to supply the board with the information requested, the portion of the claim for lost wages or support shall be denied. If there are two (2) or more persons entitled to an award as a result of the injury or death of a person which is the direct result of criminally injurious conduct, the award shall be apportioned by the board among the claimants.

(5) The board is authorized to set a reasonable limit for the payment of funeral and burial expenses which shall include funeral costs, a monument, and grave plot. In no event shall an award for funeral expenses exceed five thousand dollars ($5,000).

(6) Any award made under this chapter shall not exceed twenty-five thousand dollars ($25,000).

(7) No award shall be made for any type of property loss or damage.

Section 7. KRS 346.140 is amended to read as follows:

(1) Any award made pursuant to this chapter shall ***not include***~~[be reduced by]~~ the amount of any payments received or to be received by the claimant as a result of the injury from the following sources:

  (a) From or on behalf of the person who committed the crime;
  (b) Under insurance programs mandated by law;
  (c) From public funds;
  (d) Under any contract of insurance wherein the claimant is the insured or beneficiary; and
  (e) As an emergency award pursuant to KRS 346.120.

(2) In determining the amount of an award, the board or board member, as the case may be shall determine whether, because of his conduct, the victim of such crime contributed to the infliction of his injury, and the board or board member shall reduce the amount of the award or reject the claim altogether, in accordance with such determination; provided, however, that the board or board member, as the case may be, may disregard for this purpose the responsibility of the victim for his own injury where the record shows that such responsibility was attributable to efforts by the victim to prevent a crime or an attempted crime from occurrence in his presence or to apprehend a person who had committed a crime in his presence or had in fact committed a felony. The board or board members may request that either the county attorney or Commonwealth's attorney or both state whether in their opinion, the victim suffered injuries as the result of a crime and has cooperated with the prosecution and law enforcement authorities. The board or board member shall not be bound by such opinions and recommendations and if needed may order a further investigation of the claim.

(3) The board or board member may consider whether the claimant's injuries were the ordinary and foreseeable result of unlawful and criminal activities in determining the claimant's eligibility for an award.~~[If the board or board member, as the case may be, finds that the claimant will not suffer serious financial hardships, as a result of the loss of earnings or support and the out-of-pocket expenses incurred as a result of the injury, if not granted financial assistance pursuant to this chapter to meet such loss of earnings, support or out-of-pocket expenses, the board or board member shall deny an award. In determining such serious financial hardship, the board or board member shall consider all of the financial resources of the claimant. The board shall establish specific standards by rule for determining such serious financial hardships.]~~

To be eligible for compensation under this chapter, a victim or claimant shall have incurred and claim at least one hundred dollars ($100) in either medical expenses or lost wages, or a combination thereof, attributable to the criminally injurious conduct for which compensation is sought.

(2) "Child" means any person less than eighteen (18) years of age;

(3) "Claimant" means any of the following claiming compensation under this chapter: a victim, a dependent of a deceased victim, a third person other than a collateral source, or an authorized person acting on behalf of any of them who is legally responsible for the expenses incurred by the victim as a result of the crime committed against the victim;

(4) "Criminally injurious conduct" means conduct that occurs or is attempted in this jurisdiction, poses a substantial threat of personal physical, psychological injury, or death, and is punishable by fine, imprisonment, or death. Criminally injurious conduct shall include an act of terrorism, as defined in 18 U.S.C. sec. 2331, committed outside of the United States against a resident of Kentucky. Acts which, but for the insanity or mental irresponsibility or lack of capacity of the perpetrator, would constitute criminal conduct shall be deemed to be criminally injurious conduct. The operation of a motor vehicle, motorcycle, train, boat, aircraft, or other vehicle in violation of law does not constitute[~~ a~~] criminally injurious conduct unless the injury or death was intentionally inflicted,[~~ or~~] involved a violation of KRS 189A.010, ***or the injury or death was inflicted upon a pedestrian or other bystander not in a motor vehicle, motorcycle, train, boat, aircraft, or other vehicle***[~~ driving under the influence~~];

(5) "Family," when used with reference to a person, shall mean:

- (a) Any person related to such person within the third degree of consanguinity;
- (b) Any person maintaining a sexual relationship with such person; or
- (c) Any person residing in the same household with such person; and

(6) (a) "Victim" means a[~~ needy~~] person who suffers personal physical or psychological injury or death from a criminal act in Kentucky as a result of:

  1. Criminally injurious conduct;
  2. A good faith effort to prevent criminally injurious conduct; or
  3. A good faith effort to apprehend a person reasonably suspected of engaging in criminally injurious conduct.

(b) "Victim" shall also mean a resident who is a victim of a crime occurring outside this state if:

  1. The crime would be compensable had it occurred inside this state; and
  2. The crime occurred in a state which does not have a crime victim compensation program, for which the victim is eligible as eligibility is set forth in KRS 346.050.

(c) "Victim" shall also mean a resident of this state who is injured or killed by an act of terrorism, as defined in 18 U.S.C. sec. 2331, committed outside the United States.

Section 4. KRS 346.080 is amended to read as follows:

(1) A claim, when accepted for filing, shall be assigned by the clerk of the board to an investigator for investigation. All claims arising from the death of an individual as a direct result of a crime shall be considered together.

(2) The investigator to whom such claim is assigned shall examine the papers filed in support of the claim and the validity of the claim. The investigation shall include, but not be limited to, an examination of police, court, and official records and reports concerning the crime.

(3) If the mental, physical, or emotional condition of a victim or claimant is material to a claim, the board may order the victim or claimant to submit to a mental or physical examination by a physician or psychiatrist, and may order an autopsy of a deceased victim. A report upon an examination shall be filed with the investigator setting out findings, including results of all tests made, diagnosis, prognosis, and other conclusions.

(4) For purposes of this chapter, there is no privilege, except privileges arising from the attorney-client relationship, as to communications or records relevant to an issue of the physical, mental, or emotional condition of the claimant or victim in a proceeding under this chapter in which that condition is an element.

(5) Claims shall be investigated and determined, regardless of whether the alleged criminal has been apprehended or prosecuted for or convicted of any crime based upon the same incident, or has been acquitted, or found not guilty of the crime in question owing to criminal irresponsibility or other legal exemption.

(6) Upon completion of the investigator's report, the claim shall be assigned to a board member who may decide the claim in favor of a claimant in the amount claimed on the basis of the papers filed in support thereof and the report of the investigation of the claim within thirty (30) days of the assignment of the claim. If the board member is unable to decide the claim upon the basis of the papers and the report, he shall order a hearing. The hearing shall be conducted in accordance with KRS Chapter 13B.

(7) After examining the papers filed in support of the claim and the report of investigation, and after a hearing, if any, the

board member to whom the claim was assigned shall issue a recommended order either granting an award pursuant to KRS 346.130 or deny the claim. The board shall review the recommended order and any exceptions filed to it, and shall by majority vote issue a final order.

(8) ***If the Attorney General or claimant first petitions the board to reconsider*** a final order of the board ***issued in accordance with subsection (7) of this section, the board's final determination on reconsideration, and only that decision,*** may be appealed by the Attorney General or a claimant by filing a petition for judicial review in Franklin Circuit Court in accordance with KRS Chapter 13B.

Section 5. KRS 346.130 is amended to read as follows:

(1) No award shall be made unless the board or board member, as the case may be, finds that:

(a) Criminally injurious conduct occurred;

(b) Such criminally injurious conduct resulted in personal physical or psychological injury to, or death of, the victim; and

(c) Police records show that such crime was promptly reported to the proper authorities; and in no case may an award be made where the police records show that such report was made more than forty-eight (48) hours after the occurrence of such crime unless the board, for good cause shown, finds the delay to have been justified.

(2) The board upon finding that the claimant or victim has not fully cooperated with appropriate law enforcement agencies shall deny, reconsider, or reduce an award.

(3) Any award made pursuant to this chapter shall be in an amount not exceeding out-of-pocket expenses, including indebtedness reasonably incurred for medical or other services, including mental health counseling, necessary as a result of the injury upon which the claim is based, together with loss of earnings or support resulting from such injury. ***The board may include reimbursement for mileage at the rate provided for state employees incurred by a victim who is required to travel more than fifty (50) miles from the victim's residence to obtain medical treatment or mental health counseling, up to a maximum of two hundred dollars ($200) per claim or incident.*** Mental health counseling shall be paid for a maximum of two (2) years, but only after proper documentation is submitted to the board stating what treatment is planned and for what period of time. The board shall have the power to discontinue mental health counseling at any time within the two (2) year period. ***The board may, by promulgation of administrative regulations, set maximum rates for reimbursement of mental health services.*** Replacement of eyeglasses and other corrective lenses shall be included in an award, provided they were broken or damaged during the crime.

(4) Any award made for loss of earnings or support shall, unless reduced pursuant to other provisions of this chapter be in an amount equal to the actual loss sustained; provided, however, that no such award shall exceed ***an amount calculated by multiplying the federally mandated minimum hourly wage by forty (40)***[~~one hundred fifty dollars ($150)~~] for each week of lost earnings or support. The claimant or victim must have been employed at the time the crime occurred. Said employment shall be verified by the staff of the board after information is provided by the claimant or victim. Should the claimant or victim fail to supply the board with the information requested, the portion of the claim for lost wages or support shall be denied. If there are two (2) or more persons entitled to an award as a result of the injury or death of a person which is the direct result of criminally injurious conduct, the award shall be apportioned by the board among the claimants.

(5) The board is authorized to set a reasonable limit for the payment of funeral and burial expenses which shall include funeral costs, a monument, and grave plot. In no event shall an award for funeral expenses exceed five thousand dollars ($5,000).

(6) Any award made under this chapter shall not exceed twenty-five thousand dollars ($25,000) ***in total compensation to be received by a claimant from the fund***.

(7) No award shall be made for any type of property loss or damage.

Section 6. KRS 346.140 is amended to read as follows:

(1) ***(a) A claimant shall not receive compensation from the fund for the amount of damages covered by***[~~Any award made pursuant to this chapter shall be reduced by the amount of any~~] payments received or to be received by the claimant as a result of the injury from the following sources:

1.[~~(a)~~] From or on behalf of the person who committed the crime;

2.[~~(b)~~] Under insurance programs mandated by law;

3.[~~(c)~~] From public funds;

4.[~~(d)~~] Under any contract of insurance wherein the claimant is the insured or beneficiary; and

5.[~~(e)~~] As an emergency award pursuant to KRS 346.120.

(b) The claimant may still receive compensation from the fund for those damages for which no payment has been or will be received, up to the maximum amount as set out in subsection (6) of Section (6) of this Act.

(2) In determining the amount of an award, the board or board member, as the case may be shall determine whether, because

of his conduct, the victim of such crime contributed to the infliction of his injury, and the board or board member shall reduce the amount of the award or reject the claim altogether, in accordance with such determination; provided, however, that the board or board member, as the case may be, may disregard for this purpose the responsibility of the victim for his own injury where the record shows that such responsibility was attributable to efforts by the victim to prevent a crime or an attempted crime from occurrence in his presence or to apprehend a person who had committed a crime in his presence or had in fact committed a felony. The board or board members may request that either the county attorney or Commonwealth's attorney or both state whether in their opinion, the victim suffered injuries as the result of a crime and has cooperated with the prosecution and law enforcement authorities. The board or board member shall not be bound by such opinions and recommendations and if needed may order a further investigation of the claim.

(3) The board or board member may consider whether the claimant's injuries were the ordinary and foreseeable result of unlawful and criminal activities in determining the claimant's eligibility for an award.~~[If the board or board member, as the case may be, finds that the claimant will not suffer serious financial hardships, as a result of the loss of earnings or support and the out-of-pocket expenses incurred as a result of the injury, if not granted financial assistance pursuant to this chapter to meet such loss of earnings, support or out-of-pocket expenses, the board or board member shall deny an award. In determining such serious financial hardship, the board or board member shall consider all of the financial resources of the claimant. The board shall establish specific standards by rule for determining such serious financial hardships.]~~

The transfer shall be made on or before the date the tax is due ***using the debit method or other means as prescribed by the cabinet by the promulgation of an administrative regulation.***~~[and]~~ The cabinet may permit the filing of the tax return following the date of the tax payment. ***Payment by electronic fund transfer may be required if:***

(3) The cabinet shall promulgate administrative regulations establishing electronic fund transfer requirements for the payment of taxes and fees administered by the cabinet.

(4) The cabinet may waive the requirement that a qualifying taxpayer remit the payment by electronic fund transfer if the taxpayer is unable to remit funds electronically.

(5) Taxpayers and any other persons who are required to collect or remit taxes administered by the cabinet by electronic fund transfer shall be entitled to receive refunds for any overpayment of taxes or fees, on or after July 1, 2001, by electronic fund transfer.

Section 2. This Act takes effect on August 1, 2000.

HB 541, AN ACT relating to corporate income tax.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 141.200 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Affiliated group" means affiliated group as defined in Section 1504(a) of the Internal Revenue Code and related regulations;

(b) "Consolidated return" means a Kentucky corporation income tax return filed by members of an affiliated group in accordance with this section. The determinations and computations required by this chapter shall be made in accordance with the provisions of Section 1502 of the Internal Revenue Code and related regulations, except as required by differences between this chapter and the Internal Revenue Code. Corporations exempt from taxation under KRS 141.040 shall not be included in the return;

(c) "Separate return" means a Kentucky corporation income tax return in which only the transactions and activities of a single corporation are considered in making all determinations and computations necessary to calculate taxable net income, tax due, and credits allowed in accordance with the provisions of this chapter.

(2) Every corporation doing business in this state, except those exempt from taxation under KRS 141.040, shall, for each taxable year, file a separate return unless the corporation was, for any part of the taxable year, a member of an affiliated group electing to file a consolidated return in accordance with subsection (3) of this section.

(3) (a) An affiliated group, whether or not filing a federal consolidated return, may elect to file a consolidated return which includes all members of the affiliated group.

(b) An affiliated group electing to file a consolidated return under paragraph (a) of this subsection shall be treated for all purposes as a single corporation under the provisions of this chapter. All transactions between corporations included in the consolidated return shall be eliminated in computing net income in accordance with KRS 141.010(13), and in determining the property, payroll, and sales factors in accordance with KRS 141.120.

(c) Any election made in accordance with paragraph (a) of this subsection shall be made on a form prescribed by the cabinet and shall be submitted to the cabinet on or before the due date of the return including extensions for the first taxable year for which the election is made.

(d) Any election to file a consolidated return pursuant to paragraph (a) of this subsection shall be binding on both the cabinet and the affiliated group for a period beginning with the first month of the first taxable year for which the election is made and ending with the conclusion of the taxable year in which the ninety-sixth consecutive calendar month expires.

(e) For each taxable year for which an affiliated group has made an election in accordance with paragraph (a) of this subsection, the consolidated return shall include all corporations which are members of the affiliated group.

(4) Each corporation included as part of an affiliated group filing a consolidated return shall be jointly and severally liable for the income tax liability computed on the consolidated return, except that any corporation which was not a member of the affiliated group for the entire taxable year shall be jointly and severally liable only for that portion of the Kentucky consolidated income tax liability attributable to that portion of the year that the corporation was a member of the affiliated group.

(5) Every corporation return or report required by this chapter shall be executed by one (1) of the following officers of the corporation: the president, vice president, secretary, treasurer, assistant secretary, assistant treasurer, or chief accounting officer. The Revenue Cabinet may require a further or supplemental report of further information and data necessary for computation of the tax.

(6) In the case of a corporation doing business in this state that carries on transactions with stockholders or with other corporations related by stock ownership, by interlocking directorates, or by some other method, the cabinet shall require information necessary to make possible accurate assessment of the income derived by the corporation from sources within this state. To make possible such assessment, the cabinet may require the corporation to file supplementary returns showing information respecting the business of any or all individuals and corporations related by one (1) or more of these methods to the corporation. The cabinet may require the return to show in detail the record of transactions between the corporation and any or all other related corporations or individuals.

(7) Except as provided under subsection (3) of this section, nothing in this chapter shall be construed as allowing or requiring the filing of:

(a) A combined return under the unitary business concept; or

(b) A consolidated return.

(8) No assessment of additional tax due for any taxable year ending on or before December 31, 1994, made after December 22, 1994, and based on requiring a change from any initially filed separate return or returns to a combined return under the unitary business concept or to a consolidated return, shall be effective or recognized for any purpose. No corporation that on or before December 22, 1994, initially filed a separate return for any taxable year ending on or before December 31, 1994, shall be required to change from a separate return to a combined return under the unitary business concept or to a consolidated return for that taxable year.

(9) No claim for refund or credit of a tax overpayment for any taxable year ending on or before December, 31, 1994, made by an amended return or any other method after December 22, 1994, and based on a change from any initially filed

separate return or returns to a combined return under the unitary business concept or to a consolidated return, shall be effective or recognized for any purpose. No corporation that on or before December 22, 1994, initially filed a separate return for any taxable year ending on or before December 31, 1994, shall be allowed to file an amended return or otherwise change from a separate return to a combined return under the unitary business concept or to a consolidated return for that taxable year.

(10) No corporation or group of corporations shall be allowed to file a combined return under the unitary business concept or a consolidated return for any taxable year ending during the period January 1, 1994, to December 31, 1994, unless on or before December 22, 1994, the corporation or group of corporations filed an initial or amended return under the unitary business concept or consolidated return for a taxable year ending before January 1, 1994.

(11) This section shall not be construed to limit or otherwise impair the cabinet's authority under KRS 141.205.

Section 2. KRS 141.120 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Business income" means income arising from transactions and activity in the regular course of a trade or business of the corporation and includes income from tangible and intangible property if the acquisition, management, or disposition of the property constitutes integral parts of the corporation's regular trade or business operations;

(b) "Commercial domicile" means the principal place from which the trade or business of the corporation is managed;

(c) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid or payable to employees for personal services;

(d) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, investment company, or any type of insurance company;

(e) "Nonbusiness income" means all income other than business income;

(f) "Public service company" means any business entity subject to taxation under KRS 136.120;

(g) "Sales" means all gross receipts of the corporation not allocated under subsections (3) through (7) of this section;

(h) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(2) Any corporation which is required by KRS 141.010(14)(b) to allocate and apportion its net income shall allocate and apportion its net income as provided in this section.

(3) Rents and royalties from real, intangible or tangible personal property, capital gains and losses, interest, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections (4) through (7) of this section.

(4) (a) Net rents and royalties from real property located in this state are allocable to this state.

(b) Net rents and royalties from tangible personal property are allocable to this state if and to the extent that the property is utilized in this state; or in their entirety if the corporation's commercial domicile is in this state and the corporation is not organized under the laws of or taxable in the state in which the property is utilized.

(c) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the corporation, the tangible personalty is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(d) Net rents and royalties from intangible personal property located in this state are allocable to this state. For purposes of this section, royalties from property leased in Kentucky shall be considered as royalties from intangible personal property.

(5) (a) Capital gains and losses from sales or other dispositions of real property located in this state are allocable to this state.

(b) Capital gains and losses from sales or other dispositions of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale, or the corporation's commercial domicile is in this state and the corporation is not taxable in the state in which the property had a situs.

(c) Capital gains and losses from sales or other dispositions of intangible personal property are allocable to this state if the corporation's commercial domicile is in this state.

(6) Interest is allocable to this state if the corporation's commercial domicile is in this state.

(7) (a) Patent and copyright royalties are allocable to this state if and to the extent that the patent or copyright is utilized

by the payer in this state; or if and to the extent that the patent or copyright is utilized by the payer in a state in which the corporation is not taxable and the corporation's commercial domicile is in this state.

(b) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the corporation's commercial domicile is located.

(c) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the corporation's commercial domicile is located.

(8) Except as provided for in subsection (9) of this section, all business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three (3); provided, however, that effective with taxable years beginning after July 31, 1985, in lieu of the equally weighted three (3) factor apportionment fraction based on property, payroll, and sales, an apportionment fraction composed of a sales factor representing fifty percent (50%) of the fraction, a property factor representing twenty-five percent (25%) of the fraction, and a payroll factor representing twenty-five percent (25%) of the fraction shall be used.

(a) The property factor is a fraction, the numerator of which is the average value of the corporation's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the corporation's real and tangible personal property owned or rented and used during the tax period; provided, however, that property which has been certified as a pollution control facility as defined in KRS 224.01-300 shall be excluded from the property factor.

1. Property owned is valued at its original cost. If the original cost of any property is not determinable or is nominal or zero (0) the property shall be valued by the cabinet pursuant to administrative regulations promulgated by the cabinet. Property rented is valued at eight (8) times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the corporation less any annual rental rate received by the corporation from subrentals, provided that the rental and subrentals are reasonable. If the cabinet determines that the annual rental or subrental rate is unreasonable, or if a nominal or zero (0) rate is charged, the cabinet may determine and apply the rental rate as will reasonably reflect the value of the property rented by the corporation.

2. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the cabinet may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the property.

(b) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in this state during the tax period by the corporation for compensation, and the denominator of which is the total compensation paid or payable by the corporation everywhere during the tax period. Compensation is paid or payable in this state if:

1. The individual's service is performed entirely within the state;

2. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

3. Some of the service is performed in the state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

(c) 1. The sales factor is a fraction, the numerator of which is the total sales of the corporation in this state during the tax period, and the denominator of which is the total sales of the corporation everywhere during the tax period.

2. Sales of tangible personal property are in this state if:

a. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within this state regardless of the f.o.b. point or other conditions of the sale; or

b. The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the United States government.

3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state; or the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

(9) (a) If the allocation and apportionment provisions of this section do not fairly represent the extent of the corporation's

business activity in this state, the corporation may petition for or the cabinet may require, in respect to all or any part of the corporation's business activity, if reasonable:

1. Separate accounting;
2. The exclusion of any one (1) or more of the factors;
3. The inclusion of one (1) or more additional factors which will fairly represent the corporation's business activity in this state; or
4. The employment of any other method to effectuate an equitable allocation and apportionment of income.

(b) A corporation may elect the allocation and apportionment methods for the corporation's business income provided for in subparagraphs 1. and 2. of this paragraph. The election, if made, shall be irrevocable for a period of five years.

1. All business income derived directly or indirectly from the sale of management, distribution, or administration services to or on behalf of regulated investment companies, as defined under the Internal Revenue Code of 1986, as amended, including trustees, and sponsors or participants of employee benefit plans which have accounts in a regulated investment company, shall be apportioned to this state only to the extent that shareholders of the investment company are domiciled in this state as follows:
   a. Total business income shall be multiplied by a fraction, the numerator of which shall be Kentucky receipts from the services for the tax period and the denominator of which shall be the total receipts everywhere from the services for the tax period.
   b. For purposes of subdivision a. of this subparagraph, Kentucky receipts shall be determined by multiplying total receipts for the tax period from each separate investment company for which the services are performed by a fraction. The numerator of the fraction shall be the average of the number of shares owned by the investment company's shareholders domiciled in this state at the beginning of and at the end of the investment company's taxable year, and the denominator of the fraction shall be the average of the number of the shares owned by the investment company shareholders everywhere at the beginning of and at the end of the investment company's taxable year.
   c. Nonbusiness income shall be allocated to this state as provided in subsections (4) through (7) of this section.
2. All business income derived directly or indirectly from the sale of securities brokerage services by a business which operates within the boundaries of any area of the Commonwealth, which on June 30, 1992, was designated as a Kentucky Enterprise Zone, as defined in KRS 154.655(2), shall be apportioned to this state only to the extent that customers of the securities brokerage firm are domiciled in this state. The portion of business income apportioned to Kentucky shall be determined by multiplying the total business income from the sale of these services by a fraction determined in the following manner:
   a. The numerator of the fraction shall be the brokerage commissions and total margin interest paid in respect of brokerage accounts owned by customers domiciled in Kentucky for the brokerage firm's taxable year; and
   b. The denominator of the fraction shall be the brokerage commissions and total margin interest paid in respect of brokerage accounts owned by all of the brokerage firm's customers for that year.
   c. Nonbusiness income shall be allocated to this state as provided in subsections (4) through (7) of this section.

(10) Public service companies and financial organizations required by KRS 141.010(14)(b) to allocate and apportion net income shall allocate and apportion such income as follows:

(a) Nonbusiness income shall be allocated to this state as provided in subsections (4) through (7) of this section.

(b) Business income shall be apportioned to this state by multiplying the business income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor and the denominator of which is three (3); provided, however, that effective with taxable years beginning after July 31, 1985, in lieu of the equally weighted three (3) factor apportionment fraction based on property, payroll, and sales, an apportionment fraction composed of a sales factor representing fifty percent (50%) of the fraction, a property factor representing twenty-five percent (25%) of the fraction, and a payroll factor representing twenty-five percent (25%) of the fraction shall be used. The payroll factor shall be determined as provided in subsection (8)(b) of this section. The property factor and sales factor shall be determined as provided by administrative regulations promulgated by the cabinet.

The Committee Amendment No. 2 Title to **HB 541** is as follows:

Amend the title to read as follows: "AN ACT relating to corporate income tax and declaring an emergency.".

HB 643, AN ACT relating to hazardous waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.46-580 is amended to read as follows:

(1) The General Assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes and the release of toxic chemicals regulated under Title III, Section 313 of the Superfund Amendments and Reauthorization Act of 1986, including disposal, treatment, recycling, storage, and transportation. The intent of the General Assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management, toxic chemical manufacture, processing, or other use, and to leave the primary burden and responsibility for hazardous waste and toxic chemical reduction on private industry; and further to finance assistance and coordination by imposing assessments on the generation of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with the generation of hazardous waste. The General Assembly further finds that Kentucky's industries need assistance in developing and implementing pollution prevention goals and that a fund should be established to provide technical and financial assistance to those industries.

(2) The Natural Resources and Environmental Protection Cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances, as defined in KRS 224.01-400, into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of KRS 45A.695 to 45A.725 may be suspended by the cabinet if necessary to respond to an environmental emergency.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall have the authority to finance the nonfederal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (Public Law 96-510).

(5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management fund.

(6) It is the expressed purpose of this section to accomplish effective hazardous waste and toxic chemical management that results in a reduction of the generation of hazardous wastes and the release of toxic chemicals within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste and toxic chemical management to those industries whose products are reasonably related to the generation of hazardous waste.

(7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste assessment to be determined pursuant to this section according to the quantity by weight of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes," waste oil, or spent material from air pollution control devices controlling emissions from coke manufacturing facilities. The assessment shall not be imposed upon any person for any quantities of hazardous waste generated by others for which that person is a secondary handler that stores, processes, or reclaims the waste. The assessment shall be reported and paid to the Natural Resources and Environmental Protection Cabinet for the generation of hazardous waste on an annual basis on January 1 of each year. The payment shall be accompanied by a report or return in a form that the cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon the business under this section shall be reduced by the amount of the federal assessment or tax upon the business. The reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section, the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for these purposes.~~[The assessment shall be charged against generators of hazardous waste until June 30, 2000. After this date, no further hazardous waste management assessment shall be charged against generators.]~~

(8) The assessment on generators shall be one and two-tenths cents ($0.012) per pound if the waste is liquid, or two-tenths of a cent ($0.002) per pound if the waste is solid.

(a) Hazardous waste that is injected into a permitted underground injection well shall be assessed on a dry weight basis;

(b) Hazardous waste treated, detoxified, solidified, neutralized, recycled, incinerated, or disposed of on-site shall be assessed at one-half (1/2) of the appropriate rate, except for recycled waste used in the steel manufacturing process which shall be exempt; and

(c) Waste that is subject to regulation under Section 402 or 307B of the Federal Clean Water Act shall be exempt.

(9) Except for waste brought into the state by a company to an affiliated manufacturing facility of the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8) of this section. The facility shall remit the assessment to the cabinet on an annual basis on January 1 of each year. The payment shall be accompanied by a return the cabinet shall prescribe.

(10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet, the cabinet may, from any information in its possession, make an estimate and issue an assessment against the generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other

applicable penalties in this chapter.

(11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the cabinet, unless it is shown to the satisfaction of the cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it is filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(12) If the assessment imposed by this chapter, whether assessed by the cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the cabinet.

(13) There is hereby created within the State Treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest-bearing account. The cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the State Treasury shall be deposited in the hazardous waste management fund. All interest earned on the money deposited in the fund shall be deposited to the fund. When the State Treasurer certifies to the cabinet that the uncommitted balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the State Treasurer certifies to the cabinet that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000). The implementation of the cap on the fund shall be suspended from July 13, 1990, until July 1, 1991. In addition, for assessments paid after July 1, 1991, the cabinet shall refund or grant a credit against the next assessment to come due, on a pro-rated basis, any money collected in one (1) year in excess of the cap.

(14) There is hereby created within the State Treasury a trust and agency account which shall not lapse to be known as the pollution prevention fund. The fund shall be placed in an interest-bearing account. The fund shall be administered by the Center for Pollution Prevention. The cabinet shall remit to the fund each fiscal year twenty percent (20%) of the funds received by the hazardous waste management fund subject to the enacted budget bill. The cabinet shall provide to the center estimates of the amount of the hazardous waste assessment expected to be collected during each upcoming fiscal year.

(15) Upon request of the secretary, moneys accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, moneys from the fund shall not be used when federal moneys are available to carry out these duties, except when immediate action is required to protect public health or the environment, in which case the cabinet shall actively pursue reimbursement of the fund by any available federal moneys.

(16) If any person responsible for a release or threatened release of a hazardous substance fails to take response actions or to make reasonable progress in completing response actions ordered by the cabinet, the cabinet may bring an action to compel performance or may take appropriate response actions and order the responsible person to reimburse the cabinet for the actual costs incurred by the cabinet.

(17) If disposal activities have occurred at a hazardous waste site, the cabinet shall record in the office of the county clerk in the county in which a waste site is situated a notice containing a legal description of the property that discloses to any potential transferee that the land was used to dispose hazardous waste and that further information on the hazardous waste site may be obtained from the cabinet.

(18) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

(1) The Education Professional Standards Board shall have the authority and responsibility to certify as a teacher of exceptional children/communication disorders a person who has:

(a) Completed an approved program of preparation that corresponds to the certificate;

(b) Achieved a passing score on an appropriate assessment as determined by the Education Professional Standards Board; and

(c) Completed other requirements for teacher certification as determined by the Education Professional Standards Board, in accordance with KRS Chapter 161.

(2) The Education Professional Standards Board shall issue two (2) levels of certification for teachers of exceptional children/communication disorders:

(a) Baccalaureate level certification shall be issued to a person who has completed an approved program of preparation leading to a bachelor's degree in speech-language pathology, and completed the other requirements specified in subsection (1) of this section; and

(b) Master's level certification shall be issued to a person who has completed an approved program of preparation leading to a master's degree in speech-language pathology, and completed the other requirements specified in subsection (1) of this section.

(3) A certificate for teachers of exceptional children/communication disorders shall be issued for a five (5) year period and shall be renewed for subsequent five (5) year periods upon completion of certification renewal requirements as

determined by the Education Professional Standards Board.

(4) A person holding licensure through the Kentucky Board of Speech-Language Pathology and Audiology as a speech-language pathologist or speech-language pathology assistant working in a public school on the effective date of this Act shall be issued a provisional certificate as a teacher of exceptional children/communication disorders, and shall be allowed to continue to work in public schools until the Education Professional Standards Board has promulgated administrative regulations specifying the requirements for certification.

Section 2. KRS 161.048 is amended to read as follows:

(1) The General Assembly hereby finds that:

(a) 1. There are persons who have distinguished themselves through a variety of work and educational experiences that could enrich teaching in Kentucky schools;

2. There are distinguished scholars who wish to become teachers in Kentucky's public schools, but who did not pursue a teacher preparation program;

3. There are persons who need to be recruited to teach in Kentucky schools to meet the diverse cultural and educational needs of students; and

4. There should be alternative procedures to the traditional teacher preparation programs that qualify persons as teachers.

(b) There are hereby established alternative certification program options as described in subsections (3) through (5) of this section.

(c) It is the intent of the General Assembly that the Educational Professional Standards Board inform scholars, persons with exceptional work experience, and persons with diverse backgrounds who have potential as teachers of these options and assist local boards of education in implementing these options and recruitment of individuals who can enhance the education system in Kentucky.

(d) The Education Professional Standards Board shall promulgate administrative regulations establishing standards and procedures for the alternative certification options described in this section.

(2) Option 1: Certification of a person with exceptional work experience. An individual who has exceptional work experience and has been offered employment at the secondary level in a local school district shall receive a one (1) year provisional teaching certificate with approval by the Education Professional Standards Board of a joint application by the individual and the employing school district under the following conditions:

(a) The application contains documentation of all education and work experience;

(b) The candidate has documented ten (10) years of exceptional work experience in the area in which certification is being sought;

(c) The candidate possesses a bachelor's degree, with a grade point average of two and five-tenths (2.5) on a four (4) point scale from a nationally or regionally accredited postsecondary institution; and

(d) The candidate shall participate in the teacher internship program under subsections (5), (6), (7), and (8) of KRS 161.030. After successful completion of the internship, the candidate shall receive a regular provisional certificate.

An individual employed under this alternative shall be certified for one (1) year only, and may be approved for subsequent one (1) year renewals upon request of the local board of education and approval of the Education Professional Standards Board. A teacher who successfully completes three (3) contract years under the provisions of this section shall be awarded a regular provisional certificate, and subject to certificate renewal requirements the same as any other teacher with a regular provisional certificate.

(3) Option 2: Certification through a local district training program. A local district or group of districts may seek approval for a training program. The state-approved local district training program is an alternative to the college teacher preparation program as a means of acquiring teacher certification for a teacher at any grade level. The training program may be offered for all teaching certificates approved by Education Professional Standards Board, including interdisciplinary early childhood education, except for specific certificates for teachers of exceptional children. To participate in a state-approved local district alternative training program, the candidate shall:

(a) Possess a bachelor's degree with a grade point average of two and five tenths (2.5) on a four (4) point scale or, upon approval by the Education Professional Standards Board, at least a grade point average of two (2) on a four (4) point scale if the candidate has exceptional life experience related to teaching and has completed the bachelor's degree at least five (5) years prior to submitting an application to the program.

(b) Pass written tests designated by the Education Professional Standards Board for content knowledge in the specific teaching field of the applicant with minimum scores in each test as set by the Education Professional Standards Board. To be eligible to take a subject field test, the applicant shall have completed a thirty (30) hour major in the subject field or five (5) years of experience in the subject field as approved by the Education Professional Standards Board.

(c) Have been offered employment in a school district which has a training program approved by the Education Professional Standards Board.

(d) Upon meeting the participation requirements as established in this subsection, the candidate shall be issued a one (1) year provisional certificate by the Education Professional Standards Board. The regular provisional certificate shall be issued upon satisfactory completion of the program and the teacher testing internship program pursuant to KRS 161.030.

(e) The Education Professional Standards Board may reject the application of any candidate who is judged as not meeting academic requirements comparable to those for students enrolled in Kentucky teacher preparation programs.

(4) Option 3: Certification of a professional from a postsecondary institution: A candidate who possesses the following qualifications may receive alternative certification for teaching at the secondary level:

(a) A master's degree or doctoral degree in the academic subject area for which certification is sought;

(b) A minimum of five (5) years of full-time teaching experience, or its equivalent, in the academic subject area for which certification is sought in a regionally or nationally accredited institution of higher education; and

(c) Successful completion of the teacher internship requirement imposed under KRS 161.030.

(5) Option 4: Certification of an adjunct instructor. A person who has expertise in areas such as art, music, foreign language, drama, science, and other specialty areas may be employed as an adjunct instructor in a part-time position by a local board of education under KRS 161.046.

(6) A teacher certified under subsections (2) to (5) of this section shall be placed on the local district salary schedule for the rank corresponding to the degree held by the teacher.

(7) Subsections (1) to (3) of this section notwithstanding, a candidate who possesses the following qualifications may receive certification for teaching programs for exceptional students***, including students who have speech and language disorders***:

When so certified, teachers and other school personnel shall not be required to have licensure, certification, or other forms of approval from any other state agency for the performance of their respective assignments within the common schools, except as provided for by law. All certificates authorized under KRS 161.010 to 161.126 shall be issued in accordance with the administrative regulations of the Education Professional Standards Board. After July 15, 1994, all certificate applications and other data collection instruments of the board shall include a request for voluntary information about the applicant's ethnic background. This information shall be available to help local school districts locate minority candidates. A person who holds a certificate prior to this requirement may request that ethnic information be added to his file. Nothing in this section shall preclude the right of an individual in a nonpublic school from seeking voluntary certification by the Education Professional Standards Board.

(2) Certificates shall be issued upon written application and in accordance with statutes and regulations in effect at the time of application to persons who have completed, at colleges, universities, or local school district programs approved by the Education Professional Standards Board for the preparation of teachers and other school personnel, the curricula prescribed by the administrative regulations of the Education Professional Standards Board.

(3) Certification of all new teachers and teachers seeking additional certification shall require the successful completion of appropriate assessments prior to certification. The Education Professional Standards Board shall determine the minimum acceptable level of achievement on each assessment. The assessments shall measure those concepts, ideas, and facts which are being taught in teacher education programs in Kentucky. Upon successful completion of the assessments and the approved teacher preparation program, a certificate valid for one (1) year shall be issued. If an out-of-state teacher with less than two (2) years experience comes to Kentucky after the deadline for taking the assessments, a temporary certificate may be issued for a period up to six (6) months provided the local board cannot fill the vacant position with a certified teacher. The teacher shall take the assessments if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the assessments. If the teacher fails the assessments, the temporary certificate shall be valid only for the current semester.

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the assessments shall be established by the Education Professional Standards Board. Provisions shall be made for persons having less than minimum levels of performance on any assessment to repeat that assessment, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The Department of Education shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. Scores shall be used only in the assessment for certification of new teachers and of out-of-state teachers with less than two (2) years of teaching experience who are seeking initial certification in Kentucky.

(5) All new teachers and out-of-state teachers with less than two (2) years of successful teaching experience who are seeking initial certification in Kentucky shall serve a one (1) year internship. The teacher shall be a full-time employee or shall have an annual contract and serve on at least a half-time basis and shall have supervision, assistance, and assessment during the one (1) year internship. The internship may be served in a public school or a nonpublic school which meets the state performance standards as established in KRS 156.160 or which has been accredited by a regional or national accrediting association. Successful completion shall be determined by a majority vote of the beginning teacher committee. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility, and benefits for single salary experience increments. Upon successful completion of the beginning teacher program, the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by Education Professional Standards Board administrative regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section***, except as provided in paragraph (g) of this subsection***. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator appointed by a state-approved teacher training institution.

(a) If more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal.

(b) In unusual situations, the Education Professional Standards Board may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee.

(c) If the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district.

(d) If the intern is teaching in a regionally or nationally accredited nonpublic school without a principal, the person filling the principal member position may have other appropriate qualifications as required by administrative regulations promulgated by the Education Professional Standards Board.

(e) If the teacher training institution is unable to provide a member to serve on the beginning teacher committee in a nonpublic school, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator.

(f) The resource teacher shall be appointed by the Department of Education from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the Department of Education for work done outside normal working hours. In the case of a resource teacher in a nonpublic school, payment shall be made directly to the resource teacher by the Department of Education. Priority shall be given to resource teachers in the following order***, except as provided in paragraph (g) of this subsection***:

1. Teachers with the same certification in the same school;
2. Teachers with the same certification in the same district;
3. Teachers in the same school;
4. Teachers in the same district; and
5. Teachers in an adjacent school district.

(g) ***1. The resource teacher for an individual pursuing initial certification as a baccalaureate level teacher of exceptional children/communication disorders shall be a master's level teacher of exceptional children/communication disorders, if one is available.***

2. If a master's level teacher of exceptional children/communication disorders is not available, the Education Professional Standards Board may allow a licensed speech-language pathologist to serve on the beginning teacher committee in lieu of a resource teacher.

(h) The committee shall meet with the beginning teacher a minimum of three (3) times per year for evaluation and recommendation with all committee members present. In addition, each member of the committee shall observe the beginning teacher in the classroom a minimum of three (3) times per year. (1) The General Assembly hereby finds that:

(a) 1. There are persons who have distinguished themselves through a variety of work and educational experiences that could enrich teaching in Kentucky schools;

2. There are distinguished scholars who wish to become teachers in Kentucky's public schools, but who did not pursue a teacher preparation program;

3. There are persons who need to be recruited to teach in Kentucky schools to meet the diverse cultural and educational needs of students; and

4. There should be alternative procedures to the traditional teacher preparation programs that qualify persons as teachers.

(b) There are hereby established alternative certification program options as described in subsections (3) through (5) of this section.

(c) It is the intent of the General Assembly that the Educational Professional Standards Board inform scholars, persons with exceptional work experience, and persons with diverse backgrounds who have potential as teachers of these options and assist local boards of education in implementing these options and recruitment of individuals who can enhance the education system in Kentucky.

(d) The Education Professional Standards Board shall promulgate administrative regulations establishing standards and procedures for the alternative certification options described in this section.

(2) Option 1: Certification of a person with exceptional work experience. The training program may be offered for all teaching certificates approved by Education Professional Standards Board, including interdisciplinary early childhood education, except for specific certificates for teachers of exceptional children. To participate in a state-approved local district alternative training program, the candidate shall:

(a) A master's degree or doctoral degree in the academic subject area for which certification is sought;

The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. (8) The commission shall withhold from the general distribution of funds under subsection (2) of this section an amount which it deems sufficient to reimburse volunteer fire departments for equipment lost or damaged beyond repair due to hazardous material incidents.

(9) Moneys withheld pursuant to subsection (8) of this section shall be distributed only under the following terms and conditions:

  (a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;

  (b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;

  (c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;

  (d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;

  (e) The commission has determined that the equipment sought to be replaced is immediately necessary to protect the lives of the volunteer firefighters of the fire department;

  (f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and

  (g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.

(10) If a volunteer fire department has met all of the requirements of subsection (9) of this section, the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars ($10,000) or the actual amount of the loss, whichever is less.

(11) Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be distributed in the normal manner required by subsection (2) of this section during the following fiscal year.

(12) No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.

(13) The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.

(14) There shall be allotted each year of the 1992-93 biennium one million dollars ($1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars ($1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues from principal and interest payments. The commission, in accordance with the procedures in subsection (4) of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.155 is amended to read as follows:

(1) As used in this section:

(a) "Teacher" shall mean any person for whom certification is required as a basis of employment in the common schools of the state;

(b) "Employee" shall mean any person, other than a teacher, employed in the public schools, whether on a full or part-time basis;

(c) "Immediate family" shall mean the teacher's spouse, children including stepchildren, grandchildren, parents and spouse's parents, grandparents, and spouse's grandparents, without reference to the location or residence of said relative, and any other blood relative who resides in the teacher's home; and

(d) "Sick leave bank" shall mean an aggregation of sick leave days contributed by teachers for use by teachers who have exhausted all sick leave and other available paid leave days.

(2) Each district board of education shall allow to each teacher in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher if he presents a personal affidavit or a certificate of a physician stating that the teacher was ill, that the teacher was absent for the purpose of attending to a member of his immediate family who was ill, or for the purpose of mourning a member of his immediate family. The ten (10) days of sick leave herein granted may be taken by a teacher on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher under the provisions of subsection (3) of this section.

(3) Days of sick leave not taken by a teacher during any school year shall accumulate without limitation and be credited to that teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow teachers in its common school system sick leave in excess of the number of days prescribed in this section and may allow school district employees and teachers to use up to three (3) days' sick leave per school year for emergency leave pursuant to KRS 161.152(3). Any accumulated sick leave days credited to a teacher shall remain so credited in the event he transfers his place of employment from one (1) school district to another within the state or to the Kentucky Department of Education or transfers from the Department of Education to a school district after June 30, 1985.

(4) Accumulated days of sick leave shall be granted to a teacher if, prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher is unable to commence his duties on the opening day of the school year, but will be able to assume his duties within a period of time that the board determines to be reasonable.

(5) Any school employee may repurchase previously used sick leave days with the concurrence of the local school board by paying to the district an amount equal to the total of all costs associated with the used sick leave.

(6) A district board of education may adopt a plan for a sick leave bank. The plan may include limitations upon the number of days a teacher may annually contribute to the bank and limitations upon the number of days a teacher may annually draw from the bank. Only those teachers who contribute to the bank may draw upon the bank. Days contributed will be deducted from the days available to the contributing teacher. The sick leave bank shall be administered in accordance with a policy adopted by the board of education.

(7) (a) A district board of education shall establish a sick leave donation program to permit teachers to voluntarily contribute sick leave to teachers in the same school district who are in need of an extended absence from school. A teacher who has accrued more than fifteen (15) days sick leave may request the board of education to transfer a designated amount of sick leave to another teacher who is authorized to receive the sick leave donated. A teacher may not request an amount of sick leave be donated that reduces his or her sick leave balance to less than fifteen (15) days.

(b) A teacher may receive donations of sick leave if:

1. The teacher or a member of his or her immediate family suffers from a medically certified illness, injury, impairment, or physical or mental condition that has caused or is likely to cause the teacher to be absent for at least ten (10) days;

2. The teacher's need for the absence and use of leave are certified by a licensed physician;

3. The teacher has exhausted his or her accumulated sick leave, personal leave, and any other leave granted by the school district; and

4. The teacher has complied with the school district's policies governing the use of sick leave.

(c) While an employee is on sick leave provided by this section, he or she shall be considered a school district employee, and his or her salary, wages, and other employee benefits shall not be affected.

(d) Any sick leave that remains unused, is not needed by a teacher, and will not be needed in the future shall be returned to the teacher donating the sick leave.

(e) The board of education shall adopt policies and procedures necessary to implement the sick leave donation program.

(8) A teacher may use up to thirty (30) days of sick leave following the birth or adoption of a child or children. Additional days may be used when the need is verified by a physician's statement.

(9) After July 1, 1982, a district board of education may compensate, at the time of retirement ***or upon the death of a member in active contributing status at the time of death who was eligible to retire by reason of service***, an employee or a teacher***, or the estate of an employee or a teacher,*** for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the daily salary rate calculated from the employee's or teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service; provided that the member makes the regular retirement contribution for members on the sick leave payment. The accumulation of these days includes unused sick leave days held by the employee or teacher at the time of implementation of the program.

(10) Any statute to the contrary notwithstanding, employees and teachers who transferred from the Department of Education to a school district, from a school district to the Department of Education, or from one (1) school district to another school district after July 15, 1981, shall receive credit for any unused sick leave to which the employee or teacher was entitled on the date of transfer. This credit shall be for the purposes set forth in subsection (9) of this section.

(1) ***All coal mines shall be classified as gassy.*** The ventilation of all underground coal mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one (1) side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. The main fan shall be operated from a power circuit independent from the mine circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.

(2) The licensee, superintendent, or foreman of every coal mine worked by shaft, slope, or drift shall provide and maintain for every mine adequate ventilation. Each active working section shall be ventilated by a separate split of intake air. In all mines the quantity of air passing through the last open crosscut between the intake and return in any pair or sets of entries shall be not less than nine thousand (9,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. All working faces from which coal is being cut, mined, or loaded in a working section between the intake and return airway entries shall be ventilated with a minimum quantity of three thousand (3,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. The quantity of air reaching the last crosscut in pillar sections may be less than nine thousand (9,000) cubic feet of air per minute if at least nine thousand (9,000) cubic feet of air per minute is being delivered to the intake of the pillar line. The air current shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases. (4) When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air.

(5) As working places advance, breakthroughs for air shall be made not more than ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air, they shall be closed with stoppings. All permanent stoppings shall be substantially built with suitable incombustible or fire resistant material subject to the approval of the mine inspector so as to keep the working places well ventilated. All brattice cloth and ventilation tubing shall be flame resistant. (3) No person shall at any time carry into any mine any intoxicants. No person shall at any time enter any underground mine with matches, pipes, cigars, cigarettes, or any device for making lights or fire not authorized or approved, and the licensee shall at frequent intervals search, or cause to be searched, any person entering or about to enter the mine or inside the mine, to prevent the person from taking, carrying, or using the articles therein.

Section 7. KRS 352.180 is amended to read as follows:

Whenever serious personal injury or loss of life occurs in a mine or in the machinery connected therewith or whenever a fire, explosion, or other serious accident occurs, the superintendent of the mine, or, if he is absent, the mine foreman in charge of the mine, shall immediately give notice to the mine inspector and to the representative of the miner, stating the particulars of the accident, and if anyone is killed thereby to the commissioner. The mine inspector shall immediately go to the scene of the accident and make an investigation and suggestions and render the assistance as he deems necessary for the future safety of the employees, investigate the cause of the fire, explosion, or accident, make a record thereof, and forward it to the commissioner. The record shall be preserved with the other records of his office. To aid in making the investigations, the commissioner or the mine inspector may compel the attendance of witnesses and administer oaths. ***All reportable accidents shall be reported, on a form prescribed by the commissioner, to the district office where the mine is located within ten (10) days following the accident.***

Section 8. KRS 352.201 is amended to read as follows:

(1) The roof and ribs of all active underground ***mines***~~[roadways, travelways, and working places]~~ shall be supported or otherwise controlled adequately to protect persons from falls of the roof or ribs. A roof control plan and revision thereof suitable to the roof conditions and mining system of each mine and approved by the commissioner or his authorized representative shall be adopted and set out in printed form~~[within six (6) months after June 16, 1972,]~~ and shall be kept on file in the district office of the district where the mine is located. The plan shall show the type of support and spacing approved by the commissioner. No person shall proceed beyond the last permanent support unless adequate temporary support is provided. A copy of the plan shall be furnished ***to*** the commissioner or his authorized representative and shall be available to the miners and their representatives.

(2) The method of mining followed in any mine shall not expose the miner to unusual dangers from roof falls caused by excessive widths of rooms and entries or faulty pillar recovery methods.

(3) The licensee, in accordance with the approved plan, shall provide at or near each working face and at other locations in the mine as the commissioner or his authorized representative may prescribe an ample supply of suitable materials of proper size with which to secure the roof of all working places in a safe manner. ***Adequate safety***~~[Safety posts, jacks, or other approved]~~ devices shall be used to protect the workmen when roof material is being taken down, crossbars are being installed, roof bolt holes are being drilled, roof bolts are being installed, and in other circumstances that may be appropriate. Loose roof and overhanging or loose faces and ribs shall be taken down or supported. Except in the case of recovery work, supports knocked out shall be replaced promptly.

(4) Roof bolt recovery for reuse shall not be permitted.

(5) Where workmen are exposed to danger from falls of roof, face, and ribs they shall examine and test the roof, face, and ribs

before any other work is performed or machinery is started, and as frequently thereafter as may be necessary to insure safety. When dangerous conditions are found, they shall be corrected immediately.

Section 9. KRS 352.241 is amended to read as follows:

(1) Explosives or detonators carried anywhere underground by any person shall be in containers constructed substantially of nonconductive material, maintained in good condition, and kept closed.

(c) Explosives, detonators, or other explosive items shall not be transported on the same trip with men;

(d) When explosives or detonators are transported in special cars or containers in cars, they shall be hauled in special trips not connected to any other trip. However, this does not prohibit the use of the additional cars as needed to lower a rope trip, or to haul supplies including timbers. Materials so transported shall not project above the top of the car. Exposed highly flammable materials such as[~~ hay,~~] oil[~~,~~] or grease shall not be hauled on the same trip with explosives; and

(4) Neither explosives nor detonators shall be transported on flight or shaking conveyors, scrapers, mechanical loading machines, locomotives, cutting machines, drill tracks, or any self-propelled mobile equipment. However, this does not prohibit the transportation of explosives or detonators in special substantial covered containers as ***described***[~~used~~] in subsection (2) of this section[~~ in shuttle cars or in equipment designed especially to transport explosives or detonators~~].

(5) When supplies of explosives and detonators for use in one (1) or more sections are stored underground, they shall be kept in section boxes or magazines of substantial construction with no metal exposed on the inside, located at least twenty-five (25) feet from roadways and power wires, and in a reasonably dry, well-rock-dusted location protected from falls of roof. In pitching beds, where it is not possible to comply with the location requirement, the boxes shall be placed in niches cut into the solid coal or rock.

(6) When explosives or detonators are stored in the section, they shall be kept preferably in separate boxes or magazines not less than five (5) feet apart; if kept in the same box or magazine, they shall be separated by at least a four (4) inch substantially fastened hardwood partition or the equivalent. Not more than a forty-eight (48) hour supply of explosives or detonators shall be stored underground in any one (1) section in the boxes or magazines.

(7) Explosives and detonators stored near the working faces shall be in separate closed containers, and shall be in a location out of line of blast not less than fifty (50) feet from the face and fifteen (15) feet from any pipeline, powerline, rail, or conveyor; except that if kept in niches in the rib, the distance from pipeline, powerline, rail, or conveyor shall be at least fifteen (15) feet. Explosives and detonators, when stored, shall be separated by a distance of at least ten (10) feet.

(8) Explosives and detonators shall be kept in their containers until immediately before use at the working faces.

(9) Only nonmetallic tools shall be used for opening wooden explosives containers. Tools or other materials shall not be stored with explosives or detonators.

(10) All explosives used[~~ underground~~] in underground mines except in sinking shafts and slopes from the surface shall be of the permissible type, specifically designed and manufactured for underground use, and shall be used as follows:

(a) Fired only with electric detonators of proper strength;

(b) Fired with a permissible shot-firing unit of adequate capacity to fire all caps; however, if firing is done from the surface when all men are out of the mine, the firing unit does not need to meet specifications of permissibility;

(c) Where the coal is cut, shots shall not be fired if the blast hole is drilled beyond the limits of the cut;

(d) Boreholes shall be cleaned, and they shall be checked to see that they are placed properly and are of correct depth, in relation to the cut, before being charged;

(e) All blasting charges shall have a burden of at least eighteen (18) inches in all directions if the height of the seam permits;

(f) Boreholes shall be stemmed with at least twenty-four (24) inches of incombustible material, or at least one-half (1/2) of the length of the hole shall be stemmed if the hole is less than four (4) feet in depth unless other permissible stemming devices or methods are used;

(g) Examinations for gas shall be made immediately before firing each shot or group of multiple shots and after blasting is completed;

(h) Shots shall not be fired in any place where methane can be detected with a flame safety lamp or other approved device when tested at a point not less than twelve (12) inches from the roof, face or rib;

(i) Charges exceeding one and one-half (1-1/2) pounds, but not exceeding three (3) pounds, shall be used only if boreholes are six (6) feet or more in depth, the explosives are charged in a continuous train, with no cartridges deliberately deformed or crushed, with all cartridges in contact with each other and with the end cartridges touching the back of the hole and the stemming respectively. However the three (3) pound limit does not apply to special solid rock work if the mine is evacuated or if approved by the department;

(j) Shots shall be charged and fired by certified shotfirers designated by the mine foreman;

(k) Boreholes shall not be charged while any other work is being done at the face, and the shot or shots shall be fired before any other work is done in the zone of danger from blasting except that which is necessary to safeguard the employees;

(l) Only nonmetallic tamping bars shall be used for charging and tamping boreholes. This does not prohibit the use of a nonmetallic tamping bar with a nonsparking metallic scraper on one (1) end;

(m) The leg wires of electric detonators shall be kept shunted until ready to connect to the firing cable;

(n) Shots shall not be fired from the power of signal circuit while any men are in the mine;

(o) The roof and ribs of working places shall be tested before and after firing each shot or group of multiple shots;

(p) Ample warning shall be given before shots are fired, and care shall be taken to ascertain that all persons are in the clear. Men shall be removed from adjoining working places when there is danger of a shot blowing through;

(q) Mixed types or brands of explosives shall not be charged or fired in any borehole;

(r) Mudcaps (adobes) or other unconfined shots shall not be fired underground in a mine;

(s) Before blasting, the continuity of the blasting circuits shall be tested with a permissible blaster's galvanometer specifically designed for this purpose;

(t) No instantaneous detonator shall be connected in a circuit containing short-period delay detonators. The first charge in a sequence shall be initiated by a short period delay detonator having a nominal delay period of not less than twenty-five (25) milliseconds;

(u) All short period delay detonators shall be wired in series;

(v) Each primer shall be made with care to insure that the detonator is inserted properly and does not protrude from the wrapping and that the leg wires are secured to the cartridge in a manner so that the detonator will not become dislodged in handling and charging;

(w) In making a primer, a powder punch of nonsparking material shall be used. The hole in the cartridge shall be at least one-half (1/2) inch deeper than the detonator used. Rolling the end of a cartridge to receive a detonator is prohibited;

(x) The primer shall be placed in the borehole first pointing outward and the rest of the charge shall be pushed in a continuous train to the back of the borehole to prevent cuttings from getting between the cartridges; and

(y) Suitable clean-up of loose coal and coal dust with adequate rock-dusting or wetting down at the face of each working place shall be completed prior to charging shot holes.

(11) Blasting cables shall be:

(a) Well insulated and as long as may be necessary to permit the shotfirer to get in a safe place around a corner;

(b) Short-circuited at the battery end until ready to attach to the blasting unit;

(c) Staggered as to length or the ends kept well separated when attached to the detonator leg wires; and

(d) Kept clear of power wires and all other possible sources of active or stray electric current.

(12) Where misfires occur with electric detonators, a waiting period of at least five (5) minutes shall elapse before anyone returns to the shot. After the failure, the blasting cable shall be disconnected from the source of power and the battery ends short-circuited before electric connections are examined.

(13) Explosives shall be removed by firing a separate charge at least two (2) feet away from, and parallel to, the misfired charge or by washing the stemming and the charge from the borehole with water, or by inserting and firing a new primer

after the stemming has been washed out.

(14) A very careful search of the working place, and, if necessary, of the blasted material after it reaches the surface shall be made after blasting a misfired hole, to recover any undetonated explosive.

(15) The handling of a misfired shot shall be under the direct supervision of ***a certified***[~~the~~] mine foreman[~~ or a competent person designated by him~~].

(16) Where compressed air is used for blasting or breaking coal, the following shall apply:

(a) Compressed air shall be conducted from the compressor to within a practical working distance of the face by steel airlines tested to withstand an approximate pressure of twenty thousand (20,000) pounds per square inch;

(b) Air lines shall be grounded at the compressor and, if possible, at other low-resistance ground connections along the lines, such as at borehole casings. They shall not be connected in any way to tracks, water lines, or other electric power return conductors and shall be suitably insulated where they cross electric wires or underneath the track;

(c) Shutoff valves shall be installed every one thousand (1,000) feet in all compressed-air blasting lines and in all branch lines at a point near the main lines;

(d) Compressed-air blasting lines shall be protected at places where equipment passes over, under, or adjacent to them;

(e) Steel, copper, or other lines shall not be handled or repaired when air pressure is in the line;

(f) Air lines shall be examined periodically for kinks or other weaknesses and replaced immediately when defects are found;

(g) Copper tubing shall be coiled and uncoiled properly. The part of the tubing that is affected by frequent coiling and uncoiling shall be renewed periodically because of the dangers from kinks and crystallization;

(h) Blowdown valves shall not be less than forty-five (45) feet from the face and shall be around a right angle;

(i) Holes for compressed-air tubes shall be within the limits of the cut;

(j) When blowdown valves are opened to discharge the tube, they shall remain open until time to place the tube in the next borehole except where shear-strip or shear-pin tubes are used;

(k) After breaking down the coal in any one (1) place, the tube shall be disconnected at once from the air line and not reconnected until ready to be used in the next place;

(l) When a differential-pressure-type tube fails to discharge, the line leading to the tube shall be disconnected at the blowdown valve, and the tube shall be dragged by means of the line to an inactive place, marked with warning signs, and left one (1) hour before any repair work is done thereon; and

(m) All persons shall be removed from adjoining working places where there is danger of breaking through and shall be at a safe distance around a right angle while coal breaking is in progress.

Section 10. KRS 352.280 is amended to read as follows:

In all mines the licensee or superintendent shall employ one (1) or more certified fire bosses or other properly certified persons. The fire boss or other properly certified person shall examine carefully within three (3) hours before each shift enters the mine, every working place, all places adjacent to live workings, every roadway where persons are required to work or travel, all abandoned panels on the intake, every seal on the intake, and all roof falls near active workings on the intake and on the working sections. Before proceeding with the examination he shall see that the air current is traveling its proper course. In making the examination he shall use an[~~ approved safety lamp or other~~] approved device ***for the purpose of detecting the presence of explosive and dangerous gases or deficiencies of oxygen***. The fire boss or other properly certified person shall examine for all dangers in all portions of the ***mine***[~~mines~~] under his charge, and after examination he shall leave at or as close as possible to the face of every place examined the date and time of the examination and his initials as evidence that he has performed his duty. He shall also examine the entrances to all worked-out and abandoned portions adjacent to the roadways and working places under his charge where explosive gas is likely to accumulate, and he shall place a danger ***sign***[~~signal~~] across the entrance to every place where explosive gas is discovered or where immediate danger is found to exist from any other cause. The ***danger sign***[~~signal~~] shall be sufficient warning for persons not to enter. When the mine is idle and workmen are required to go into the mine, the section, portion, or part of the mine entered must be inspected by a fire boss or other properly certified person within three (3) hours before the workmen enter. Each week, the fire boss or some other certified person designated by the mine foreman shall examine each seal on the return, all main intake and return entries, and all escapeways.

Section 11. KRS 352.300 is amended to read as follows:

(1) The mine foreman and the fire boss shall, at or near the main entrance to the mine, provide a permanent station with a ***suitable preshift examination board describing the conditions of the mine***[~~proper danger signal, designated by suitable letters and colors placed thereon, and, if the working portions are one (1) mile or more from the entrance to the mine or from the bottom of the shaft or slope, a station of suitable dimensions for the use of the fire boss may be erected by the mine foreman in a location approved by the inspector~~].

(2) No person, except the mine foreman, and in case of necessity other persons as are designated by him, and under his direct supervision for the purpose of correcting the dangerous condition, shall pass a danger ***sign***[~~signal~~] until the dangerous

condition has been corrected. No person shall enter a mine until the mine has been examined by a fire boss and~~[the mine or the portions of it beyond the fire boss station]~~ reported by him to be safe.

(3) The fire boss shall not allow any other person to enter or remain in any portion of the mine through which a dangerous accumulation of gas is being passed into the ventilating current from any portion of the mine. He shall report to the mine foreman at once any violations of KRS 352.280 to 352.310.

(4) No person except a mine foreman, assistant mine foreman, fire boss or person designated by the mine foreman under subsection (2) of this section, shall pass or remove any danger ***sign***~~[signal]~~ before the mine has been examined and reported to be safe.

(5) No person shall pass or remove any danger ***sign***~~[signal]~~ without permission from the mine foreman, the assistant mine foreman, or the fire boss.

(6) If any mine foreman has knowledge of a violation of subsection (4) or (5) of this section, he shall immediately notify the licensee or superintendent who shall notify the mine inspector, in writing. The mine inspector shall then immediately institute proceedings against the offender.

Section 12. KRS 352.371 is amended to read as follows:

Whenever any working place approaches within fifty (50) feet of abandoned areas in the mine as shown by surveys made and certified by a ***professional***~~[registered]~~ engineer, or within two hundred (200) feet of any other abandoned areas of the mine which cannot be inspected and which may contain dangerous accumulations of water or gas, or within two hundred (200) feet of any workings of an adjacent mine, a borehole or boreholes shall be drilled to a distance of at least twenty (20) feet in advance of the working face of the working place and shall be continually maintained to a distance of at least ten (10) feet in advance of the advancing working face. When there is more than one (1) borehole, they shall be drilled sufficiently close to each other to insure that the advancing working face will not accidentally hole through into abandoned areas or adjacent mines. Boreholes shall also be drilled not more than eight (8) feet apart in the rib of the working place to a distance of at least twenty (20) feet and at an angle of forty-five (45) degrees before additional cuts are taken. Rib holes shall be drilled in one (1) or both ribs of the working place as may be necessary for adequate protection of miners in such place.

Section 13. KRS 352.380 is amended to read as follows:

In case of the death or resignation of a mine foreman, the superintendent shall select a ~~[competent]~~certified ***mine foreman to assume the duties of his predecessor***~~[man, if one (1) is available, and if not, he may temporarily select any other competent man who, if approved by the mine inspector and the commissioner, may serve until the next examination. He shall, while acting as mine foreman, have the same duties and be liable to the same penalties]~~.

The Committee Substitute No. 1 to **HB 414** is as follows:

HB 414, AN ACT relating to coal mine safety.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 351.140 is amended to read as follows:

Each mine inspector shall give his entire time and attention to the duties of his office, which shall consist of the following:

(1) Inspecting mines and aiding, under the direction of the commissioner, in carrying out and enforcing the provisions of the law relating to the inspection of mines;

(2) Training officials and workmen in and about the mines in first aid and mine rescue methods;

(3) Advising officials and workmen in methods pertaining to safety in all its phases and in methods pertaining to the prevention of mine fires and explosions;

(5) Reopening mines or portions of mines that have been sealed on account of fire or any other cause, when directed by the commissioner to do so;

(6) Inspecting each mine ***assigned to him*** in his district at least once every six (6) months, or more often if practicable and if funds permit, and whenever any danger to the workmen may exist; making a personal examination of the interior of each mine with respect to ventilation, drainage, roof control, blasting, electricity, escapeways, and general security, and also a personal examination of the outside facilities of the mine;~~[and]~~ in~~[gassy]~~ mines below the water table, inspections shall be more frequent, and as often as practical whenever any danger to workmen is indicated by a previous inspection. Such inspections shall involve at least two (2) inspectors. The inspectors shall locate themselves in different sections of the mine in order to determine the effectiveness and reliability of the ventilation system. Each section of the mine shall be so inspected;

(7) It shall be permissible for a mine inspector to inspect any coal preparation plant or surface facility of any mining operation

of coal including any overland coal belts; and

(8) A mine inspector shall have the express authority to enter upon the premises of and inspect any coal mine, including any overland coal belts, at any reasonable time.

Section 2. KRS 351.175 is amended to read as follows:

(1) The operation of a coal mine in Kentucky is a privilege granted by the Commonwealth of Kentucky to a licensee who satisfies the requirements of this section and demonstrates that the mine is or will be operated in a safe manner and in accordance with the laws of this Commonwealth.

(2) Within forty-five (45) days after January 1[~~, 1953, and~~] of each year[~~ thereafter~~], the owner, operator, lessee, or licensee of each mine shall procure from the department a license to operate the mine, and the license shall not be transferable. Any owner, operator, lessee, or licensee who assumes control of a mine, opens a new mine, or reopens an abandoned mine during any calendar year shall procure a license before mining operations are begun.

(3) The license shall be in printed form as the commissioner may prescribe and when issued shall be kept posted at a conspicuous place near the main entrance of the mine.

(4) Requests for a license shall be made to the department and shall be accompanied by a United States postal money order or cashier's check drawn in favor of the State Treasurer in an amount established by administrative regulations of a minimum of one hundred dollars ($100) and a maximum of fifteen hundred dollars ($1,500). When the annual report of the licensee and the annual mine map, as required by KRS 351.170 and 352.450, together with a certification from the commissioner of the Department of Workers' Claims that the applicant for license has presented positive proof of compliance with the provisions of KRS Chapter 342[~~, and a certification from the secretary of the Revenue Cabinet that the applicant is not a "delinquent taxpayer" as defined in KRS Chapter 131,~~] are properly submitted to the department, the license shall be issued. The commissioner or his accredited agents shall have the authority to extend the time for filing of the map not to exceed an additional forty-five (45) days. Upon receipt of withdrawal of the certification of the commissioner of the Department of Workers' Claims, or upon receipt of notice from the secretary of revenue that the licensee is a "delinquent taxpayer," as defined in KRS Chapter 131, the department shall forthwith revoke any license issued. Revocation of a license shall be an administrative function of the department. Appeal of the revocation of a license shall lie in the ***Franklin***[~~Fayette~~] Circuit Court.

(5) The mine inspector shall have the authority to stop production or close any mine whose operator fails to procure a license or fails to furnish a certification of workers' compensation coverage as required under this section.

(6) The department shall be authorized to seek injunctive relief for any violation of this section.

(7) A license which has been revoked under the "delinquent taxpayer" provision shall not be reissued until a written tax clearance has been received from the secretary of revenue.

(8) No mine underlying a cemetery shall be licensed by the commissioner unless two-thirds (2/3) of the governing body of that cemetery vote in approval of the operation. The application for a license shall contain an affidavit setting forth the approval of the cemetery's governing body. This subsection applies only to those cemeteries with governing bodies.

Section 4. KRS 352.020 is amended to read as follows:

(1) ***All underground coal mines shall be classified as gassy.*** The ventilation of all underground coal mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one (1) side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. The main fan shall be operated from a power circuit independent from the mine circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.

(2) The licensee, superintendent, or foreman of every coal mine worked by shaft, slope, or drift shall provide and maintain for every mine adequate ventilation. Each active working section shall be ventilated by a separate split of intake air. In all mines the quantity of air passing through the last open crosscut between the intake and return in any pair or sets of entries shall be not less than nine thousand (9,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. All working faces from which coal is being cut, mined, or loaded in a working section between the intake and return airway entries shall be ventilated with a minimum quantity of three thousand (3,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. The quantity of air reaching the last crosscut in pillar sections may be less than nine thousand (9,000) cubic feet of air per minute if at least nine thousand (9,000) cubic feet of air per minute is being delivered to the intake of the pillar line. The air current shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases. All active underground working places in a mine shall be ventilated by a current of air containing not less than nineteen and one-half percent (19.5%) of oxygen, not more than one-half percent (0.5%) of carbon dioxide, and no harmful quantities of other noxious or poisonous gases.

(3) All mines shall maintain at least nine thousand (9,000) cubic feet of air per minute at the points mentioned in subsection (2) of this section. The commissioner shall have the authority to require additional air in any mine when he deems it necessary for the safety of the employees.

(4) When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air.

(5) As working places advance, breakthroughs for air shall be made not more than ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air, they shall be closed with stoppings. All permanent stoppings shall be substantially built with suitable incombustible or fire resistant material***, such as concrete, concrete block, brink, cinderblock, tile, or steel,*** subject to the approval of the mine inspector so as to keep the working places well ventilated. All brattice cloth and ventilation tubing shall be flame resistant. Doors on the main haulways shall be avoided where practicable, and overcasts, built of concrete***, concrete block, brick, cinderblock, tile, or steel***~~[or other suitable material]~~ and of ample strength, shall be adopted. Where doors are used they shall be built in a substantial manner, and shall be hung so as to close automatically when unobstructed.

(6) In a mine where methane can be found to an extent of one percent (1%) or more on the return of any one (1) split, the inspector, with the approval of the commissioner may require the mine to be ventilated by the exhaust system, requiring the haulage roads and all trolley and feed wires to be located on the intake air and the electrical system to be so arranged that no wires carrying electrical current shall be on return air. A period of not more than ninety (90) days from date of notification shall be allowed to make the changes required.

Section 5. KRS 352.170 is amended to read as follows:

(1) ~~[Within six (6) months after June 16, 1972,]~~All underground mines shall be worked exclusively by the use of approved electric lamps for personal lighting.

(2) Flame safety lamps and approved electric lamps shall be in ***the*** charge of ***a competent***~~[some]~~ person designated by the licensee or superintendent.~~[Two (2) flame safety lamps shall be kept at every coal mine whether the mine liberates explosive gas or not, if the mine inspector and the commissioner deem it desirable.]~~ All mine foremen and fire bosses

employed in~~[gassy]~~ mines shall, at all times, carry an~~[approved flame safety lamp or other]~~ approved device for the purpose of detecting the presence of explosive and dangerous gases or deficiencies of oxygen.

(3) No person shall at any time carry into any mine any intoxicants. No person shall at any time enter any underground mine with matches, pipes, cigars, cigarettes, or any device for making lights or fire not authorized or approved, and the licensee shall at frequent intervals search, or cause to be searched, any person entering or about to enter the mine or inside the mine, to prevent the person from taking, carrying, or using the articles therein.

Section 6. KRS 352.175 is amended to read as follows:

(1) All miners shall wear safety glasses as needed. The safety glasses shall be supplied to the ***miner***~~[miners]~~ by the ***licensee***~~[coal operator]~~ at no cost to the miner.

(2) All miners shall wear protective hard-toe boots and approved hardhats while in or about a mine.

Section 7. KRS 352.180 is amended to read as follows:

Whenever serious personal injury or loss of life occurs in a mine or in the machinery connected therewith or whenever a fire, explosion, or other serious accident occurs, the superintendent of the mine, or, if he is absent, the mine foreman in charge of the mine, shall immediately give notice to the mine inspector and to the representative of the miner, stating the particulars of the accident, and if anyone is killed thereby to the commissioner. The mine inspector shall immediately go to the scene of the accident and make an investigation and suggestions and render the assistance as he deems necessary for the future safety of the employees, investigate the cause of the fire, explosion, or accident, make a record thereof, and forward it to the commissioner. The record shall be preserved with the other records of his office. To aid in making the investigations, the commissioner or the mine inspector may compel the attendance of witnesses and administer oaths. ***All reportable accidents shall be reported, on a form prescribed by the commissioner, to the district office where the mine is located within ten (10) days following the accident.***

Section 8. KRS 352.201 is amended to read as follows:

(1) The roof and ribs of all active underground ***mines***~~[roadways, travelways, and working places]~~ shall be supported or otherwise controlled adequately to protect persons from falls of the roof or ribs. A roof control plan and revision thereof suitable to the roof conditions and mining system of each mine and approved by the commissioner or his authorized representative shall be adopted and set out in printed form~~[within six (6) months after June 16, 1972,]~~ and shall be kept on file in the district office of the district where the mine is located. The plan shall show the type of support and spacing approved by the commissioner. No person shall proceed beyond the last permanent support unless adequate temporary support is provided. A copy of the plan shall be furnished ***to*** the commissioner or his authorized representative and shall be available to the miners and their representatives.

(2) The method of mining followed in any mine shall not expose the miner to unusual dangers from roof falls caused by excessive widths of rooms and entries or faulty pillar recovery methods.

(3) The licensee, in accordance with the approved plan, shall provide at or near each working face and at other locations in the mine as the commissioner or his authorized representative may prescribe an ample supply of suitable materials of proper size with which to secure the roof of all working places in a safe manner. ***Adequate safety***~~[Safety posts, jacks, or other approved]~~ devices shall be used to protect the workmen when roof material is being taken down, crossbars are being installed, roof bolt holes are being drilled, roof bolts are being installed, and in other circumstances that may be appropriate. Loose roof and overhanging or loose faces and ribs shall be taken down or supported. Except in the case of recovery work, supports knocked out shall be replaced promptly.

(4) Roof bolt recovery for reuse shall not be permitted.

(5) Where workmen are exposed to danger from falls of roof, face, and ribs they shall examine and test the roof, face, and ribs before any other work is performed or machinery is started, and as frequently thereafter as may be necessary to insure safety. When dangerous conditions are found, they shall be corrected immediately.

Section 9. KRS 352.241 is amended to read as follows:

(1) Explosives or detonators carried anywhere underground by any person shall be in containers constructed substantially of nonconductive material, maintained in good condition, and kept closed.

(2) When explosives or detonators are transported underground in cars moved by means of a locomotive or rope,~~[or in shuttle cars,]~~ they shall be in substantial covered cars or in special substantial covered containers used specifically for transporting detonators or explosives:

(a) The bodies and covers of the cars and containers shall be constructed or lined with nonconductive material;

(b) If explosives and detonators are hauled in the same explosives car or in the same special container, they shall be separated by at least a four (4) inch substantially fastened hardwood partition or the equivalent;

(c) Explosives, detonators, or other explosive items shall not be transported on the same trip with men;

(d) When explosives or detonators are transported in special cars or containers in cars, they shall be hauled in special trips not connected to any other trip. However, this does not prohibit the use of the additional cars as needed to lower a rope trip, or to haul supplies including timbers. Materials so transported shall not project above the top of the car. Exposed highly flammable materials such as~~[hay,]~~ oil~~[,]~~ or grease shall not be hauled on the same trip with explosives; and

(e) Explosives or detonators shall not be hauled into or out of a mine within five (5) minutes preceding or following a man trip or any other trip.

(3) Explosives and detonators shall be transported underground by belt only under the following conditions:

(a) In the original and unopened case, in special closed cases constructed of nonconductive material, or in suitable individual containers;

(b) Clearance requirements shall be the same as those for transporting men on belts;

(c) Suitable loading and unloading stations shall be provided; and

(d) Stop controls shall be provided at loading and unloading points, and an attendant shall supervise the loading and unloading of explosives and detonators.

(4) Neither explosives nor detonators shall be transported on flight or shaking conveyors, scrapers, mechanical loading machines, locomotives, cutting machines, drill tracks, or any self-propelled mobile equipment. However, this does not prohibit the transportation of explosives or detonators in special substantial covered containers as ***described***~~[used]~~ in subsection (2) of this section~~[in shuttle cars or in equipment designed especially to transport explosives or detonators]~~.

(5) When supplies of explosives and detonators for use in one (1) or more sections are stored underground, they shall be kept in section boxes or magazines of substantial construction with no metal exposed on the inside, located at least twenty-five (25) feet from roadways and power wires, and in a reasonably dry, well-rock-dusted location protected from falls of roof. In pitching beds, where it is not possible to comply with the location requirement, the boxes shall be placed in niches cut into the solid coal or rock.

(6) When explosives or detonators are stored in the section, they shall be kept preferably in separate boxes or magazines not less than five (5) feet apart; if kept in the same box or magazine, they shall be separated by at least a four (4) inch substantially fastened hardwood partition or the equivalent. Not more than a forty-eight (48) hour supply of explosives or detonators shall be stored underground in any one (1) section in the boxes or magazines.

(7) Explosives and detonators stored near the working faces shall be in separate closed containers, and shall be in a location out of line of blast not less than fifty (50) feet from the face and fifteen (15) feet from any pipeline, powerline, rail, or conveyor; except that if kept in niches in the rib, the distance from pipeline, powerline, rail, or conveyor shall be at least fifteen (15) feet. Explosives and detonators, when stored, shall be separated by a distance of at least ten (10) feet.

(8) Explosives and detonators shall be kept in their containers until immediately before use at the working faces.

(9) Only nonmetallic tools shall be used for opening wooden explosives containers. Tools or other materials shall not be stored with explosives or detonators.

(10) All explosives used~~[underground]~~ in underground mines except in sinking shafts and slopes from the surface shall be of the permissible type, specifically designed and manufactured for underground use, and shall be used as follows:

(a) Fired only with electric detonators of proper strength;

(b) Fired with a permissible shot-firing unit of adequate capacity to fire all caps; however, if firing is done from the surface when all men are out of the mine, the firing unit does not need to meet specifications of permissibility;

(c) Where the coal is cut, shots shall not be fired if the blast hole is drilled beyond the limits of the cut;

(d) Boreholes shall be cleaned, and they shall be checked to see that they are placed properly and are of correct depth, in relation to the cut, before being charged;

(e) All blasting charges shall have a burden of at least eighteen (18) inches in all directions if the height of the seam permits;

(f) Boreholes shall be stemmed with at least twenty-four (24) inches of incombustible material, or at least one-half (1/2) of the length of the hole shall be stemmed if the hole is less than four (4) feet in depth unless other permissible stemming devices or methods are used;

(g) Examinations for gas shall be made immediately before firing each shot or group of multiple shots and after blasting is completed;

(h) Shots shall not be fired in any place where methane can be detected with a flame safety lamp or other approved device when tested at a point not less than twelve (12) inches from the roof, face or rib;

(i) Charges exceeding one and one-half (1-1/2) pounds, but not exceeding three (3) pounds, shall be used only if boreholes are six (6) feet or more in depth, the explosives are charged in a continuous train, with no cartridges deliberately deformed or crushed, with all cartridges in contact with each other and with the end cartridges touching the back of the hole and the stemming respectively. However the three (3) pound limit does not apply to special solid rock work if the mine is evacuated or if approved by the department;

(j) Shots shall be charged and fired by certified shotfirers designated by the mine foreman;

(k) Boreholes shall not be charged while any other work is being done at the face, and the shot or shots shall be fired before any other work is done in the zone of danger from blasting except that which is necessary to safeguard the employees;

(l) Only nonmetallic tamping bars shall be used for charging and tamping boreholes. This does not prohibit the use of a nonmetallic tamping bar with a nonsparking metallic scraper on one (1) end;

(m) The leg wires of electric detonators shall be kept shunted until ready to connect to the firing cable;

(n) Shots shall not be fired from the power of signal circuit while any men are in the mine;

(o) The roof and ribs of working places shall be tested before and after firing each shot or group of multiple shots;

(p) Ample warning shall be given before shots are fired, and care shall be taken to ascertain that all persons are in the clear. Men shall be removed from adjoining working places when there is danger of a shot blowing through;

(q) Mixed types or brands of explosives shall not be charged or fired in any borehole;

(r) Mudcaps (adobes) or other unconfined shots shall not be fired underground in a mine;

(s) Before blasting, the continuity of the blasting circuits shall be tested with a permissible blaster's galvanometer specifically designed for this purpose;

(t) No instantaneous detonator shall be connected in a circuit containing short-period delay detonators. The first charge in a sequence shall be initiated by a short period delay detonator having a nominal delay period of not less than twenty-five (25) milliseconds;

(u) All short period delay detonators shall be wired in series;

(v) Each primer shall be made with care to insure that the detonator is inserted properly and does not protrude from the wrapping and that the leg wires are secured to the cartridge in a manner so that the detonator will not become dislodged in handling and charging;

(w) In making a primer, a powder punch of nonsparking material shall be used. The hole in the cartridge shall be at least one-half (1/2) inch deeper than the detonator used. Rolling the end of a cartridge to receive a detonator is prohibited;

(x) The primer shall be placed in the borehole first pointing outward and the rest of the charge shall be pushed in a continuous train to the back of the borehole to prevent cuttings from getting between the cartridges; and

(y) Suitable clean-up of loose coal and coal dust with adequate rock-dusting or wetting down at the face of each working place shall be completed prior to charging shot holes.

(11) Blasting cables shall be:

(a) Well insulated and as long as may be necessary to permit the shotfirer to get in a safe place around a corner;

(b) Short-circuited at the battery end until ready to attach to the blasting unit;

(c) Staggered as to length or the ends kept well separated when attached to the detonator leg wires; and

(d) Kept clear of power wires and all other possible sources of active or stray electric current.

(12) Where misfires occur with electric detonators, a waiting period of at least five (5) minutes shall elapse before anyone returns to the shot. After the failure, the blasting cable shall be disconnected from the source of power and the battery ends short-circuited before electric connections are examined.

(13) Explosives shall be removed by firing a separate charge at least two (2) feet away from, and parallel to, the misfired charge or by washing the stemming and the charge from the borehole with water, or by inserting and firing a new primer after the stemming has been washed out.

(14) A very careful search of the working place, and, if necessary, of the blasted material after it reaches the surface shall be made after blasting a misfired hole, to recover any undetonated explosive.

(15) The handling of a misfired shot shall be under the direct supervision of ***a certified***~~[the]~~ mine foreman~~[or a competent person designated by him]~~.

(16) Where compressed air is used for blasting or breaking coal, the following shall apply:

(a) Compressed air shall be conducted from the compressor to within a practical working distance of the face by steel airlines tested to withstand an approximate pressure of twenty thousand (20,000) pounds per square inch;

(b) Air lines shall be grounded at the compressor and, if possible, at other low-resistance ground connections along the lines, such as at borehole casings. They shall not be connected in any way to tracks, water lines, or other electric power return conductors and shall be suitably insulated where they cross electric wires or underneath the track;

(c) Shutoff valves shall be installed every one thousand (1,000) feet in all compressed-air blasting lines and in all branch lines at a point near the main lines;

(d) Compressed-air blasting lines shall be protected at places where equipment passes over, under, or adjacent to them;

(e) Steel, copper, or other lines shall not be handled or repaired when air pressure is in the line;

(f) Air lines shall be examined periodically for kinks or other weaknesses and replaced immediately when defects are found;

(g) Copper tubing shall be coiled and uncoiled properly. The part of the tubing that is affected by frequent coiling and uncoiling shall be renewed periodically because of the dangers from kinks and crystallization;

(h) Blowdown valves shall not be less than forty-five (45) feet from the face and shall be around a right angle;

(i) Holes for compressed-air tubes shall be within the limits of the cut;

(j) When blowdown valves are opened to discharge the tube, they shall remain open until time to place the tube in the next borehole except where shear-strip or shear-pin tubes are used;

(k) After breaking down the coal in any one (1) place, the tube shall be disconnected at once from the air line and not reconnected until ready to be used in the next place;

(l) When a differential-pressure-type tube fails to discharge, the line leading to the tube shall be disconnected at the blowdown valve, and the tube shall be dragged by means of the line to an inactive place, marked with warning signs, and left one (1) hour before any repair work is done thereon; and

(m) All persons shall be removed from adjoining working places where there is danger of breaking through and shall be at a safe distance around a right angle while coal breaking is in progress.

Section 10. KRS 352.280 is amended to read as follows:

In all mines the licensee or superintendent shall employ one (1) or more certified fire bosses or other properly certified persons. The fire boss or other properly certified person shall examine carefully within three (3) hours before each shift enters the mine, every working place, all places adjacent to live workings, every roadway where persons are required to work or travel, all abandoned panels on the intake, every seal on the intake, and all roof falls near active workings on the intake and on the working sections. Before proceeding with the examination he shall see that the air current is traveling its proper course. In making the examination he shall use an[~~ approved safety lamp or other~~] approved device ***for the purpose of detecting the presence of explosive and dangerous gases or deficiencies of oxygen***. The fire boss or other properly certified person shall examine for all dangers in all portions of the ***mine***[~~mines~~] under his charge, and after examination he shall leave at or as close as possible to the face of every place examined the date and time of the examination and his initials as evidence that he has performed his duty. He shall also examine the entrances to all worked-out and abandoned portions adjacent to the roadways and working places under his charge where explosive gas is likely to accumulate, and he shall place a danger ***sign***[~~signal~~] across the entrance to every place where explosive gas is discovered or where immediate danger is found to exist from any other cause. The ***danger sign***[~~signal~~] shall be sufficient warning for persons not to enter. When the mine is idle and workmen are required to go into the mine, the section, portion, or part of the mine entered must be inspected by a fire boss or other properly certified person within three (3) hours before the workmen enter. Each week, the fire boss or some other certified person designated by the mine foreman shall examine each seal on the return, all main intake and return entries, and all escapeways.

Section 11. KRS 352.300 is amended to read as follows:

(1)[~~ The mine foreman and the fire boss shall, at or near the main entrance to the mine, provide a permanent station with a proper danger signal, designated by suitable letters and colors placed thereon, and, if the working portions are one (1) mile or more from the entrance to the mine or from the bottom of the shaft or slope, a station of suitable dimensions for the use of the fire boss may be erected by the mine foreman in a location approved by the inspector.~~

~~(2)~~] No person, except the mine foreman, and in case of necessity other persons as are designated by him, and under his direct supervision for the purpose of correcting the dangerous condition, shall pass a danger ***sign***[~~signal~~] until the dangerous condition has been corrected. No person shall enter a mine until the mine has been examined by a fire boss and[~~ the mine or the portions of it beyond the fire boss station~~] reported by him to be safe.

(2)[~~(3)~~]The fire boss shall not allow any other person to enter or remain in any portion of the mine through which a dangerous accumulation of gas is being passed into the ventilating current from any portion of the mine. He shall report to the mine foreman at once any violations of KRS 352.280 to 352.310.

(3)[~~(4)~~]No person except a mine foreman, assistant mine foreman, fire boss or person designated by the mine foreman under subsection (2) of this section, shall pass or remove any danger ***sign***[~~signal~~] before the mine has been examined and reported to be safe.

(4)[~~(5)~~]No person shall pass or remove any danger ***sign***[~~signal~~] without permission from the mine foreman, the assistant mine foreman, or the fire boss.

(5)[~~(6)~~]If any mine foreman has knowledge of a violation of subsection (4) or (5) of this section, he shall immediately notify the licensee or superintendent who shall notify the mine inspector, in writing. The mine inspector shall then immediately institute proceedings against the offender.

Section 12. KRS 352.371 is amended to read as follows:

Whenever any working place approaches within fifty (50) feet of abandoned areas in the mine as shown by surveys made and certified by a ***licensed***~~[registered]~~ engineer, or within two hundred (200) feet of any other abandoned areas of the mine which cannot be inspected and which may contain dangerous accumulations of water or gas, or within two hundred (200) feet of any workings of an adjacent mine, a borehole or boreholes shall be drilled to a distance of at least twenty (20) feet in advance of the working face of the working place and shall be continually maintained to a distance of at least ten (10) feet in advance of the advancing working face. When there is more than one (1) borehole, they shall be drilled sufficiently close to each other to insure that the advancing working face will not accidentally hole through into abandoned areas or adjacent mines. Boreholes shall also be drilled not more than eight (8) feet apart in the rib of the working place to a distance of at least twenty (20) feet and at an angle of forty-five (45) degrees before additional cuts are taken. Rib holes shall be drilled in one (1) or both ribs of the working place as may be necessary for adequate protection of miners in such place.

Section 13. KRS 352.380 is amended to read as follows:

In case of the death or resignation of a mine foreman, the superintendent shall select a ~~[competent]~~certified ***mine foreman to assume the duties of his predecessor***~~[man, if one (1) is available, and if not, he may temporarily select any other competent man who, if approved by the mine inspector and the commissioner, may serve until the next examination. He shall, while acting as mine foreman, have the same duties and be liable to the same penalties]~~.

Section 14. Section 26 of House Bill 436 of the 2000 Regular Session, if that bill becomes law, is further amended to read as follows:

(1) The licensee of any mine may adopt special rules consistent with KRS Chapter 351 and this chapter for the government and operation of his mine, and covering all the work pertaining thereto in and out of the mine. Before the rules are put into effect they shall be approved in writing by the commissioner. The rules, when adopted and approved in writing by the commissioner, shall be printed on cardboard in the language spoken by seventy-five percent (75%) or more of the employees at the mine, and shall be posted on a bulletin board or some other conspicuous place about the mine where they may be seen by the employees at the mine. Before the rules are so adopted, approved and posted, the representative of the employees at the mine shall be given a copy thereof, and be deemed to have agreed thereto, before the employees are required to obey the rules.

(2) The mine rules shall be printed in a form prescribed by the commissioner.

(3) The licensee shall furnish each employee a copy of the mine rules, and each employee shall sign a statement indicating his receipt of a copy of the rules and his agreement to comply with them.

(4) The mine rules shall be included in the subjects taught during annual retraining of the mine's employees.

(5) On or after April 9, 1996, if new mine rules require special safety equipment or protective clothing to be used or worn by the employees, the licensee shall provide the equipment or clothing to the miners at no cost to them.

HB 579, AN ACT relating to chemical munitions.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.50-130 is amended to read as follows:

(1) The General Assembly of Kentucky finds that:

(a) The compounds listed in subsection (2) of this section were designed and configured to be utilized for warfare, with the purpose of incapacitating or inducing lethality in persons who come in contact with the compounds, and that the compounds have no legitimate civilian use;

(b) The Commonwealth of Kentucky owes to its residents a duty of utmost care to assure that no person will be exposed to these compounds or the degradation by-products of these compounds through purposeful or accidental release of the compounds into the air, land, or water of the Commonwealth, and also owes a duty to utilize the police powers of the Commonwealth to guarantee the safe demilitarization, decommissioning, dismantling, and disposal of weapons containing these compounds and to eliminate potential risks of exposure from the treatment and disposal of the compounds;

(c) Section 6929 of Title 42 of the United States Code, specifically recognizes and reserves to the Commonwealth the authority to impose reasonable restrictions directly relating to public health and safety with respect to the management of hazardous wastes beyond the minimum standards established under federal law; and

(d) There exist substantial gaps in information concerning the acute and chronic health effects and environmental consequences of exposure to the compounds and the degradation by-products of the compounds listed in subsection (2) of this section, which, given the high acute toxicity of the compounds relative to other regulated hazardous wastes, justify the imposition of standards correlative to the uncertainties and severity of risks potentially posed by the treatment or disposal of the compounds.

(2) Notwithstanding any other provision of this chapter, within thirty (30) days after July 15, 1988, the cabinet shall list the following ***compounds***~~[substances]~~ as hazardous wastes for the purposes of regulation of the treatment, storage, and disposal of the wastes under the delegated authority of the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et

seq.: GB (isopropyl methyl phosphonoflouridate); VX (O-ethyl-S-(2-diisopropylaminoethyl) methyl phosphonothiolate); and H (bis(2-chloroethyl) sulfide) and related compounds.

(3) In addition to the requirements of KRS 224.46-520(1), the cabinet shall consider the criteria set forth in this subsection in making a determination to issue, deny***,*** or condition a permit for any person desiring a permit to construct or operate a hazardous-waste site or facility for treatment[~~, storage,~~] or disposal of any of the ***compounds***[~~substances~~] identified in subsection (2) of this section. The applicant shall affirmatively demonstrate, and the cabinet shall find prior to issuance, conditional issuance, or denial of the permit, ***or draft permit*** that:

(a) The proposed treatment or destruction technology has been fully proven in an operational facility of scale, configuration, and throughput comparable to the proposed facility, ***or has been demonstrated as effective, within the chemical weapons disposal programs as directed in Pub. L. 104-208 and other applicable federal laws,***[~~for a period of time~~] sufficient to provide[~~ consistent~~] assurance of destruction or neutralization at an efficiency of ninety-nine and nine thousand, nine hundred, and ninety-nine ten thousandths percent (99.9999%) for each ***compound listed in subsection (2) of this section that is***[~~substance~~] proposed to be treated or destroyed, with the efficiency to be demonstrated as achievable[~~ during the design life of the facility~~] under all operating conditions***.***[~~ including~~] During the occurrence of malfunctions, upsets, or unplanned shutdowns***, all quantities of any compound listed in subsection (2) of this section shall be contained, reprocessed or otherwise controlled so as to ensure that the required efficiency is attained prior to any release to the environment***;

(b) Monitoring data from an operational facility ***or alternative disposal program*** as described in paragraph (a) of this subsection reflects ***that*** the[~~ absence of~~] emissions from treatment and destruction facilities or fugitive sources, including but not limited to the ***emissions of the compounds***[~~substances~~] identified in subsection (2) of this section and products of combustion,[~~ and~~] incomplete combustion, ***and other processes***[~~which~~] alone or in combination present ***no more than a minimal***[~~any~~] risk of acute or chronic human health effect, as demonstrated by sufficient and applicable toxicological data, or adverse environmental effect; and

(c) ***An emergency response***[~~A~~] plan has been submitted to the cabinet and approved, ***after public notice and an opportunity to be heard,*** providing for[~~ development and funding of~~] sufficient training, coordination, and equipment for state and local emergency response personnel, including[~~ the~~] health, police, fire, and ***other responders***[~~emergency response fields~~], to assure the ability of the community to respond to releases from such a facility***. The plan shall demonstrate***[~~, including development and funding of an emergency response plan by the applicant which demonstrates~~] the capability of evacuating prior to exposure***, or otherwise mitigating exposure for*** all individuals that might be exposed to releases from the facility during a credible worst-case release. In determining the population and area of potential exposure during a worst-case release, all possible climatic conditions and population distributions shall be assumed for the largest area where any exposure to the release could induce acute or chronic health consequences or environmental impact. ***If such a plan has not been fully implemented at the time of permit approval, the Division of Emergency Management shall advise the cabinet of critical shortcomings. Any permit issued shall include, as conditions, the resolution of critical shortcomings in the implementation of the plan, and shall not allow actual destruction of any of the compounds identified in subsection (2) of this section to begin until those permit conditions have been met to the satisfaction of the Division of Emergency Management. No later than January 1, 2001, the Division of Emergency Management shall complete an assessment of a draft plan previously submitted by the applicant and the respective counties and, after public notice and an opportunity to be heard, shall approve or reject the draft plan. The cabinet shall conduct no technical review of a permit application for treatment or disposal of these compounds until notified in writing by the Division of Emergency Management that the draft plan has been approved***[~~The plan shall be developed and submitted for approval by the applicant, and no technical review of a permit subject to this section shall proceed unless the plan has first been approved, after public notice and an opportunity to be heard concerning the plan~~].

(4) In considering any application for a permit subject to this section, and supporting information which shall be provided by the applicant on request by the cabinet, the cabinet shall not issue a permit unless, as part of the alternatives analysis of KRS 224.46-520(1), the cabinet makes an affirmative finding after public notice and an opportunity to be heard, that ***no alternative method of treatment or disposal exists in an operational facility or alternative disposal program as described in subsection (3)(a) of this section that create less risk of release, or acute or chronic health effect, or adverse environmental effect.***[~~:~~

~~(a) No alternative method of treatment or disposal, including, but not limited to, neutralization and transportation to a less-populated disposal site, exists that creates less risk of release or harm to the public or the environment in the event of release;~~

~~(b) No alternative method of treatment or destruction, including, but not limited to, neutralization and transportation to a less-populated disposal site, is likely to exist or could be developed which would pose less risk of release or harm to the public or environment in the event of release, before the time that the decomposition of the compounds or the containers or munitions housing the compounds, necessitates destruction of the compounds due to serious risk of imminent and substantial release of the compounds due to instability or container degradation. In considering~~

~~alternatives to the proposed activity, the cabinet shall affirmatively consider all reasonable alternatives, including alternatives that could be developed, and shall issue a permit only where it finds by clear and convincing evidence that no alternative treatment or disposal option, including transportation, exists or could be developed that would provide greater protection against exposure or harm to the public or environment.~~]

(5) In addition to the definition of the term as defined in this chapter, the term "treatment", as used in this section, shall include the manual or mechanical handling of the chemical compounds listed in subsection (2) of this section and of any munitions containing the compounds *during*[~~; and~~] the processing of munitions to remove the compounds, to separate *munitions*[~~compound~~] components, and to otherwise prepare the components and compounds for destruction, neutralization,[~~ transportation,~~] dismantling, or decommissioning. *The term "treatment" shall not include the handling, movement, or overpacking of containers or munitions containing a compound listed in subsection (2) of this section within the fenced boundaries of an area used for the storage of those munitions if:*

(a) A plan for the handling, movement, or overpacking is submitted and approved by the cabinet, after public notice and opportunity to be heard, before the handling, movement, or overpacking occurs; or

(b) An emergency has occurred and the handling, movement, or overpacking is necessary to protect human health, safety, or the environment, if a report describing the handling, movement, or overpacking is submitted to the cabinet as soon as possible after the emergency is abated.

HB 599, AN ACT relating to mining reclamation.

WHEREAS, land or water resources are sometimes adversely affected by unanticipated surface coal mining and reclamation operations outside the permitted area; and

WHEREAS, there are times when a coal operator or permittee is unreasonably prevented legal access to property for purposes of conducting reclamation or violation abatement activities; and

WHEREAS, the Natural Resources and Environmental Protection Cabinet has taken the legal position that the coal company has an easement by necessity to complete the required remedial measures, but such argument was rejected by Kentucky's highest court; and

WHEREAS, when the landowner unreasonably denies access to the coal operator or permittee, the coal operator or permittee is faced with cessation of his operation and denial of future permits both in Kentucky and in other coal producing states, as well as potential reclamation bond forfeiture; and

WHEREAS, it is the intent of the General Assembly to resolve this controversy;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) When a reclamation liability or violation occurs outside a permitted area and when the coal operator or permittee has been unreasonably denied sufficient access to the land or water resources to conduct reclamation or violation abatement activities, the Natural Resources and Environmental Protection Cabinet shall terminate any violation associated with such refusal. However, a penalty may be imposed in such a situation and the violation will remain in the operator's file.

(2) Nothing in this section shall affect any remedy or right of action available to any person for damages caused to that person's property by surface coal mining and reclamation operations.

The Committee Substitute No. 1 to **HB 599** is as follows:

HB 599, AN ACT relating to mining reclamation.

WHEREAS, land or water resources are sometimes adversely affected by unanticipated surface coal mining and reclamation operations outside the permitted area; and

WHEREAS, there are times when a coal operator or permittee is unreasonably prevented legal access to property for purposes of conducting reclamation or violation abatement activities; and

WHEREAS, the Natural Resources and Environmental Protection Cabinet has taken the legal position that the coal company has an easement by necessity to complete the required remedial measures, but such argument was rejected by Kentucky's highest court; and

WHEREAS, when the landowner unreasonably denies access to the coal operator or permittee, the coal operator or permittee is faced with cessation of his operation and denial of future permits both in Kentucky and in other coal producing states, as well as potential reclamation bond forfeiture; and

WHEREAS, it is the intent of the General Assembly to resolve this controversy;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) A permittee, operator, or other person who is responsible for abatement of a violation shall have access to the land affected by the violation for the limited purpose of abating the violation, if the violation creates an imminent danger to the health or safety of the public or of a person other than the landowner.

(2) If a violation other than one described in subsection (1) of this section cannot be abated because the permittee, operator, or other person who is responsible for abatement of the violation has been denied reasonable access to the land affected by the violation, the secretary or authorized representative of the cabinet shall terminate the notice of noncompliance or cessation order issued for the violation. Prior to terminating a notice of noncompliance or cessation order under this subsection, the secretary or authorized representative of the cabinet shall advise the landowner or occupant of the affected land refusing to allow access of that person's rights under this chapter. The secretary or authorized representative of the cabinet shall not terminate any notice of noncompliance or cessation order under this subsection if the secretary or authorized representative of the cabinet determines that the denial of access necessary to abate the violation has been procured through collusion between the permittee, operator, or other person who is responsible for abatement of the violation and the landowner or occupant of the affected land who is refusing to allow the necessary access. For purposes of this subparagraph, "reemployment" shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a position as regular full-time officer or a hazardous position. ***Effective August 1, 2000, if any physician of record has recommended specific lifestyle changes or medical treatments which are expected to lessen the person's incapacity and the medical evidence does not show that the individual has made a substantial attempt to comply with the recommended changes or treatment, the person's incapacity shall be presumed not to be permanent.***

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the

loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

(5) The disability retirement allowance shall be determined as provided in KRS 16.576, subject to the following:

(a) If the member's total service credit on his last day of paid employment in a regular full-time position is less than twenty (20) years, service shall be added beginning with his last date of paid employment and continuing to his fifty-fifth birthday. The maximum service credit added shall not exceed the total service the member had on his last day of paid employment, and the maximum service credit for calculating his retirement allowance, including his total service and service added under this section, shall not exceed twenty (20) years;

(b) If the member's total service credit on his last day of paid employment is twenty (20) or more years, then his total service credit shall be used.

(6) If the member receives a satisfactory determination of total and permanent disability or hazardous disability pursuant to KRS 61.665 and the disability is the direct result of an act in line of duty, the member's retirement allowance shall be calculated as follows:

(a) For the disabled member, benefits as provided in subsection (5) of this section except that the monthly retirement allowance payable shall not be less than twenty-five percent (25%) of the member's monthly final rate of pay; and

(b) For each dependent child of the member on his disability retirement date, who is alive at the time any particular payment is due, a monthly payment equal to ten percent (10%) of the disabled member's monthly final rate of pay; however, total maximum dependent children's benefit shall not exceed forty percent (40%) of the member's monthly final rate of pay. The payments shall be payable to each dependent child, or to a legally appointed guardian or as directed by the system.

(7) No benefit provided in this section shall be reduced as a result of any change in the extent of disability of any retired member who is age fifty-five (55) or older.

hundred (100) or more hours of work per month on a calendar or fiscal year basis. If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred hours of work. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4).

(b) Any noncertified employee of a school board may purchase service credit for part-time employment prior to the 1990-91 school year which averaged eighty (80) or more hours of work per month on a calendar or fiscal year basis by paying to the County Employees Retirement System a delayed contribution payment. (13) A retired member, who is contributing to one (1) of the state-administered retirement programs and purchases service credit under this section in the system or systems from which he is retired, shall have his retirement allowance recomputed:

(a) Upon termination from employment, if the member is contributing to the same system or systems from which he was retired; or

(b) Upon completion of six (6) months' service credit as required under subsection (6) of this section, if the member is contributing to a system other than the system or systems from which he is retired.

The employee may also obtain credit for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, but only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. ***Once multiple service purchases have been combined in an installment purchase, the employee may not separate the purchases or pay a portion of one (1) of the purchases.*** The employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalculated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal.

(c) The employee shall pay the installments by payroll deduction each pay period. Upon notification by the retirement system, the employer shall report the installment payments separate from regular employee contributions on the forms or by the computer format specified by the board. (d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee ***elects to stop the installment payments,*** dies, retires, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal of the purchase by lump sum. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(f) If the employer does not report installment payments on an employee for sixty (60) days, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(g) If payments have ceased under paragraph(e) or (f) of this subsection and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

Service credit may also be purchased***[~~Section 401(a) of the Internal Revenue Code or~~] by a rollover of funds from ***a qualified retirement***[~~the~~] plan pursuant to the rules specified in ***26 U.S.C. sec. 402(c).***[~~Section 402(c) of the Internal Revenue Code and~~] The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in ***26 U.S.C. secs.***[~~Section~~] 402(c) and[~~ Section~~] 401(a)(31)[~~ of the Internal Revenue Code~~]. The amount shall be credited to the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

The employee shall pay the full cost of the service credit as determined by the system. Payment may be by lump sum or by increments. The employee may transfer funds directly from the other unit of government's plan if eligible to the extent permitted under subsection (16)(h) of this section and to the extent permitted by the other state's laws, and the employee shall provide proof that he is not eligible for a retirement benefit for the period of service from the other unit of government's plan.

(19) Any employee participating in one (1) of the state-administered retirement systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) who has completed service as a volunteer in the Kentucky Peace Corps, created by KRS 154.01-720, may purchase service credit for the time served in the corps by making delayed contribution payments.

The cost of the service shall be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4).

(22) Any employee participating in one (1) of the state-administered retirement systems on June 30, 2000, may obtain credit for subsequent service with a parted employer from the Commonwealth operating for the purposes of KRS 163.475, by paying to the respective retirement system a delayed contribution payment if the respective retirement system receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The cost of the service shall be determined as a delayed contribution payment for the respective retirement system. Payment may be made by lump sum or in increments. The payment shall not be picked up, as described in KRS 61.560(4) or KRS 78.610(4), by the employer.

The delayed contribution payment shall not be picked up, as described KRS 61.560(4), by the employer and shall be deposited to the individual member's account.

(7) Effective July 1, 1978, no veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for such pension in the future; but nothing in this section shall prohibit the purchase of credit if the military pension results from service primarily on inactive duty in a reserve component of the Armed Forces, or if the military pension is a disability pension, or is for a veteran sixty-five (65) years of age or older who is considered permanently and totally disabled. Any veteran receiving a military disability pension who retired prior to July 15, 1986, who was unable to purchase military service credit pursuant to subsection (4) or subsection (6) of this section, may make the payment required by subsection (4) or subsection (6), and his retirement benefits shall be recalculated to apply to all retirement allowances and insurance benefits received after the date of the payment. Retiree payments pursuant to subsection (4) of this section shall not be accepted unless matching state funds are available in the special appropriation account.

(8) Any ***employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems***[~~member of the Kentucky Employees Retirement System~~] age sixty-five (65) or older who has forty-eight (48) months of service, at least twelve (12) of which are current service, or ***if younger***[~~any member of the Kentucky Employees Retirement System or the State Police Retirement System~~] who has sixty (60) months of service, at least twelve (12) of which are current service, shall receive one (1) month of current service for each six (6) months of service in the National Guard or the military reserves of the United States, by paying the retirement system the full actuarial cost as determined by the system. The service shall be treated as service earned prior to participation in the system and shall not be included in the member's final compensation. Payment may be made by lump sum or in increments. The payment shall not be picked up by the employer, as described in KRS 16.545(4), 61.560(4), or 78.610(4) and shall be deposited in the member's individual retirement account.

Section 16. KRS 61.575 is amended to read as follows:

(1) The members' contribution account shall be the account to which all members' contributions, or contributions picked up by the employer after August 1, 1982, and interest allowances as provided in KRS 61.510 to 61.692 shall be credited. From this account shall be paid the accumulated contributions of a member required to be returned to him upon withdrawal, or paid in the event of his death before retirement. ***Prior to the member's retirement, death, or refund in accordance with Section 23 of this Act, no funds shall be made available from the member contribution account.***

(2) Each member's contribution or contribution picked up by the employer shall be credited to the individual account of the contributing member.

(3) Each member on June 30 of each year shall have his individual account credited with interest at a rate determined by the board but not less than two percent (2%) per annum on the accumulated contributions of the member on June 30 of the preceding fiscal year and the amounts so credited shall be transferred from the retirement allowance account.

(4) Upon the retirement of a member, his accumulated contributions shall be transferred from the members' contribution account to the retirement allowance account.

Section 17. KRS 61.592 is amended to read as follows:

(1) "Hazardous position" means any position whose principal duties involve active law enforcement, including the positions of probation and parole officer and Commonwealth detective, active fire suppression or prevention, or other positions, including, but not limited to, pilots of the Transportation Cabinet and paramedics and emergency medical technicians, with duties that require frequent exposure to a high degree of danger or peril and also require a high degree of physical conditioning. Hazardous positions shall include positions in the Department of Corrections in state correctional institutions and the Kentucky Correctional Psychiatric Center with duties that regularly and routinely require face-to-face contact with inmates.

(2) Each employer may request of the board hazardous duty coverage for those positions as defined in subsection (1) of this section, but a county, narrowly defined as one (1) of Kentucky's one hundred and twenty (120) counties, the provisions of KRS 78.510(3) notwithstanding, shall request hazardous duty coverage for its full-time paid firefighters. Upon request, each employer shall certify to the system, in the manner prescribed by the board, the names of all employees working in a hazardous position as defined in subsection (1) of this section for which coverage is requested. The certification of the employer shall bear the approval of the agent or agency responsible for the budget of the department or county indicating that the required employer contributions have been provided for in the budget of the employing department or county. The system shall determine whether the employees whose names have been certified by the employer are working in positions meeting the definition of a hazardous position as provided by subsection (1) of this section.

(3) (a) An employee participating in the Kentucky Employees Retirement System who is determined by the system to be working in a hazardous position in accordance with subsection (2) of this section shall contribute, for each pay period for which he receives compensation, seven percent (7%) of his creditable compensation. An employee participating in the County Employees Retirement System who is determined by the system to be working in a hazardous duty position in accordance with subsection (2) of this section shall contribute, for each pay period for which he receives compensation, eight percent (8%) of his creditable compensation;

(b) Each employer shall pay employer contributions based on the creditable compensation of the employees determined by the system to be working in a hazardous position at the employer contribution rate as determined by the board. The rate shall be determined by actuarial methods consistent with the provisions of KRS 61.565;

(c) If the employer participated in the system prior to electing hazardous duty coverage, the employer may pay to the system the cost ***of converting***~~[in order that]~~ the nonhazardous service ***to hazardous service from the date of participation to the date the payment is made***~~[be credited as hazardous service]~~, or the employer may establish a payment schedule for payment of the cost of the hazardous service above that which would be funded within the existing employer contribution rate. The employer may extend the payment schedule to a maximum of thirty (30) years. Payments made by the employer under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members. If the employer elects not to make the additional payment, the employee may make the lump-sum payment in his own behalf or may pay by increments. Payments made by the employee under this subsection shall not be picked up, as described in KRS 61.560(4), by the employer. If neither the employer nor employee makes the payment, the service prior to hazardous coverage shall remain nonhazardous.

(4) Except for the employee contribution by members of the Kentucky Employees Retirement System, the normal retirement age, retirement allowance, other benefits, eligibility requirements, rights, and responsibilities of a member in a hazardous position, as prescribed by subsections (1), (2), and (3) of this section, and the responsibilities, rights, and requirements of his employer shall be as prescribed for a member and employer participating in the State Police Retirement System as provided for by KRS 16.510 to 16.652. The employee contribution for a member of the Kentucky Employees Retirement System shall be seven percent (7%).

(5) Any person employed in a hazardous position after July 1, 1972, shall be required to undergo a thorough medical

examination by a licensed physician, and a copy of the medical report of the physician shall be retained on file by the employee's department or county and made available to the system upon request.

(6) If doubt exists regarding the benefits payable to a hazardous position employee under this section, the board shall determine the benefits payable under KRS 61.515 to 61.705, or 78.520 to 78.852, or 16.510 to 16.652.

Section 18. KRS 61.590 is amended to read as follows:

(1) A member or beneficiary eligible to receive retirement benefits under any of the provisions of KRS 61.510 to 61.705, KRS 78.510 to 78.852, and KRS 16.510 to 16.652 shall have on file at the retirement office on the form prescribed by the board, notification of retirement, giving his name, address, Social Security number, last day of employment, and other information the system may require. ***The notification of retirement shall not be filed more than six (6) months before the member's effective retirement date.***

(2) Within ten (10) days of the receipt of the notification of retirement form ***submitted within two (2) months of the effective date of retirement***, the system shall cause to be prepared an estimate of the amounts the member or beneficiary may expect to receive under the various plans available to the member or beneficiary. This information shall be recorded on a form entitled "Estimated Retirement Allowance" and forwarded to the member or beneficiary. ***If the member submits a notification of retirement form more than two (2) months prior to the effective retirement date, the system shall provide the estimated retirement allowance within forty-five (45) days of the member's effective retirement date.***

(3) The member or beneficiary shall file at the retirement office the form entitled "Estimated Retirement Allowance" after he has checked the plan of his choice, signed the document and had his signature witnessed. A member or beneficiary may not select a different plan after the first retirement allowance payment has been issued by the State Treasurer.

(4) A member or beneficiary choosing a monthly payment plan shall have on file at the retirement office his birth certificate or other acceptable evidence of date of birth. If a survivorship plan is chosen, proof of dates of birth of the beneficiary and member shall be on file at the retirement office.

(5) The effective date of normal retirement shall be the first month following the month in which employment was terminated from a regular full-time position. The effective date of disability retirement shall be the first month following the month in which the member's last day of paid employment in a regular full-time position occurred. The effective date of early retirement shall be the first month following the month the notification of retirement form is filed at the retirement office, if employment in a regular full-time position has been terminated.

(6) The effective date of a deferred retirement option as provided under KRS 16.576(5) shall be the month following age sixty-five (65), or the month following written notification from the member that he wishes to begin receiving retirement payments. In the event of the death of a member who has deferred his retirement allowance, the effective date of retirement shall be the month following the member's death.

(7) Notwithstanding the provisions of KRS 16.578 or 61.640, the effective date of a beneficiary's retirement allowance under normal, early, or disability retirement shall be as prescribed in subsection (5) or (6) of this section if the member dies before the first retirement allowance has been issued by the State Treasurer and his beneficiary becomes eligible for payments under KRS 16.578 or 61.640.

Section 19. KRS 61.600 is amended to read as follows:

(1) Any person may qualify to retire on disability, subject to the following conditions:

(a) The person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1) or 78.615(1);

(b) The person shall ***not*** be ***eligible for an unreduced retirement allowance***~~[less than normal retirement age]~~;

(c) The person's application shall be on file in the retirement office no later than ***twenty-four (24)***~~[twelve (12)]~~ months after the person's last day of paid employment, as defined in KRS 61.510, in a regular full-time position, as defined in KRS 61.510 or KRS 78.510;

(d) The person shall receive a satisfactory determination pursuant to KRS 61.665; and

(e) No ***person's*** disability application based on the same claim of incapacity shall be accepted and considered for disability ***if that***~~[for any]~~ person~~[who]~~ has previously applied for and been denied disability benefits~~[unless it is accompanied by evidence of a substantial change in the person's condition which shall satisfy subsection (4) of this section. The application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment in a regular full-time position]~~.

(2) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The person, since his last day of paid employment, has been mentally or physically incapacitated to perform the job, or jobs of like duties, from which he received his last paid employment. In determining whether the person may return to a job of like duties, any reasonable accommodation by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered;

(b) The incapacity is a result of bodily injury, mental illness, or disease. For purposes of this section, "injury" means any ***traumatic event or series of traumatic events producing a harmful change in the human organism evidenced by objective medical findings. Injury does not include the effects of the natural aging process; a communicable disease unless the risk of contracting the disease is increased by nature of the employment; or a psychological, psychiatric, or stress-related change in the human organism unless it is the direct result of a*** physical ***injury***[~~harm or damage to the human organism other than disease or mental illness~~];

(c) The incapacity is deemed to be permanent; and

(d) The incapacity does not result directly or indirectly from bodily injury, mental illness, ***or*** disease[~~, or condition~~] which pre-existed membership in the system or reemployment, whichever is most recent. For purposes of this subsection, reemployment shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(3) Paragraph (d) of subsection (2) shall not apply if:

(a) The incapacity is a result of bodily injury, mental illness, ***or*** disease[~~, or condition~~] which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

(b) The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a regular full-time position. ***Effective August 1, 2000, if any physician of record has recommended specific lifestyle changes or medical treatments which are expected to lessen the person's incapacity and the medical evidence does not show that the individual has made a substantial attempt to comply with the recommended changes or treatment, the person's incapacity shall be presumed not to be permanent.***

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

[~~(5) Persons who have previously qualified for disability retirement and have had benefits discontinued shall be reevaluated under the criteria of subsection (2) of this section.~~]

Section 20. KRS 61.605 is amended to read as follows:

Upon disability retirement, an employee may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability except that service credit shall be added to the employee's total service beginning with his last date of paid employment and continuing to his sixty-fifth (65th) birthday; however, the maximum service credit added shall not exceed the total service the employee had upon his last day of paid employment, and the maximum combined service credit for calculating his disability retirement allowance, including total service and added service shall not exceed twenty-five (25) years. If, however, an employee has accumulated twenty-five (25) or more years of total service, he shall receive added service necessary to bring his combined service credit, including total and added service, to ***twenty-seven (27)***~~[thirty (30)]~~ years.~~[When the employee has accumulated total service of thirty (30) or more years, his total service shall be used in computing disability benefits. For employees hired on or after July 15, 1998, the total service and added service for determining disability benefits shall not exceed twenty-seven (27) years.]~~

Section 21. KRS 61.607 is amended to read as follows:

Notwithstanding any other provisions of KRS 16.505 to 16.652, 61.510 to 61.705, or 78.510 to 78.852, a maximum disability benefit is hereby established which shall apply, upon disability retirement, to any disabled employee's account to which service credit is added to determine disability benefits or in any case where disability benefits are determined by computing a percentage of the disabled employee's final monthly rate of pay. The maximum disability benefit shall be determined by the following formula:

(1) ***The member shall notify the retirement system of his intent to apply for disability benefits from the Social Security Administration or benefits from workers' compensation. Upon receipt of approval for disability benefits from the Social Security Administration or benefits from workers' compensation, the member shall file at the retirement office copies of the approvals***~~[Add the monthly benefit payable to the disabled employee from the retirement system, using the monthly disability retirement allowance (not optional plan) but excluding dependent children's allowances, if any, to his monthly benefit, if any, from Social Security, even though these payments may not begin for a period of time as required for qualification under the federal Social Security law, excluding spouse or dependent benefits, and his monthly benefit, if any, from workers' compensation, even though these payments may not have begun as of the date the disabled member applies for disability retirement benefits, excluding spouse or dependent children's allowances, from workers' compensation, to arrive at a projected combined monthly benefit]~~.

(2) ***The following shall be added together:***

(a) The member's gross monthly disability retirement allowance determined in accordance with Section 4 or Section 20 of this Act, excluding payments to dependent children and before any actuarial reduction for purposes of an optional retirement plan under KRS 61.635 or KRS 16.576, converted to an annual amount;

(b) The member's total gross annual benefit from workers' compensation. If the member's benefit includes a lump sum payment for a period less than the member's lifetime, or attorney fees, then an annualized benefit shall be determined as follows:

1. The gross amount of any lump sum payment shall be divided by the member's life expectancy expressed in years from the effective date of the award.

2. The total gross amount of all payments paid for any period other than the member's lifetime shall be divided by the member's life expectancy, expressed in years, from the effective date of the award.

3. The totals determined in subparagraphs 1. and 2. of this paragraph shall be combined and added to the total gross annual amount of the member's lifetime benefit, if any; and

(c) The member's gross monthly disability benefit from the Social Security Administration, excluding spouse or dependent benefits, converted to an annual amount.

(3) If the projected combined ***annual***~~[monthly]~~ benefit exceeds one hundred percent (100%) of the disabled employee's final rate of pay or his final compensation, whichever is greater, his disability retirement allowance from the retirement system shall be reduced ***as follows:***

(a) The member's annual disability retirement allowance shall be subtracted from the total determined in subsection (2) of this section.

(b) The difference shall be divided by twelve (12) and subtracted from the member's monthly retirement allowance determined in accordance with Section 4 or Section 20 of this Act, excluding payments to dependent children and before any actuarial reduction for purposes of an optional retirement plan under KRS 61.635 or KRS 16.576.

(c) The actuarial reduction for the member's optional plan under KRS 61.635 or KRS 16.576 shall be applied to determine the member's monthly retirement allowance. The reduction shall apply to all retirement allowances received since the date the combined benefits exceeded one hundred percent (100%) of the higher of the member's final compensation or final rate of pay based on the effective dates of the individual benefits.~~[to an amount which would cause his projected combined monthly benefit to equal one hundred percent (100%) of his~~

~~final rate of pay or his final compensation, whichever is greater; however,~~]

(4) the disability retirement allowance ***payable under this section*** shall not be reduced below an amount which would result from a computation of his ***retirement allowance under early retirement or his*** disability retirement allowance from the retirement system using the disabled employee's actual total service***, whichever is greater***.

(5)[~~(3)~~]The system may pay estimated benefits to a disabled employee, upon qualification for disability retirement, based on an estimate of his Social Security and workers' compensation benefits until the amounts are actually determined, at which time a final calculation of the member's actual benefits shall be determined and his account corrected retroactive to his effective retirement date.

(6)[~~(4)~~]Any increase in Social Security benefits or workers' compensation benefits which becomes law, regardless of their effective date, subsequent to the disabled employee's effective retirement date, shall not be considered in determination of the maximum benefit payable, as the maximum benefit payable is based on the amount of combined benefits under these programs as of the disabled employee's effective retirement date. ***Until the member files proof of the amount of Social Security and workers' compensation benefits prior to any increase which became law, the retirement system shall determine the maximum amount payable under this section based on the amount of the Social Security and workers' compensation benefits, including increases.***

(7)[~~(5)~~]Any disabled recipient whose potential payments from the system were reduced as provided for in this section shall advise the system if his payments under the Federal Social Security Act or Workers' Compensation Act cease at any time subsequent to his effective retirement date. Upon investigation, if the system determines that the disabled recipient continues to be eligible for disability benefits, the system may increase ***the recipient's***[~~his~~] retirement allowance ***from the date Social Security or workers' compensation benefits cease or are reduced*** by ***recalculating***[~~adding to~~] his ***retirement allowance***[~~payment an amount equal to the reduction applied upon the effective retirement date~~] in accordance with[~~ subsection (2) of~~] this section.

Section 22. KRS 61.615 is amended to read as follows:

(1) If a recipient of a disability retirement allowance is, prior to his normal retirement date, employed in a position with the same or similar duties as the position from which he was disabled, except where the recipient has returned to work on a trial basis not to exceed nine (9) months, the board may reduce the retirement allowance. Each recipient of a disability retirement allowance who is engaged in gainful employment shall notify the system of any employment; otherwise, the system shall have the right to recover payments made during the employment. ***The system may employ or contract for the services of individuals to investigate and report on the applicant or recipient's physical condition, engagement in gainful employment, or ability to engage in gainful employment.***

(2) If it is determined that any disabled recipient is able to be employed in a position with the same or similar duties as the position from which he was disabled, and if the board finds that the person refused any employment considered by the board suitable to his capacity, he shall not be entitled to any allowance during the continuance of his refusal, unless in the opinion of the board his refusal was justified.

(3) The system shall have full power and exclusive authority to reduce or discontinue a disability retirement allowance and the system shall utilize procedures consistent with KRS 61.665, including services of an examiner, in determining the amount of reduction in retirement allowance under this section.

(4) If a disability retirement allowance is reduced or discontinued, the member may apply for early retirement benefits as provided under KRS 61.559, subject to the following provisions:

   (a) The member may not change his beneficiary or payment option;

   (b) If the member has returned to employment with an employer participating in the system from which he retired, the service and creditable compensation shall be used in recomputing his benefit, except that the member's final compensation shall not be less than the final compensation last used in determining his retirement allowance;

   (c) The benefit shall be reduced as provided by KRS 61.595(2);

   (d) The member shall remain eligible for reinstatement of his disability allowance upon reevaluation by the medical review board until his normal retirement age; and

   (e) Upon attaining normal retirement age, the member shall receive the higher of either his disability retirement allowance or his early retirement allowance.

(5) No disability retirement allowance shall be reduced or discontinued by the system after the member's normal retirement date except in case of reemployment as provided for by KRS 61.637. If a disability retirement allowance has been reduced or discontinued, except if the member is reemployed as provided for by KRS 61.637, the retirement allowance shall be reinstated upon attainment of the member's normal retirement age to the retirement allowance prior to adjustment. No reinstated payment shall be less than the recipient is receiving upon attainment of the member's normal retirement age.

Section 23. KRS 61.625 is amended to read as follows:

(1) A member if living, or if not living, his designated beneficiary, shall have the right to request a refund of his accumulated contributions, including the amount of any employee contributions picked up by the employer pursuant to KRS 61.560(4),

reduced by the amount of any retirement allowances previously received if[~~:~~

~~(a)~~] the member's employment has been terminated and the member is not participating in the same retirement system[~~;~~

~~(b) The member is employed in an employment status as defined in KRS 61.510(21)(a) to (d) that does not require the member to participate in the system; or~~

~~(c) The member has been laid off for ninety (90) days or more~~].

(2) Payments made under this section shall be in lieu of any other benefits due for the period of service under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, and 78.520 to 78.852, unless the period of service is regained as provided under KRS 61.552. Payments of taxable distributions made pursuant to this section shall be subject to state and federal tax as appropriate.

(3) Refund of contributions of members whose benefits have been terminated pursuant to KRS 6.696 shall be governed by that section.

Section 24. KRS 61.637 is amended to read as follows:

(1) A retired member who is receiving monthly retirement payments under any of the provisions of KRS 61.515 to 61.705 and 78.520 to 78.852 and who is reemployed as an employee by a participating agency ***prior to August 1, 1998,*** shall have his retirement payments suspended for the duration of reemployment, except as provided in subsection (7) of this section. Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.515 to 61.705 and 78.520 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment;

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment;

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined;

2. If the retired member initially retired on or subsequent to his normal retirement date, his retirement allowance shall be recomputed by using the formula in KRS 61.595(1);

3. If the retired member initially retired prior to his normal retirement date, his retirement allowance shall be recomputed using the formula in KRS 61.595(2), except that the member's age used in computing benefits shall be his age at the time of his initial retirement increased by the number of months of service credit earned for service performed during reemployment;

4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691;

5. Any retired member who was reemployed prior to March 26, 1974, shall begin making contributions to the system in accordance with the provisions of this section on the first day of the month following March 26, 1974.

(5) A retired member, or his estate, shall pay to the retirement fund the total amount of payments which are not suspended in accordance with subsection (1) of this section if the member received more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment, except the retired member or his estate may repay the lesser of the total amount of payments which were

not suspended or fifty cents ($0.50) of each dollar earned over the maximum permissible earnings during reemployment if under age sixty-five (65), or one dollar ($1) for every three dollars ($3) earned if over age sixty-five (65).

(6) (a) "Reemployment" or "reinstatement" as used in this section shall not include a retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095; and

2. If a member of the Kentucky Employees Retirement System retires from a department which participates in more than one (1) retirement system and is reemployed within one (1) month of his initial retirement date by the same department in a position participating in another retirement system, the retired member's retirement allowance shall be suspended for the first month of his retirement and the member shall repay to the retirement system all benefits received for the month.

(b) The job descriptions and statements of duties shall be filed with the retirement office.

(14) If the retirement system determines that the retired member has been employed in a position with the same principal duties as the position from which the member retired:

Service credit gained after the member's date of reemployment shall be credited to the second member account.

(e) Upon termination, the retired member shall be entitled to benefits payable from his second retirement account.

(15) (a) If the retirement system determines that the retired member has not been reemployed in a position with the same principal duties as the position from which he retired, the retired member shall continue to receive his retirement allowance.

(b) If the position is a regular full-time position, the member shall contribute to a second member account in the retirement system.

All proceedings and records of the board shall be open for inspection by the public. The system shall make copies of the audit required by this subsection available for examination by any member, retiree, or beneficiary in the office of the general manager of the Kentucky Retirement Systems and in other places as necessary to make the audit available to all members, retirees, and beneficiaries. A copy of the annual audit shall be sent to the Legislative Research Commission no later than ten (10) days after receipt by the board.

(13) All expenses incurred by or on behalf of the system and the board in the administration of the system during a fiscal year shall be paid from the retirement allowance account. Any other statute to the contrary notwithstanding, authorization for all expenditures relating to the administrative operations of the system shall be contained in the biennial budget unit request, branch budget recommendation, and the financial plan adopted by the General Assembly pursuant to KRS Chapter 48.

(14) Any person adversely affected by a decision of the board, except as provided under subsection (16) of this section or KRS 61.665, involving KRS 16.510 to 16.652, KRS 61.515 to 61.705, and KRS 78.520 to 78.852, may appeal the decision of the board to the Franklin Circuit Court within sixty (60) days of the board action.

2. On an informed basis; and
3. In a manner he honestly believes to be in the best interest of the Kentucky Retirement Systems.

(b) A trustee discharges his duties on an informed basis if, when he makes an inquiry into the business and affairs of the Kentucky Retirement Systems or into a particular action to be taken or decision to be made, he exercises the care an ordinary prudent person in a like position would exercise under similar circumstances.

(c) In discharging his duties, a trustee may rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

1. One (1) or more officers or employees of the Kentucky Retirement Systems whom the trustee honestly believes to be reliable and competent in the matters presented;
2. Legal counsel, public accountants, actuaries, or other persons as to matters the trustee honestly believes are within the person's professional or expert competence; or
3. A committee of the board of trustees of which he is not a member if the trustee honestly believes the committee merits confidence.

(d) A trustee shall not be considered as acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by paragraph (c) of this subsection unwarranted.

(e) Any action taken as a trustee, or any failure to take any action as a trustee, shall not be the basis for monetary damages or injunctive relief unless:

1. The trustee has breached or failed to perform the duties of the trustee's office in compliance with this section; and
2. In the case of an action for monetary damages, the breach or failure to perform constitutes willful misconduct or wanton or reckless disregard for human rights, safety, or property.

(f) A person bringing an action for monetary damages under this section shall have the burden of proving by clear and convincing evidence the provisions of paragraphs (e)1. and (e)2. of this subsection, and the burden of proving that the breach or failure to perform was the legal cause of damages suffered by the Kentucky Retirement Systems.

(g) Nothing in this section shall eliminate or limit the liability of any trustee for any act or omission occurring prior to July 15, 1988.

(16) When an order by the system substantially impairs the benefits or rights of a member, retired member, or recipient, except action which relates to entitlement to disability benefits, the affected member, retired member, or recipient may request a hearing to be held in accordance with KRS Chapter 13B. The member, retired member, or recipient aggrieved by a final order of the board following the hearing may appeal the decision to the Franklin Circuit Court, in accordance with KRS Chapter 13B.

(17) The board shall give the Kentucky Education Support Personnel Association twenty-four (24) hours notice of the board meetings, to the extent possible.

(2) (a) Each employee requesting disability retirement shall ***file at***[~~furnish~~] the retirement office[~~ with~~] the names and addresses of ***all, but no fewer than*** two (2)***,***[~~ or more~~] physicians who have the necessary information to report the employee's physical and mental condition. The employee shall also file at the retirement office a complete description of the job and duties from which he received his last pay as well as evidence that the employee has made a request for reasonable accommodation as provided for in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630. ***If an employee fails to file, at the retirement office within six (6) months of the date the employee filed his notification of retirement, any of the information required by this subsection, the employee's application for disability benefits shall be void.***

(b) The employer shall file at the retirement office a complete description of the job and duties for which the employee was last paid and shall submit a detailed description of reasonable accommodations attempted.

(c) The board shall prescribe forms upon which medical evidence shall be recorded. The forms shall be sent to the employee's physicians with the request that the documents be completed and filed at the retirement office.

(d) The cost of a medical examination shall be paid by the employee. The physicians shall be paid a reasonable amount by the retirement system for the filing of the medical report with the retirement office, pursuant to an administrative regulation promulgated by the board.

(e) The system shall select a medical examiner to evaluate the medical evidence submitted by the employee's physician. The examiner shall recommend that disability retirement be approved, or that disability retirement be denied. If the medical examiner recommends denial of disability benefits, the system shall submit the member's application to ***one (1)***[~~two (2)~~] additional medical examiners. ***If the second medical examiner recommends approval, the application shall be submitted to a third medical examiner.*** Both of the additional medical examiners shall recommend approval of disability benefits to overturn the original recommendation. ***If there is objective medical evidence of mental impairments, the medical examiners may request the board's mental health professional to assist in determining the level of the mental impairment.*** Recommendations by the examiners shall be submitted to the board for approval.

(f) If the medical examiners recommend that the employee be approved for disability retirement, the general manager shall make retirement payments in accordance with the retirement plan selected by the employee.

(g) If the medical examiners recommend that the employee be denied disability retirement, the general manager shall notify the employee of this recommendation. The employee shall have sixty (60) days to file at the retirement office additional medical information or to appeal his denial for disability benefits by filing at the retirement office a request for a formal hearing. An extension of time may be granted by the system for a medical examiner to evaluate additional medical information. The extensions of time shall not be for more than sixty (60) days for any one (1) extension, and no more than three (3) extensions shall be granted. The cumulative extension of time shall not exceed one hundred twenty (120) days. The extension of time shall end upon request of a formal hearing.

(h) The medical examiners shall be paid a reasonable amount by the retirement system for each case evaluated.

(i) Notwithstanding the foregoing provisions of this section, the system may pay for one (1) or more medical examinations requested by the examiners for the purpose of providing medical information deemed necessary by the examiners. The system may direct that a specialist be sought.

(j) The employee shall file at the retirement office the names and addresses of all physicians who perform medical examinations or procedures in conjunction with applications for benefits from the Social Security Administration or workers' compensation and shall provide copies of the reports of those examinations or procedures.

(3) Any person aggrieved by a final order or determination of the system may file at the retirement office a request that a hearing be conducted by the system in accordance with KRS Chapter 13B. The right to demand a hearing shall be limited to a period of sixty (60) days after the requester has had notice, as described in subsection (6) of this section, of the system's determination. If any extensions of time are granted by the system, they shall be as provided for in subsection (2)(g) of this section.

(a) Any person whose disability benefits have been reduced, discontinued, or denied pursuant to subsection (2)(g) of this section or KRS 61.615(1) may file at the retirement office a request for an administrative hearing with the system. The right to demand a hearing shall be limited to a period of sixty (60) days after the requester has had notice, as described in subsection (6) of this section, of the system's determination. The request shall be filed with the general manager, at the system's central office in Frankfort. The request for a hearing shall include a short and plain statement of the reasons the reduction, discontinuance, or denial of disability benefits is being contested. The request shall not operate as a stay of any reduction, discontinuance, or denial of benefits.

(b) Failure of the member to request a formal hearing within the period of time specified shall preclude the member from proceeding any further with his cause of action, except as provided in KRS 61.600(1)(e). This paragraph shall not limit the member's right to appeal to a court.

(c) The system may require the member requesting the formal hearing to submit to one (1) or more medical or psychological examinations. Notice of the time and place of the examination shall be mailed to the member or his legal representative. The system shall be responsible for the cost of the examination.

(d) A final order of the board shall be based on substantial evidence appearing in the record as a whole and shall set forth the decision of the board and the facts and law upon which the decision is based.

(e) A final order of the board which alters or amends the decision recommended pursuant to subsection (2)(g) of this section shall relate back and take effect on the date of the recommendation.

(f) All requests for a hearing pursuant to this section shall be made in writing.

(4) The board may establish an appeals committee whose members shall be appointed by the chairman and who shall have the authority to act upon the recommendations and reports of the hearing officer pursuant to this section on behalf of the board.

(5) Any person aggrieved by a final order of the board may seek judicial review after all administrative appeals have been exhausted by filing a petition for judicial review in the Franklin Circuit Court in accordance with KRS Chapter 13B.

(6) The system, pursuant to regulations, may refer an employee determined by it to be disabled to the Kentucky Office of Vocational Rehabilitation for evaluation and, if appropriate, retraining.

(a) The cost of the evaluation and retraining shall be paid by the system in accordance with the regulations established by the board.

(b) The member shall perform all acts that are necessary to enroll in and satisfy the requirements of Vocational Rehabilitation as prescribed by the board. This shall include the exchange of confidential information between Kentucky Retirement Systems and the Kentucky Office of Vocational Rehabilitation as necessary to conduct the rehabilitation process. Failure of the member to cooperate with the system or Vocational Rehabilitation may result in his disability allowance being discontinued, reduced, or denied until the member complies with the agency requests. If the refusal continues for one (1) year, all his rights to any further disability allowance shall cease.

Section 27. KRS 61.680 is amended to read as follows:

(1) Prior to August 1, 1982, every employee shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852, and to all other provisions thereof. Thereafter, employee contributions shall be picked up by the employer pursuant to KRS 61.560(4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement, a member's accounts under the Legislators' Retirement Plan, State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, and Teachers' Retirement System shall be consolidated for the purpose of determining eligibility and amount of benefits. Vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education and accepted by the Kentucky Employees Retirement System or the County Employees Retirement System, may be used to determine eligibility for ***twenty-seven (27)***~~[thirty (30)]~~ year retirement but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he shall obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate the prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits, each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the system of his desire to maintain separate retirement accounts in the State Police Retirement System, Kentucky Employees Retirement System, or County Employees Retirement System, or if he is a member of the State Police Retirement System or is working in a hazardous position under the Kentucky Employees Retirement System or County Employees Retirement System and as a result of an act in line of duty, becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service, his current service in the system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System who becomes the holder of an office entitling him to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, but who does not elect within thirty (30) days after taking office in such service to participate in the plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System. In that event, the agency employing the member shall withhold employee contributions, or picked-up employee contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, who does not elect within thirty (30) days after taking office to participate in the plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the Teachers' Retirement System, shall participate in the Kentucky Employees Retirement System. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the system in which the employer of the nonelected position participates. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is not employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the Kentucky Employees Retirement System.

(4) (a) Prior to July 1, 1976, a person entering the service of an employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System with service credit in the Teachers' Retirement System and who desires to retain membership in the Teachers' Retirement System, and who is permitted by that system to continue, shall be exempt from participating in the Kentucky Employees Retirement System or the County Employees Retirement System.

For purposes of this section, "injury" means any ***traumatic event or series of traumatic events producing a harmful change in the human organism evidenced by objective medical findings. Injury does not include the sole effects of the natural aging process. For mental health claims, an injury is deemed to have occurred if the person suffers psychological, psychiatric, or stress-related claims as a direct result of a physical traumatic event or series of physical traumatic events***[~~physical harm or damage to the human organism other than disease or mental illness~~];

(b) The incapacity is deemed to be permanent; and

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. (5) The disability retirement allowance shall be determined as provided in KRS 16.576, subject to the following:

(a) If the member's total service credit on his last day of paid employment in a regular full-time position is less than twenty (20) years, service shall be added beginning with his last date of paid employment and continuing to his fifty-fifth birthday. The maximum service credit added shall not exceed the total service the member had on his last day of paid employment, and the maximum service credit for calculating his retirement allowance, including his total service and service added under this section, shall not exceed twenty (20) years;

(b) If the member's total service credit on his last day of paid employment is twenty (20) or more years, then his total service credit shall be used.

(6) If the member receives a satisfactory determination of total and permanent disability or hazardous disability pursuant to KRS 61.665 and the disability is the direct result of an act in line of duty, the member's retirement allowance shall be calculated as follows:

(a) For the disabled member, benefits as provided in subsection (5) of this section except that the monthly retirement allowance payable shall not be less than twenty-five percent (25%) of the member's monthly final rate of pay; and

(b) For each dependent child of the member on his disability retirement date, who is alive at the time any particular payment is due, a monthly payment equal to ten percent (10%) of the disabled member's monthly final rate of pay; however, total maximum dependent children's benefit shall not exceed forty percent (40%) of the member's monthly final rate of pay. The payments shall be payable to each dependent child, or to a legally appointed guardian or as directed by the system.

(7) No benefit provided in this section shall be reduced as a result of any change in the extent of disability of any retired member who is age fifty-five (55) or older.

(8) If a regular full-time officer or hazardous position member has been approved for benefits under a hazardous disability, the board shall, upon request of the member, permit the member to receive the hazardous disability allowance while accruing benefits in a nonhazardous position, subject to proper medical review of the nonhazardous position's job description by the system's medical examiner.

(9) For a member of the State Police Retirement System, in lieu of the allowance provided in subsection (5) or (6) of this section, the member may be retained on the regular payroll and receive the compensation authorized by KRS 16.165, if he is qualified.

Section 5. KRS 16.601 is amended to read as follows:

(a) Each member may designate one (1) or more persons as a principal beneficiary or beneficiaries and one (1) or more persons as contingent beneficiary or beneficiaries; or each member may designate his estate as principal or contingent beneficiary; or each member may designate a trust or trustee as principal or contingent beneficiary.

(b) If multiple persons are designated, the member shall indicate the percentage of total benefits each person is to receive.

1. If percentages are not indicated, payments will be disbursed equally to the named beneficiaries.

2. If any of the multiple beneficiaries die prior to the member's death, the remaining beneficiaries shall be entitled to the deceased beneficiary's percentage of the total benefits, and each shall receive a percentage of the deceased's share which is equal to the percentage allotted them by the member.

3. If any or all multiple beneficiaries die after the first retirement allowance has been issued by the State Treasurer, the deceased beneficiary's estate shall receive a lump-sum payment which is the actuarial equivalent of the remaining monthly payments the deceased beneficiary was entitled to receive.

(c) This designation shall remain in full force and effect until changed by the member, except:

1. A final divorce decree terminates an ex-spouse's status as beneficiary, unless the member has on file in the retirement office a beneficiary designation that redesignates the ex-spouse as beneficiary subsequent to the issuance of the divorce decree.

2. If a beneficiary or beneficiaries are convicted of any crime which prohibits that person or persons from receiving the benefits under KRS 381.280, the beneficiary or beneficiaries shall not be eligible for any of the benefits and the remaining beneficiary or beneficiaries or, if none, the member's estate, shall become the beneficiary.

3. When a notification of retirement has been filed at the retirement office, the designation of beneficiary on the notification of retirement, which shall be one (1) person, his estate, or a trust or trustee, shall supersede the designation of all previous beneficiaries.

4. When a request for refund has been filed at the retirement office, the member's estate shall become the member's beneficiary if the member dies.

(2) If the member dies prior to filing a notification of retirement or a request for refund, any retirement benefits shall be payable to the principal beneficiary, except that:

(a) If the death of the principal beneficiary or beneficiaries precedes the death of the member, or if the principal beneficiary is terminated by a divorce decree, the contingent beneficiary or beneficiaries become the principal beneficiary or beneficiaries.

(b) If the principal beneficiary is the one (1) person who is the member's spouse and they are divorced on the date of the member's death, the contingent beneficiary or beneficiaries become the principal beneficiary or beneficiaries.

(c) If the member is survived by his principal beneficiary or beneficiaries who subsequently die prior to having on file at the retirement office the necessary forms prescribed under authority of KRS 61.590, the contingent beneficiary shall become the principal beneficiary or beneficiaries.

(d) If the deaths of all the principal beneficiaries and all of the contingent beneficiaries precede the death of the member, the estate of the member becomes the beneficiary.

(3) Prior to the member's retirement, a monthly benefit payable for life shall not be offered if the beneficiary is more than one (1) person, the member's estate, or a trust or trustee.

(4) When a notification of retirement has been filed at the retirement office:

(a) The designation of beneficiary on the notification of retirement shall supersede the designation of all previous beneficiaries.

(b) The beneficiary designated by the member on the member's notification of retirement shall be one (1) person, the member's estate, or a trust or trustee.

(c) If the death of the beneficiary named on the notification of retirement precedes the date the first benefit payment has been issued by the State Treasurer, the member may designate another beneficiary on the member's notification of retirement.

(5) After the first retirement allowance payment is issued by the State Treasurer and subsequent thereto, a member shall not have the right to change his beneficiary, except that:

(a) The estate of the retired member becomes the beneficiary if the date of death of the beneficiary precedes or coincides with the date of death of the retired member.

(b) The estate of the retired member becomes the beneficiary if the retired member had designated a ***person***[~~spouse~~] as beneficiary ***who was the spouse or who later married the member*** and they were divorced on the date of the retired member's death. An ex-spouse who was the named beneficiary on the member's notification of retirement shall be reinstated as the member's beneficiary for the payment options provided by KRS 61.635(2), (3), (4), and (8)(b) if they are remarried ***to each other*** as of the date of the retired member's death.

(c) The estate of the member shall not receive monthly payments if the member selected one (1) of the payment options provided by KRS 61.635(2), (3), (4), and (8)(b).

Section 13. KRS 61.545 is amended to read as follows:

(1) The board shall determine by appropriate administrative regulations how much service in any year is the equivalent of a year of service credit and how much service in any calendar month is the equivalent of a month of service credit. It shall not allow credit for more than one (1) year of service for all service rendered in any period of twelve (12) consecutive months except as provided in KRS 61.546 and in subsection (2) of this section.

(2) (a) Employees participating in one (1) of the state-administered retirement systems who are or have been employed by a school board participating in the County Employees Retirement System, a state-operated school under KRS Chapter 167, or a Kentucky institution of higher education which participates in the Kentucky Employees Retirement System, to work less than twelve (12) months each year, may purchase the additional months of service credit needed to total one (1) year of service credit except the amount purchased shall not exceed three (3) months. The employee[~~, the state-operated school under KRS Chapter 167, the Kentucky institution of higher education, or the school board~~] may purchase the service credit by paying the retirement system the member and employer contributions calculated on the average monthly rate multiplied by the number of months to be purchased. The payment shall be received by the retirement system by December 31 immediately following the school year in which the fractional year's service occurred. If the additional service credit is not purchased by December 31 following the close of each school year, the member shall pay interest on the cost of purchasing the credit at a rate established by the board of trustees. Members who have service credit prior to July 1, 1992, or their employers, ***the state-operated school under KRS Chapter 167, the Kentucky institution of higher education, or the school board*** may purchase service credit ***on behalf of the employee*** for previous years by paying the retirement system the member and employer contributions calculated on the average monthly rate, multiplied by the number of months to be purchased plus interest at the actuarial rate.

The employer shall pay the employer contributions plus interest and the employee shall pay the employee contributions plus interest. The payment by the employer shall not be deposited to the member's account. (3) (a) An employee who is simultaneously eligible for membership in more than one (1) retirement system administered by the Kentucky Retirement Systems may, at his option, choose to participate in only one (1) of those systems. The choice, once made, shall remain in effect so long as the employee is eligible for membership in more than one (1) system.

(b) If the employee participates in more than one (1) of the retirement systems administered by the Kentucky Retirement Systems, the employee's service credit shall be divided between each system determined by dividing the employee's creditable compensation in each system by the employee's total creditable compensation in all systems.

(c) If the employee earns creditable compensation in both a hazardous position, as defined by KRS 61.592, and a nonhazardous position, the employee's service credit shall be divided between the employee's hazardous and nonhazardous positions determined by dividing the employee's creditable compensation in the hazardous and nonhazardous positions by the employee's combined hazardous and nonhazardous creditable compensation.

Section 14. KRS 61.552 is amended to read as follows:

The county shall establish a payment schedule subject to approval by the board for payment of the service credit. The maximum period allowed in a payment schedule shall be ten (10) years with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any schedule provided it is not longer than a ten (10) year period;

Service credit under this section shall be obtained by the payment of a delayed contribution which shall not be picked up by the employer as described in KRS 61.560(4).

(12) ***(a)*** Effective August 1, 1988, any employee participating in one (1) of the state-administered retirement systems may purchase service credit for seasonal, emergency, or temporary employment or part-time employment averaging one hundred (100) or more hours of work per month on a calendar or fiscal year basis. If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he

receives creditable compensation for one hundred hours of work. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4).

(b) Any noncertified employee of a school board may purchase service credit for part-time employment prior to the 1990-91 school year which averaged eighty (80) or more hours of work per month on a calendar or fiscal year basis by paying to the County Employees Retirement System a delayed contribution payment. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 78.610(4).

(13) A retired member, who is contributing to one (1) of the state-administered retirement programs and purchases service credit under this section in the system or systems from which he is retired, shall have his retirement allowance recomputed:

(a) Upon termination from employment, if the member is contributing to the same system or systems from which he was retired; or

(b) Upon completion of six (6) months' service credit as required under subsection (6) of this section, if the member is contributing to a system other than the system or systems from which he is retired.

The employee may also obtain credit for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, but only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(15) Any employee participating in one (1) of the state-administered retirement systems may obtain credit for prior or current service for any period of approved maternity leave~~[granted prior to January 1, 1972]~~, or for any period of approved sick leave without pay, by paying to the respective retirement system a delayed contribution payment. (a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. ***Once multiple service purchases have been combined in an installment purchase, the employee may not separate the purchases or pay a portion of one of the purchases.*** The employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalculated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal.

(b) Twelve (12) consecutive monthly installment payments shall be made for each one thousand dollars ($1,000) or any part thereof of the total cost, except that the total number of installments shall not be less than twelve (12) and shall not exceed sixty (60).

(c) The employee shall pay the installments by payroll deduction each pay period. Upon notification by the retirement system, the employer shall report the installment payments separate from regular employee contributions on the forms or by the computer format specified by the board. The payments made under this subsection shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 61.560(4) and no employer contributions shall be paid on the installments.

(d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee ***elects to stop the installment payments,*** dies, retires, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal of the purchase by lump sum. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(f) If the employer does not report installment payments on an employee for sixty (60) days, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(g) If payments have ceased under paragraph(e) or (f) of this subsection and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

Service credit may also be purchased***~~[Section 401(a) of the Internal Revenue Code or]~~ by a rollover of funds from ***a qualified retirement***~~[the]~~ plan pursuant to the rules specified in ***26 U.S.C. sec. 402(c).***~~[Section 402(c) of the Internal Revenue Code and]~~ The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in ***26 U.S.C. secs.***~~[Section]~~ 402(c) and~~[Section]~~ 401(a)(31)~~[of the Internal Revenue Code]~~. The amount shall be credited to the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

(17) After August 1, 1998, any employee participating in one (1) of the state-administered retirement systems who is age sixty-five (65) or older and has forty-eight (48) months' service credit in the Kentucky Employees Retirement System or the County Employees Retirement System or, if younger, who has sixty (60) months' service credit in the Kentucky Employees Retirement System or the County Employees Retirement System may purchase credit in the system in which the employee has the service credit for up to ten (10) years service in a regular full-time position that was credited to a state or local government-administered public defined benefit plan in another state other than a defined benefit plan for teachers. The employee shall pay the full cost of the service as determined by the system. Payment may be by lump sum, or the employee may pay by increments. The employee may transfer funds directly from the other state's plan if eligible to the extent permitted under subsection (16)(h) of this section and to the extent permitted by the other state's laws and shall provide proof that he is not eligible for a retirement benefit for the period of service from the other state's plan.

(18) After August 1, 1998, any employee participating in one (1) of the state-administered retirement systems, who has sixty (60) or more months of service in the State Police Retirement System or in a hazardous position in the Kentucky Employees Retirement System or the County Employees Retirement System, may purchase credit in the system in which the employee has the sixty (60) months of service credit for up to ten (10) years of service in a regular full-time position that was credited to a defined benefit retirement plan administered by a state or local government in another state, if the service could be certified as hazardous pursuant to KRS 61.592. The employee shall pay the full cost of the service credit as determined by the system. Payment may be by lump sum or by increments. The employee may transfer funds directly from the other unit of government's plan if eligible to the extent permitted under subsection (16)(h) of this section and to the extent permitted by the other state's laws, and the employee shall provide proof that he is not eligible for a retirement benefit for the period of service from the other unit of government's plan.

(19) Any employee participating in one (1) of the state-administered retirement systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) who has completed service as a volunteer in the Kentucky Peace Corps, created by KRS 154.01-720, may purchase service credit for the time served in the corps by making delayed contribution payments.

(20) An employee participating in any state-administered retirement system who has at least forty-eight (48) months' service if age sixty-five (65), or at least sixty (60) months' service if under age sixty-five (65), and who was formerly employed in a regional community mental health and mental retardation services program, organized and operated under the provisions of KRS 210.370 to 210.480, which does not participate in a state-administered retirement system may obtain credit for the period of his service in the regional community mental health and mental retardation program, by paying to the state retirement system in which he participates the full cost of the service credit purchased, as determined by the system. Payment to one (1) of the retirement systems administered by the Kentucky Retirement Systems may be made by lump sum or in increments.

(21) An employee participating in any state-administered retirement system who has at least forty-eight (48) months' service if

age sixty-five (65) or at least sixty (60) months' service if under age sixty-five (65), who was employed by a vocational technical school in a noncertified part-time position averaging eighty (80) or more hours per month, determined by using the number of months actually worked within a calendar or fiscal year, may purchase service credit in the Kentucky Employees Retirement System. The cost of the service shall be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4).

(22) Any employee participating in one (1) of the state-administered retirement systems on June 30, 2000, may obtain credit for subsequent service with a parted employer from the Commonwealth operating for the purposes of KRS 163.475, by paying to the respective retirement system a delayed contribution payment if the respective retirement system receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall be deposited to the individual member's account. The delayed contribution payment shall not be picked up by the employer as described in KRS 61.560(4).

(23) Any employee participating in the County Employees Retirement System who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) may purchase service credit for service with a city, county, or joint city-county planning commission, if that service was not covered by a state-administered retirement system. Notwithstanding any statute to the contrary, the employee shall be entitled to a full month of service for each month or portion of month that the employee occupied the position whether or not the employee would have qualified, at the time of planning commission service, for the service under KRS 6.525. The employee shall pay to the retirement system the full cost of the service credit purchased, as determined by the board's actuary. The payment shall not be picked up, as described in KRS 78.610(4), by the employer and shall be deposited to the member's account. Payment may be by lump sum or in increments. The employee may obtain credit for service with a city, county, or joint city-county planning commission only if the Kentucky Retirement Systems receives a favorable letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor.

(24) (a) Any member or retired member of one (1) of the retirement systems administered by the Kentucky Retirement Systems who is entitled to service credit for employment which was not reported in accordance with KRS 16.543, 61.543, or KRS 78.615 may obtain credit for the service by paying the employee contributions due within six (6) months of notification by the system. No interest shall be added to the contributions. The service credit shall not be credited to the member's account until the employer contributions are received. If a retired member makes the payment within six (6) months, the retired member's retirement allowance shall be adjusted to reflect the added service after the employer contributions are received by the retirement system.

(b) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems who is entitled to service credit under paragraph (a) of this subsection and who has not repaid the employee contributions due within six (6) months of notification by the system may regain the credit after the six (6) months by paying to the system the employee contributions plus interest at the actuarially assumed rate from the date of initial notification under paragraph (a) of this subsection. Service credit shall not be credited to the member's account until the employer contributions are received by the retirement system. The payments shall not be picked up, as described in KRS 61.560(4), by the employer.

(25) Any employee participating in one (1) of the state-administered retirement systems may purchase service credit for employment with a public agency that would have been eligible to participate under KRS 61.520 but which did not participate in the Kentucky Employees Retirement System or a political subdivision that would have been eligible to participate under KRS 78.530 but which did not participate in the County Employees Retirement System if the former public agency or political subdivision has merged with or been taken over by a participating department or county. The cost of the service shall be determined as a delayed contribution payment for the respective retirement system. Payment may be made by lump sum or in increments. The payment shall not be picked up, as described in KRS 61.560(4) or KRS 78.610(4), by the employer.

(26) Any employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems on or after August 1, 1998, who has at least two hundred forty (240) months of service credit may purchase a combined maximum total of five (5) years of retirement service credit which is not otherwise purchasable under any of the provisions of KRS 16.510 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852. The purchase price for the retirement service credit shall be calculated and paid for based on the full actuarial cost as determined by the system. The payment shall not be picked up, as described in KRS 16.545(4), KRS 61.560(4), KRS 78.610(4), by the employer, and the employee's payment shall be paid into the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member. Payment by the member may be by lump sum or by increments.

(27) An employee participating in one (1) of the state-administered retirement systems, who has at least forty-eight (48) months of service if age sixty-five (65), or at least sixty (60) months of service if under age sixty-five (65), may obtain credit in the County Employees Retirement System for the period of that employee's service with a community action agency created under KRS 273.405 to 273.453 if that service was not covered by a state-administered retirement system. The member shall pay to the retirement system the full actuarial cost of the service credit purchased. Payment may be

made by lump sum or in increments. The payment shall not be picked up, as described in KRS 61.560(4) or 78.610(4), by the employer.

Section 15. KRS 61.555 is amended to read as follows:

(1) After August 1, 1998, any employee entering the Armed Forces of the United States after he first participates in the system, being on leave of absence from service and not withdrawing his accumulated contributions, shall be entitled to have credited as current service his period of active military duty in the Armed Forces of the United States, not to exceed six (6) years, if his discharge therefrom is honorable and he returns to work with an employer participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems within two (2) years after ***completion of the period of active military duty***~~[discharge]~~, or upon the subsequent termination of any total disability which existed at the expiration of the two (2) years after discharge.

(2) After August 1, 1998, any ***employee***~~[member of the system]~~ who, prior to the date he first participated in the system, terminated his employment in order to enter the Armed Forces of the United States and who returns to work with an employer participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems within two (2) years after ***completion of the period of active military duty***~~[his honorable discharge therefrom]~~, or upon the subsequent termination of any total disability which existed at the expiration of the two (2) years after discharge, shall be entitled to have credited as prior service his period of active military duty in the Armed Forces, not to exceed six (6) years.

(3) Any National Guard technician involuntarily serving on active military duty during the period between January 26, 1968, and January 1, 1970, who completes his eight (8) years' service while on military duty during this period, shall have that portion of his active military duty, necessary to the completion of eight (8) years' current service, credited to his account, as current service without having to meet the reemployment criteria.

(4) Any employee eligible for retirement as prescribed in KRS 61.559 or any employee upon completion of five (5) years of service shall receive current service credit for a maximum of four (4) years for his period of active military duty in the Armed Forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service under subsections (1) to (3) of this section if he pays thirty-five percent (35%) of the cost of the service based on the formula adopted by the board. The payment by the member shall not be picked up by the employer, as described in KRS 61.560(4), and shall be deposited to his individual member's account. The remaining sixty-five percent (65%) shall be paid by the state from funds appropriated specifically for the purpose and these payments shall be deposited to the respective retirement allowance accounts. If no funds are available in the special appropriation account, the system shall not accept employee payments until funds are available in the account.

(5) ***Any employee participating in one (1) of the state-administered retirement systems***~~[A member]~~ eligible to purchase military service credit under subsection (4) of this section shall receive current service credit for active military duty as provided under subsection (4) of this section without payment of the current employee contribution ratio if the member was taken prisoner by a hostile power at any time during active military service.

(6) Any ***employee participating in one (1) of the state-administered retirement systems***~~[member]~~ age sixty-five (65) or older who has forty-eight (48) months of service, at least twelve (12) of which are current service, or ***if younger***~~[any other member]~~ who has sixty (60) months of service, at least twelve (12) of which are current service~~[(or his beneficiary if the member dies prior to retirement)]~~ shall receive current service for a maximum of four (4) years for his period of active military duty in the Armed Forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service under subsections (1) to (4) of this section, by paying the retirement system a delayed contribution payment as defined in KRS 61.510(22). Payment shall be by lump sum, except that members may pay by increments. The delayed contribution payment shall not be picked up, as described KRS 61.560(4), by the employer and shall be deposited to the individual member's account.

(7) Effective July 1, 1978, no veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for such pension in the future; but nothing in this section shall prohibit the purchase of credit if the military pension results from service primarily on inactive duty in a reserve component of the Armed Forces, or if the military pension is a disability pension, or is for a veteran sixty-five (65) years of age or older who is considered permanently and totally disabled. Any veteran receiving a military disability pension who retired prior to July 15, 1986, who was unable to purchase military service credit pursuant to subsection (4) or subsection (6) of this section, may make the payment required by subsection (4) or subsection (6), and his retirement benefits shall be recalculated to apply to all retirement allowances and insurance benefits received after the date of the payment. Retiree payments pursuant to subsection (4) of this section shall not be accepted unless matching state funds are available in the special appropriation account.

(8) Any ***employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems***~~[member of the Kentucky Employees Retirement System]~~ age sixty-five (65) or older who has forty-eight (48) months of service, at least twelve (12) of which are current service, or ***if younger***~~[any member of the Kentucky Employees Retirement System or the State Police Retirement System]~~ who has sixty (60) months of service, at least twelve (12) of which are current service, shall receive one (1) month of current service for each six (6) months of service in the National Guard or the military reserves of the United States, by paying the retirement system the full actuarial cost as determined by

the system. The service shall be treated as service earned prior to participation in the system and shall not be included in the member's final compensation. Payment may be made by lump sum or in increments. The payment shall not be picked up by the employer, as described in KRS 16.545(4), 61.560(4), or 78.610(4) and shall be deposited in the member's individual retirement account.

Section 16. KRS 61.575 is amended to read as follows:

(1) The members' contribution account shall be the account to which all members' contributions, or contributions picked up by the employer after August 1, 1982, and interest allowances as provided in KRS 61.510 to 61.692 shall be credited. From this account shall be paid the accumulated contributions of a member required to be returned to him upon withdrawal, or paid in the event of his death before retirement. ***Prior to the member's retirement, death, or refund in accordance with Section 23 of this Act, no funds shall be made available from the member contribution account.***

(2) Each member's contribution or contribution picked up by the employer shall be credited to the individual account of the contributing member.

(3) Each member on June 30 of each year shall have his individual account credited with interest at a rate determined by the board but not less than two percent (2%) per annum on the accumulated contributions of the member on June 30 of the preceding fiscal year and the amounts so credited shall be transferred from the retirement allowance account.

(4) Upon the retirement of a member, his accumulated contributions shall be transferred from the members' contribution account to the retirement allowance account.

Section 17. KRS 61.592 is amended to read as follows:

(1) "Hazardous position" means any position whose principal duties involve active law enforcement, including the positions of probation and parole officer and Commonwealth detective, active fire suppression or prevention, or other positions, including, but not limited to, pilots of the Transportation Cabinet and paramedics and emergency medical technicians, with duties that require frequent exposure to a high degree of danger or peril and also require a high degree of physical conditioning. Hazardous positions shall include positions in the Department of Corrections in state correctional institutions and the Kentucky Correctional Psychiatric Center with duties that regularly and routinely require face-to-face contact with inmates.

(2) Each employer may request of the board hazardous duty coverage for those positions as defined in subsection (1) of this section, but a county, narrowly defined as one (1) of Kentucky's one hundred and twenty (120) counties, the provisions of KRS 78.510(3) notwithstanding, shall request hazardous duty coverage for its full-time paid firefighters. Upon request, each employer shall certify to the system, in the manner prescribed by the board, the names of all employees working in a hazardous position as defined in subsection (1) of this section for which coverage is requested. The certification of the employer shall bear the approval of the agent or agency responsible for the budget of the department or county indicating that the required employer contributions have been provided for in the budget of the employing department or county. The system shall determine whether the employees whose names have been certified by the employer are working in positions meeting the definition of a hazardous position as provided by subsection (1) of this section.

(3) (a) An employee participating in the Kentucky Employees Retirement System who is determined by the system to be working in a hazardous position in accordance with subsection (2) of this section shall contribute, for each pay period for which he receives compensation, seven percent (7%) of his creditable compensation. An employee participating in the County Employees Retirement System who is determined by the system to be working in a hazardous duty position in accordance with subsection (2) of this section shall contribute, for each pay period for which he receives compensation, eight percent (8%) of his creditable compensation;

(b) Each employer shall pay employer contributions based on the creditable compensation of the employees determined by the system to be working in a hazardous position at the employer contribution rate as determined by the board. The rate shall be determined by actuarial methods consistent with the provisions of KRS 61.565;

(c) If the employer participated in the system prior to electing hazardous duty coverage, the employer may pay to the system the cost ***of converting***[~~in order that~~] the nonhazardous service ***to hazardous service from the date of participation to the date the payment is made***[~~be credited as hazardous service~~], or the employer may establish a payment schedule for payment of the cost of the hazardous service above that which would be funded within the existing employer contribution rate. The employer may extend the payment schedule to a maximum of thirty (30) years. Payments made by the employer under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members. If the employer elects not to make the additional payment, the employee may make the lump-sum payment in his own behalf or may pay by increments. Payments made by the employee under this subsection shall not be picked up, as described in KRS 61.560(4), by the employer. If neither the employer nor employee makes the payment, the service prior to hazardous coverage shall remain nonhazardous.

(4) Except for the employee contribution by members of the Kentucky Employees Retirement System, the normal retirement age, retirement allowance, other benefits, eligibility requirements, rights, and responsibilities of a member in a hazardous position, as prescribed by subsections (1), (2), and (3) of this section, and the responsibilities, rights, and requirements of

his employer shall be as prescribed for a member and employer participating in the State Police Retirement System as provided for by KRS 16.510 to 16.652. The employee contribution for a member of the Kentucky Employees Retirement System shall be seven percent (7%).

(5) Any person employed in a hazardous position after July 1, 1972, shall be required to undergo a thorough medical examination by a licensed physician, and a copy of the medical report of the physician shall be retained on file by the employee's department or county and made available to the system upon request.

(6) If doubt exists regarding the benefits payable to a hazardous position employee under this section, the board shall determine the benefits payable under KRS 61.515 to 61.705, or 78.520 to 78.852, or 16.510 to 16.652.

Section 18. KRS 61.590 is amended to read as follows:

(1) A member or beneficiary eligible to receive retirement benefits under any of the provisions of KRS 61.510 to 61.705, KRS 78.510 to 78.852, and KRS 16.510 to 16.652 shall have on file at the retirement office on the form prescribed by the board, notification of retirement, giving his name, address, Social Security number, last day of employment, and other information the system may require. ***The notification of retirement shall not be filed more than six (6) months before the member's effective retirement date.***

(2) Within ten (10) days of the receipt of the notification of retirement form ***submitted within two (2) months of the effective date of retirement***, the system shall cause to be prepared an estimate of the amounts the member or beneficiary may expect to receive under the various plans available to the member or beneficiary. This information shall be recorded on a form entitled "Estimated Retirement Allowance" and forwarded to the member or beneficiary. ***If the member submits a notification of retirement form more than two (2) months prior to the effective retirement date, the system shall provide the estimated retirement allowance within forty-five (45) days of the member's effective retirement date.***

(3) The member or beneficiary shall file at the retirement office the form entitled "Estimated Retirement Allowance" after he has checked the plan of his choice, signed the document and had his signature witnessed. A member or beneficiary may not select a different plan after the first retirement allowance payment has been issued by the State Treasurer.

(4) A member or beneficiary choosing a monthly payment plan shall have on file at the retirement office his birth certificate or other acceptable evidence of date of birth. If a survivorship plan is chosen, proof of dates of birth of the beneficiary and member shall be on file at the retirement office.

(5) The effective date of normal retirement shall be the first month following the month in which employment was terminated from a regular full-time position. The effective date of disability retirement shall be the first month following the month in which the member's last day of paid employment in a regular full-time position occurred. The effective date of early retirement shall be the first month following the month the notification of retirement form is filed at the retirement office, if employment in a regular full-time position has been terminated.

(6) The effective date of a deferred retirement option as provided under KRS 16.576(5) shall be the month following age sixty-five (65), or the month following written notification from the member that he wishes to begin receiving retirement payments. In the event of the death of a member who has deferred his retirement allowance, the effective date of retirement shall be the month following the member's death.

(7) Notwithstanding the provisions of KRS 16.578 or 61.640, the effective date of a beneficiary's retirement allowance under normal, early, or disability retirement shall be as prescribed in subsection (5) or (6) of this section if the member dies before the first retirement allowance has been issued by the State Treasurer and his beneficiary becomes eligible for payments under KRS 16.578 or 61.640.

Section 19. KRS 61.600 is amended to read as follows:

(1) Any person may qualify to retire on disability, subject to the following conditions:

(a) The person shall have sixty (60) months of service, twelve (12) of which shall be current service credited under KRS 16.543(1), 61.543(1) or 78.615(1);

(b) The person shall ***not*** be ***eligible for an unreduced retirement allowance***~~[less than normal retirement age]~~;

(c) The person's application shall be on file in the retirement office no later than ***twenty-four (24)***~~[twelve (12)]~~ months after the person's last day of paid employment, as defined in KRS 61.510, in a regular full-time position, as defined in KRS 61.510 or KRS 78.510;

(d) The person shall receive a satisfactory determination pursuant to KRS 61.665; and

(e) No ***person's*** disability application based on the same claim of incapacity shall be accepted and considered for disability ***if that***~~[for any]~~ person~~[who]~~ has previously applied for and been denied disability benefits unless it is accompanied by ***new objective medical*** evidence~~[of a substantial change in the person's condition which shall satisfy subsection (4) of this section. The application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment in a regular full-time position]~~.

(2) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The person, since his last day of paid employment, has been mentally or physically incapacitated to perform the job, or jobs of like duties, from which he received his last paid employment. In determining whether the person may return to a job of like duties, any reasonable accommodation by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered;

(b) The incapacity is a result of bodily injury, mental illness, or disease. For purposes of this section, "injury" means any ***traumatic event or series of traumatic events producing a harmful change in the human organism evidenced by objective medical findings. Injury does not include the sole effects of the natural aging process. For mental health claims, an injury is deemed to have occurred if the person suffers psychological, psychiatric, or stress-related claims as a direct result of a physical traumatic event or series of physical traumatic events***~~[physical harm or damage to the human organism other than disease or mental illness]~~;

(c) The incapacity is deemed to be permanent; and

(d) The incapacity does not result directly or indirectly from bodily injury, mental illness, ***or*** disease~~[, or condition]~~ which pre-existed membership in the system or reemployment, whichever is most recent. For purposes of this subsection, reemployment shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(3) Paragraph (d) of subsection (2) shall not apply if:

(a) The incapacity is a result of bodily injury, mental illness, ***or*** disease~~[, or condition]~~ which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

(b) The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a regular full-time position. ***Effective August 1, 2000, for purposes of determining permanence, consideration shall be given to medical evidence that shows that the person has not made an attempt to reasonably comply with the specific lifestyle changes or medical treatments recommended by the physicians of record.***

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and

sedentary work.

~~[(5) Persons who have previously qualified for disability retirement and have had benefits discontinued shall be reevaluated under the criteria of subsection (2) of this section.]~~

Section 20. KRS 61.605 is amended to read as follows:

Upon disability retirement, an employee may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his disability except that service credit shall be added to the employee's total service beginning with his last date of paid employment and continuing to his sixty-fifth (65th) birthday; however, the maximum service credit added shall not exceed the total service the employee had upon his last day of paid employment, and the maximum combined service credit for calculating his disability retirement allowance, including total service and added service shall not exceed twenty-five (25) years. If, however, an employee has accumulated twenty-five (25) or more years of total service, he shall receive added service necessary to bring his combined service credit, including total and added service, to ***twenty-seven (27)***~~[thirty (30)]~~ years.~~[When the employee has accumulated total service of thirty (30) or more years, his total service shall be used in computing disability benefits. For employees hired on or after July 15, 1998, the total service and added service for determining disability benefits shall not exceed twenty-seven (27) years.]~~

Section 21. KRS 61.607 is amended to read as follows:

Notwithstanding any other provisions of KRS 16.505 to 16.652, 61.510 to 61.705, or 78.510 to 78.852, a maximum disability benefit is hereby established which shall apply, upon disability retirement, to any disabled employee's account to which service credit is added to determine disability benefits or in any case where disability benefits are determined by computing a percentage of the disabled employee's final monthly rate of pay. The maximum disability benefit shall be determined by the following formula:

(1) ***The member shall notify the retirement system of his intent to apply for disability benefits from the Social Security Administration or benefits from workers' compensation. Upon receipt of approval for disability benefits from the Social Security Administration or benefits from workers' compensation, the member shall file at the retirement office copies of the approvals***~~[Add the monthly benefit payable to the disabled employee from the retirement system, using the monthly disability retirement allowance (not optional plan) but excluding dependent children's allowances, if any, to his monthly benefit, if any, from Social Security, even though these payments may not begin for a period of time as required for qualification under the federal Social Security law, excluding spouse or dependent benefits, and his monthly benefit, if any, from workers' compensation, even though these payments may not have begun as of the date the disabled member applies for disability retirement benefits, excluding spouse or dependent children's allowances, from workers' compensation, to arrive at a projected combined monthly benefit]~~.

(2) ***The following shall be added together:***

  (a) The member's gross monthly disability retirement allowance determined in accordance with Section 4 or Section 20 of this Act, excluding payments to dependent children and before any actuarial reduction for purposes of an optional retirement plan under KRS 61.635 or KRS 16.576, converted to an annual amount;

  (b) The member's total gross annual benefit from workers' compensation. If the member's benefit includes a lump sum payment for a period less than the member's lifetime, or attorney fees, then an annualized benefit shall be determined as follows:

    1. The gross amount of any lump sum payment shall be divided by the member's life expectancy expressed in years from the effective date of the award.

    2. The total gross amount of all payments paid for any period other than the member's lifetime shall be divided by the member's life expectancy, expressed in years, from the effective date of the award.

    3. The totals determined in subparagraphs 1. and 2. of this paragraph shall be combined and added to the total gross annual amount of the member's lifetime benefit, if any; and

  (c) The member's gross monthly disability benefit from the Social Security Administration, excluding spouse or dependent benefits, converted to an annual amount.

(3) If the projected combined ***annual***~~[monthly]~~ benefit exceeds one hundred percent (100%) of the disabled employee's final rate of pay or his final compensation, whichever is greater, his disability retirement allowance from the retirement system shall be reduced ***as follows:***

  (a) The member's annual disability retirement allowance shall be subtracted from the total determined in subsection (2) of this section.

  (b) The difference shall be divided by twelve (12) and subtracted from the member's monthly retirement allowance determined in accordance with Section 4 or Section 20 of this Act, excluding payments to dependent children and before any actuarial reduction for purposes of an optional retirement plan under KRS 61.635 or KRS 16.576.

  (c) The actuarial reduction for the member's optional plan under KRS 61.635 or KRS 16.576 shall be applied to

determine the member's monthly retirement allowance. The reduction shall apply to all retirement allowances received since the date the combined benefits exceeded one hundred percent (100%) of the higher of the member's final compensation or final rate of pay based on the effective dates of the individual benefits.~~[to an amount which would cause his projected combined monthly benefit to equal one hundred percent (100%) of his final rate of pay or his final compensation, whichever is greater; however,]~~

(4) the disability retirement allowance ***payable under this section*** shall not be reduced below an amount which would result from a computation of his ***retirement allowance under early retirement or his*** disability retirement allowance from the retirement system using the disabled employee's actual total service***, whichever is greater***.

(5)~~[(3)]~~The system may pay estimated benefits to a disabled employee, upon qualification for disability retirement, based on an estimate of his Social Security and workers' compensation benefits until the amounts are actually determined, at which time a final calculation of the member's actual benefits shall be determined and his account corrected retroactive to his effective retirement date.

(6)~~[(4)]~~Any increase in Social Security benefits or workers' compensation benefits which becomes law, regardless of their effective date, subsequent to the disabled employee's effective retirement date, shall not be considered in determination of the maximum benefit payable, as the maximum benefit payable is based on the amount of combined benefits under these programs as of the disabled employee's effective retirement date. ***Until the member files proof of the amount of Social Security and workers' compensation benefits prior to any increase which became law, the retirement system shall determine the maximum amount payable under this section based on the amount of the Social Security and workers' compensation benefits, including increases.***

(7)~~[(5)]~~Any disabled recipient whose potential payments from the system were reduced as provided for in this section shall advise the system if his payments under the Federal Social Security Act or Workers' Compensation Act cease at any time subsequent to his effective retirement date. Upon investigation, if the system determines that the disabled recipient continues to be eligible for disability benefits, the system may increase ***the recipient's***~~[his]~~ retirement allowance ***from the date Social Security or workers' compensation benefits cease or are reduced*** by ***recalculating***~~[adding to]~~ his ***retirement allowance***~~[payment an amount equal to the reduction applied upon the effective retirement date]~~ in accordance with~~[subsection (2) of]~~ this section.

Section 22. KRS 61.615 is amended to read as follows:

(1) If a recipient of a disability retirement allowance is, prior to his normal retirement date, employed in a position with the same or similar duties as the position from which he was disabled, except where the recipient has returned to work on a trial basis not to exceed nine (9) months, the board may reduce the retirement allowance. Each recipient of a disability retirement allowance who is engaged in gainful employment shall notify the system of any employment; otherwise, the system shall have the right to recover payments made during the employment. ***The system may employ or contract for the services of individuals to investigate and report on the applicant or recipient's physical condition, engagement in gainful employment, or ability to engage in gainful employment.***

(2) If it is determined that any disabled recipient is able to be employed in a position with the same or similar duties as the position from which he was disabled, and if the board finds that the person refused any employment considered by the board suitable to his capacity, he shall not be entitled to any allowance during the continuance of his refusal, unless in the opinion of the board his refusal was justified.

(3) The system shall have full power and exclusive authority to reduce or discontinue a disability retirement allowance and the system shall utilize procedures consistent with KRS 61.665, including services of an examiner, in determining the amount of reduction in retirement allowance under this section.

(4) If a disability retirement allowance is reduced or discontinued, the member may apply for early retirement benefits as provided under KRS 61.559, subject to the following provisions:

(a) The member may not change his beneficiary or payment option;

(b) If the member has returned to employment with an employer participating in the system from which he retired, the service and creditable compensation shall be used in recomputing his benefit, except that the member's final compensation shall not be less than the final compensation last used in determining his retirement allowance;

(c) The benefit shall be reduced as provided by KRS 61.595(2);

(d) The member shall remain eligible for reinstatement of his disability allowance upon reevaluation by the medical review board until his normal retirement age; and

(e) Upon attaining normal retirement age, the member shall receive the higher of either his disability retirement allowance or his early retirement allowance.

(5) No disability retirement allowance shall be reduced or discontinued by the system after the member's normal retirement date except in case of reemployment as provided for by KRS 61.637. If a disability retirement allowance has been reduced or discontinued, except if the member is reemployed as provided for by KRS 61.637, the retirement allowance shall be reinstated upon attainment of the member's normal retirement age to the retirement allowance prior to adjustment. No reinstated payment shall be less than the recipient is receiving upon attainment of the member's normal retirement age.

Section 23. KRS 61.625 is amended to read as follows:

(1) A member if living, or if not living, his designated beneficiary, shall have the right to request a refund of his accumulated contributions, including the amount of any employee contributions picked up by the employer pursuant to KRS 61.560(4), reduced by the amount of any retirement allowances previously received if[~~:~~

~~(a)~~] the member's employment has been terminated and the member is not participating in the same retirement system[~~;~~

~~(b) The member is employed in an employment status as defined in KRS 61.510(21)(a) to (d) that does not require the member to participate in the system; or~~

~~(c) The member has been laid off for ninety (90) days or more~~].

(2) Payments made under this section shall be in lieu of any other benefits due for the period of service under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, and 78.520 to 78.852, unless the period of service is regained as provided under KRS 61.552. Payments of taxable distributions made pursuant to this section shall be subject to state and federal tax as appropriate.

(3) Refund of contributions of members whose benefits have been terminated pursuant to KRS 6.696 shall be governed by that section.

Section 24. KRS 61.637 is amended to read as follows:

(1) A retired member who is receiving monthly retirement payments under any of the provisions of KRS 61.515 to 61.705 and 78.520 to 78.852 and who is reemployed as an employee by a participating agency ***prior to August 1, 1998,*** shall have his retirement payments suspended for the duration of reemployment, except as provided in subsection (7) of this section. Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.515 to 61.705 and 78.520 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment;

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment;

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined;

2. If the retired member initially retired on or subsequent to his normal retirement date, his retirement allowance shall be recomputed by using the formula in KRS 61.595(1);

3. If the retired member initially retired prior to his normal retirement date, his retirement allowance shall be recomputed using the formula in KRS 61.595(2), except that the member's age used in computing benefits shall be his age at the time of his initial retirement increased by the number of months of service credit earned for service performed during reemployment;

4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691;

5. Any retired member who was reemployed prior to March 26, 1974, shall begin making contributions to the system in accordance with the provisions of this section on the first day of the month following March 26, 1974.

(5) A retired member, or his estate, shall pay to the retirement fund the total amount of payments which are not suspended in accordance with subsection (1) of this section if the member received more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment, except the retired member or his estate may repay the lesser of the total amount of payments which were not suspended or fifty cents ($0.50) of each dollar earned over the maximum permissible earnings during reemployment if under age sixty-five (65), or one dollar ($1) for every three dollars ($3) earned if over age sixty-five (65).

(6) (a) "Reemployment" or "reinstatement" as used in this section shall not include a retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095; and

(b) A retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095 or by court order or by order of the Human Rights Commission and accepts employment by an agency participating in the Kentucky Employees Retirement System or County Employees Retirement System shall void his retirement by reimbursing the system in the full amount of his retirement allowance payments received.

(7) If a member is retired from a hazardous position, as defined by KRS 61.592, the member shall be permitted to seek and hold an elected city or county office under the provisions of this subsection:

(a) The member may receive the pay for the elected city or county office but shall not contribute to, receive benefits from, or otherwise participate in the office's retirement system; and

(b) The member's pension and benefits received because of retirement from the hazardous position shall not be affected if he holds an elected city or county office.

(8) Effective August 1, 1998, the provisions of subsections (1) to (4) of this section shall no longer apply to a retired member who is reemployed in a position covered by the same retirement system from which the member retired. Reemployed retired members shall be treated as new members upon reemployment. Any retired member whose reemployment date preceded August 1, 1998, who does not elect, within sixty (60) days of notification by the retirement systems, to remain under the provisions of subsections (1) to (4) of this section shall be deemed to have elected to participate under this subsection.

(9) A retired member or his employer shall notify the retirement system if he has accepted employment with an agency that participates in the retirement system from which the member retired.

(10) If the retired member is under a contract, the member shall submit a copy of that contract to the retirement system, and the retirement system shall determine if the member is an independent contractor for purposes of retirement benefits.

(11) If a member is receiving a retirement allowance, or has filed the forms required for a retirement allowance, and is employed within one (1) month of the member's initial retirement date in a position that is required to participate in the same retirement system from which the member retired, the member's retirement shall be voided and the member shall repay to the retirement system all benefits received. The member shall contribute to the member account established for him prior to his voided retirement. The retirement allowance for which the member shall be eligible upon retirement shall be determined by total service and creditable compensation.

(12) (a) 1. A retired member of the Kentucky Employees Retirement System or the State Police Retirement System who, after initial retirement, is hired by an agency that participates in the Kentucky Employees Retirement System or the State Police Retirement System shall be considered to have been hired by the same employer.

2. If a member of the Kentucky Employees Retirement System retires from a department which participates in more than one (1) retirement system and is reemployed within one (1) month of his initial retirement date by the same department in a position participating in another retirement system, the retired member's retirement allowance shall be suspended for the first month of his retirement and the member shall repay to the retirement system all benefits received for the month.

(b) A retired member of the County Employees Retirement System who after initial retirement is hired by the county from which the member retired shall be considered to have been hired by the same employer.

(13) (a) If a hazardous member who retired prior to age fifty-five (55), or a nonhazardous member who retired prior to age sixty-five (65), is reemployed within six (6) months of the member's initial retirement date by the same employer, the member shall obtain from his previous and current employers a copy of the job description established by the employers for the position and a statement of the duties performed by the member for the position from which he retired and for the position in which he has been reemployed.

(b) The job descriptions and statements of duties shall be filed with the retirement office.

(14) If the retirement system determines that the retired member has been employed in a position with the same principal duties as the position from which the member retired:

(a) The member's retirement allowance shall be suspended during the period that begins on the month in which the member is reemployed and ends six (6) months after the member's initial retirement date.

(b) The retired member shall repay to the retirement system all benefits that the member received after

reemployment began.

(c) Upon termination, or subsequent to expiration of the six (6) month period from the date of initial retirement, the retired member's retirement allowance based on his initial retirement account shall no longer be suspended and the member shall receive the amount to which he is entitled, including an increase as provided by KRS 61.691.

(d) Except as provided in subsection (7) of this section, if the position in which a retired member is employed after initial retirement is a regular full-time position, the retired member shall contribute to a second member account established for him in the retirement system. Service credit gained after the member's date of reemployment shall be credited to the second member account.

(e) Upon termination, the retired member shall be entitled to benefits payable from his second retirement account.

(15) (a) If the retirement system determines that the retired member has not been reemployed in a position with the same principal duties as the position from which he retired, the retired member shall continue to receive his retirement allowance.

(b) If the position is a regular full-time position, the member shall contribute to a second member account in the retirement system.

(16) (a) If a retired member is reemployed at least one (1) month after initial retirement in a different position, or at least six (6) months after initial retirement in the same position, and prior to normal retirement age, the retired member shall contribute to a second member account in the retirement system and continue to receive a retirement allowance from the first member account.

(b) Service credit gained after reemployment shall be credited to the second member account. Upon termination, the retired member shall be entitled to benefits payable from the second member account.

(17) A retired member who is reemployed and contributing to a second member account shall not be eligible to purchase service credit under any of the provisions of KRS 16.510 to 16.652, KRS 61.515 to 61.705, or KRS 78.520 to 78.852 which he was eligible to purchase prior to his initial retirement.

3. A committee of the board of trustees of which he is not a member if the trustee honestly believes the committee merits confidence.

(d) A trustee shall not be considered as acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by paragraph (c) of this subsection unwarranted.

(e) Any action taken as a trustee, or any failure to take any action as a trustee, shall not be the basis for monetary damages or injunctive relief unless:

1. The trustee has breached or failed to perform the duties of the trustee's office in compliance with this section; and
2. In the case of an action for monetary damages, the breach or failure to perform constitutes willful misconduct or wanton or reckless disregard for human rights, safety, or property.

(f) A person bringing an action for monetary damages under this section shall have the burden of proving by clear and convincing evidence the provisions of paragraphs (e)1. and (e)2. of this subsection, and the burden of proving that the breach or failure to perform was the legal cause of damages suffered by the Kentucky Retirement Systems.

(g) Nothing in this section shall eliminate or limit the liability of any trustee for any act or omission occurring prior to July 15, 1988.

(16) When an order by the system substantially impairs the benefits or rights of a member, retired member, or recipient, except action which relates to entitlement to disability benefits, the affected member, retired member, or recipient may request a hearing to be held in accordance with KRS Chapter 13B. The member, retired member, or recipient aggrieved by a final order of the board following the hearing may appeal the decision to the Franklin Circuit Court, in accordance with KRS Chapter 13B.

(17) The board shall give the Kentucky Education Support Personnel Association twenty-four (24) hours notice of the board meetings, to the extent possible.

(b) The employer shall file at the retirement office a complete description of the job and duties for which the employee was last paid and shall submit a detailed description of reasonable accommodations attempted.

(c) The board shall prescribe forms upon which medical evidence shall be recorded. The forms shall be sent to the employee's physicians with the request that the documents be completed and filed at the retirement office.

(d) The cost of a medical examination shall be paid by the employee. The physicians shall be paid a reasonable amount by the retirement system for the filing of the medical report with the retirement office, pursuant to an administrative regulation promulgated by the board.

(e) The system shall select a medical examiner to evaluate the medical evidence submitted by the employee's physician. The examiner shall recommend that disability retirement be approved, or that disability retirement be denied. If the medical examiner recommends denial of disability benefits, the system shall submit the member's application to ***one (1)***[~~two (2)~~] additional medical ***examiner***[~~examiners~~]. ***If the second medical examiner recommends approval, the application shall be submitted to a third medical examiner.*** Both of the additional medical examiners shall recommend approval of disability benefits to overturn the original recommendation. ***If there is objective medical evidence of mental impairments, the medical examiners may request the board's licensed mental health professional to assist in determining the level of the mental impairment.*** Recommendations by the examiners shall be submitted to the board for approval.

(f) If the medical examiners recommend that the employee be approved for disability retirement, the general manager shall make retirement payments in accordance with the retirement plan selected by the employee.

(g) If the medical examiners recommend that the employee be denied disability retirement, the general manager shall notify the employee of this recommendation. The employee shall have sixty (60) days to file at the retirement office additional medical information or to appeal his denial for disability benefits by filing at the retirement office a request for a formal hearing. An extension of time may be granted by the system for a medical examiner to evaluate additional medical information. The extensions of time shall not be for more than sixty (60) days for any one (1) extension, and no more than three (3) extensions shall be granted. The cumulative extension of time shall not exceed one hundred twenty (120) days. The extension of time shall end upon request of a formal hearing.

(h) The medical examiners shall be paid a reasonable amount by the retirement system for each case evaluated.

(i) Notwithstanding the foregoing provisions of this section, the system may pay for one (1) or more medical examinations requested by the examiners for the purpose of providing medical information deemed necessary by the examiners. The system may direct that a specialist be sought.

(j) The employee shall file at the retirement office the names and addresses of all physicians who perform medical examinations or procedures in conjunction with applications for benefits from the Social Security Administration or workers' compensation and shall provide copies of the reports of those examinations or procedures.

(3) Any person aggrieved by a final order or determination of the system may file at the retirement office a request that a hearing be conducted by the system in accordance with KRS Chapter 13B. The right to demand a hearing shall be limited to a period of sixty (60) days after the requester has had notice, as described in subsection (6) of this section, of the system's determination. If any extensions of time are granted by the system, they shall be as provided for in subsection (2)(g) of this section.

(a) Any person whose disability benefits have been reduced, discontinued, or denied pursuant to subsection (2)(g) of this section or KRS 61.615(1) may file at the retirement office a request for an administrative hearing with the system. The right to demand a hearing shall be limited to a period of sixty (60) days after the requester has had notice, as described in subsection (6) of this section, of the system's determination. The request shall be filed with the general manager, at the system's central office in Frankfort. The request for a hearing shall include a short and plain statement of the reasons the reduction, discontinuance, or denial of disability benefits is being contested. The request shall not operate as a stay of any reduction, discontinuance, or denial of benefits.

(b) Failure of the member to request a formal hearing within the period of time specified shall preclude the member from proceeding any further with his cause of action, except as provided in KRS 61.600(1)(e). This paragraph shall not limit the member's right to appeal to a court.

(c) The system may require the member requesting the formal hearing to submit to one (1) or more medical or psychological examinations. Notice of the time and place of the examination shall be mailed to the member or his legal representative. The system shall be responsible for the cost of the examination.

(d) A final order of the board shall be based on substantial evidence appearing in the record as a whole and shall set forth the decision of the board and the facts and law upon which the decision is based.

(e) A final order of the board which alters or amends the decision recommended pursuant to subsection (2)(g) of this section shall relate back and take effect on the date of the recommendation.

(f) All requests for a hearing pursuant to this section shall be made in writing.

(4) The board may establish an appeals committee whose members shall be appointed by the chairman and who shall have the authority to act upon the recommendations and reports of the hearing officer pursuant to this section on behalf of the board.

(5) Any person aggrieved by a final order of the board may seek judicial review after all administrative appeals have been exhausted by filing a petition for judicial review in the Franklin Circuit Court in accordance with KRS Chapter 13B.

(6) The system, pursuant to regulations, may refer an employee determined by it to be disabled to the Kentucky Office of Vocational Rehabilitation for evaluation and, if appropriate, retraining.

(a) The cost of the evaluation and retraining shall be paid by the system in accordance with the regulations established by the board.

(b) The member shall perform all acts that are necessary to enroll in and satisfy the requirements of Vocational Rehabilitation as prescribed by the board. This shall include the exchange of confidential information between Kentucky Retirement Systems and the Kentucky Office of Vocational Rehabilitation as necessary to conduct the rehabilitation process. Failure of the member to cooperate with the system or Vocational Rehabilitation may result in his disability allowance being discontinued, reduced, or denied until the member complies with the agency requests. If the refusal continues for one (1) year, all his rights to any further disability allowance shall cease.

Section 27. KRS 61.680 is amended to read as follows:

(1) Prior to August 1, 1982, every employee shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852, and to all other provisions thereof. Thereafter, employee contributions shall be picked up by the employer pursuant to KRS 61.560(4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement, a member's accounts under the Legislators' Retirement Plan, State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, and Teachers' Retirement System shall be consolidated for the purpose of determining eligibility and amount of benefits. Vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education and accepted by the Kentucky Employees Retirement System or the County Employees Retirement System, may be used to determine eligibility for ***twenty-seven (27)***[~~thirty (30)~~] year retirement but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final

compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he shall obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate the prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits, each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the system of his desire to maintain separate retirement accounts in the State Police Retirement System, Kentucky Employees Retirement System, or County Employees Retirement System, or if he is a member of the State Police Retirement System or is working in a hazardous position under the Kentucky Employees Retirement System or County Employees Retirement System and as a result of an act in line of duty, becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service, his current service in the system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System who becomes the holder of an office entitling him to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, but who does not elect within thirty (30) days after taking office in such service to participate in the plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System. In that event, the agency employing the member shall withhold employee contributions, or picked-up employee contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, who does not elect within thirty (30) days after taking office to participate in the plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the Teachers' Retirement System, shall participate in the Kentucky Employees Retirement System. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the system in which the employer of the nonelected position participates. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is not employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the Kentucky Employees Retirement System.

(4) (a) Prior to July 1, 1976, a person entering the service of an employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System with service credit in the Teachers' Retirement System and who desires to retain membership in the Teachers' Retirement System, and who is permitted by that system to continue, shall be exempt from participating in the Kentucky Employees Retirement System or the County Employees Retirement System.

(b) Any person who has elected to retain membership in the Teachers' Retirement System as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, if he elects to cancel his option prior to January 1, 1977.

(c) Any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System and who does not elect within thirty (30) days after taking office to participate in the Legislators' Retirement Plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky Employees Retirement System unless an election to retain membership in the Teachers' Retirement System is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the Teachers' Retirement System for the same period of service under the Legislators' Retirement Plan or the Kentucky Employees Retirement System as a member of the General Assembly, but contributions made to the Teachers' Retirement System while a member of the General Assembly shall be transferred to the Legislators' Retirement Plan, as provided for in KRS 6.535, when the member elects to join the Legislators' Retirement Plan, and service credit in the Legislators' Retirement Plan shall be granted as provided for in KRS 6.505(3).

(5) Effective July 1, 1974, any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in a position covered by one (1) of these retirement systems and his employee contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up the employee contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership, as subsection (2) of this section eliminates the necessity of the transfers.

(6) Any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in more than one (1) position covered by the same retirement system, shall have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, an accumulation of all

hours worked within the same retirement system shall be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection ***(2)***~~[(3)]~~ of this section, a person who does not have the amount of service required for service retirement in the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System, but who is a member of one (1) of the systems or is a former member of one (1) or more of the systems with valid service credit therein, shall become eligible for service retirement benefits attributable to the amount of his actual service credit in each system in which he has service credit when his combined service credit in all the systems, plus any service credit he has in the Judicial Retirement Plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system. The final compensation shall be determined by using the creditable compensation reported to the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System and only as much of the compensation earned in the Judicial Retirement Plan as is needed to satisfy the final compensation requirement applicable in the respective retirement systems.

Section 28. KRS 61.690 is amended to read as follows:

(1) All retirement allowances and other benefits accrued or accruing to any person under the provisions of KRS 61.510 to 61.705, 16.505 to 16.652, and 78.510 to 78.852, and the accumulated contributions and cash securities in the funds created under KRS 61.510 to 61.705, 16.505 to 16.652, and 78.510 to 78.852, are hereby exempt from any state, county, or municipal tax, and shall not be subject to execution, attachment, garnishment, or any other process, and an assignment thereof shall not be enforceable in any court. Except retirement benefits accrued or accruing to any person under the provisions of KRS 61.510 to 61.705, 16.505 to 16.652, and 78.510 to 78.852 on or after January 1, 1998, shall be subject to the tax imposed by KRS 141.020, to the extent provided in KRS 141.010 and 141.0215.

(2) A retirement allowance, a disability allowance, a member's accumulated contributions, or any other benefit under the system shall not be classified as marital property ***or as an economic circumstance as provided in***~~[pursuant to]~~ KRS 403.190~~[(1)]~~ in an action for dissolution of marriage~~[if the property of the other party to the action is exempted from a marital property classification pursuant to KRS 161.700(2)]~~.

(3) ~~[Qualified domestic relations and]~~Child support orders for current, owed, or to-be- owed child support, issued by a court or administrative agency shall be honored by the retirement systems if the orders are in compliance with the regulation adopted by the board pursuant to KRS 61.645(9)(e).

Section 29. KRS 61.701 is amended to read as follows:

(1) There is hereby created and established a state fund to be known as "Kentucky Retirement Systems Insurance Fund."

(2) The fund is created for the purpose of providing a fund separate from the retirement funds and is to be used to provide fringe benefits ***as provided in Section 30 of this Act*** to retired recipients and employees of employers participating in the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, and to certain of their dependents or beneficiaries~~[named in KRS 61.702]~~.

(3) The fund shall be administered by the board of trustees of the Kentucky Retirement Systems and the board shall manage the assets of the fund in the same manner in which it administers the retirement funds.

(b) ~~[The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage by a health maintenance organization shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of health maintenance organization coverage and the benefits to which he would be entitled under this section.]~~ The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems~~[, who are under age sixty-five (65),]~~ to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status. ***Notwithstanding the provisions of any other statute, recipients shall be included in the same class as current state employees in determining medical insurance policies and premiums.***

board shall provide a medical insurance reimbursement plan as described in subsection (7) of this section.

(2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) ~~[The premium required to provide hospital and medical benefits under this section shall be paid:]~~

1. ~~[Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;~~

5. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service."

(b) For a member electing insurance coverage through the Kentucky Retirement Systems, "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service credit in one of the other state-administered retirement plans.

1. Effective August 1, 1998, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (a) of this subsection. Each state-administered retirement plan annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. The amounts paid by the other state-administered retirement plans and the insurance fund shall not be more than one hundred percent (100%) of the monthly contribution adopted by the respective boards of trustees.
2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one (1) of the state-administered retirement plans.

(c) For retired members of the State Police Retirement System or retired members who were in a hazardous position in~~[of]~~ the Kentucky Employees Retirement System ***or***~~[and determined to be in a hazardous position, of]~~ the County Employees Retirement System, ***the insurance fund shall pay a percentage of the monthly premium based on the member's total service credit. The Administrative Office of the Courts shall pay the cost of the medical insurance benefits provided by this subsection.

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.

(7) The board shall promulgate an administrative regulation to establish a medical insurance reimbursement plan to provide reimbursement for hospital and medical insurance premiums of recipients of a retirement allowance who are not eligible for the same level of hospital and medical benefits as recipients living in Kentucky and having the same Medicare hospital and medical insurance eligibility status. An eligible recipient shall file proof of payment for hospital and medical insurance at the retirement office. Reimbursement to eligible recipients shall be made on a quarterly basis. The recipient shall be eligible for reimbursement of substantiated medical insurance premiums for an amount not to exceed the total monthly premium determined under subsection (3) of this section. (2) The death benefit shall be paid to a beneficiary named by the retired member. Upon retirement or any time thereafter, the retired member may designate on the form prescribed by the board, death benefit designation, an individual, his estate, a trust or trustee as the beneficiary of the death benefit. The beneficiary for the death benefit may or may not be the same beneficiary designated in accordance with KRS 61.590(1). If the beneficiary designated under this section dies prior to the member *or if the beneficiary was the spouse and they were divorced on the date of the retired member's death*, the retired member's estate shall become the beneficiary, unless the retired member has filed a subsequent death benefit designation.

SECTION 32. A NEW SECTION OF KRS 61.515 TO 61.705 IS CREATED TO READ AS FOLLOWS:

(1) A recipient who begins receiving a retirement allowance August 1, 2000, or after, from the Kentucky Employees Retirement System, the County Employees Retirement System, or the State Police Retirement System shall have the retirement allowance paid by electronic fund transfer to a financial institution designated by the recipient.

(2) When an individual becomes eligible to receive a monthly retirement allowance, the retirement system shall provide an Authorization for Deposit of Retirement Payment form to the recipient to have the monthly retirement allowance deposited to an account in a financial institution.

(3) The recipient and the financial institution shall provide the information and authorizations required for the electronic transfer of funds from the State Treasurer's office to the designated financial institution.

(4) At any time while receiving a retirement allowance, the recipient may change the designated institution by completing a new Authorization for Deposit of Retirement Payment form and filing the form at the retirement office in Frankfort. The last Authorization for Deposit of Retirement Payment on file at the retirement office shall control the electronic transfer of the recipient's retirement allowance.

(5) (a) A recipient may request to be paid by check issued by the State Treasurer instead of by electronic transfer by completing and filing at the retirement office a Request for Payment by Check form.

(b) The request shall be approved if:

1. The recipient certifies that he does not currently have an account with a financial institution;

2. The recipient's bank certifies that it does not participate in the electronic funds transfer program; or

3. The recipient shows that the requirement would create an undue hardship.

(c) The retirement office shall, every five (5) years, require the recipient to certify that the original conditions under which he requested payment by check continue. If the original conditions do not exist, the recipient shall complete an Authorization for Direct Deposit of Retirement Payment form and file it with the retirement office.

SECTION 33. A NEW SECTION OF KRS 61.515 TO 61.705 IS CREATED TO READ AS FOLLOWS:

There is created and established:

(1) An excess benefit plan to be known as the Kentucky Employees Retirement System Excess Benefit Plan. The plan is created for the purpose of providing the retirement allowances payable from the retirement system under KRS 61.515 to 61.705 that would otherwise be limited by 26 U.S.C. sec. 415.

(2) A state fund to be known as the Kentucky Employees Retirement System Excess Benefit Fund which shall consist of all the assets of the plan.

(3) The administration and assets of the plan shall be as set forth in Section 34 of this Act.

SECTION 34. A NEW SECTION OF KRS 61.515 TO 61.705 IS CREATED TO READ AS FOLLOWS:

(1) The Kentucky Employees Excess Benefit Plan established in Section 33 of this Act, the County Employees Excess Benefit Plan established in Section 41 of this Act, and the State Police Excess Benefit Plan established in Section 8 of this Act shall be administered by the board of trustees of the Kentucky Retirement Systems. The board shall have the same authority in its administration as it has in the administration of the Kentucky Employees Retirement System, the County Employees Retirement System, and the State Police Retirement System.

(2) The plans shall constitute qualified governmental excess benefit plans as provided in 26 U.S.C. sec. 415(m).

(3) All retired members and beneficiaries of the three (3) retirement systems administered by the Kentucky Retirement Systems whose effective retirement dates are July 1, 1998, or after, and whose retirement allowances have been limited by 26 U.S.C. sec. 415 shall be participants in the plans. Each member's participation in the plans shall be determined each fiscal year and will cease for any year in which the retirement allowance is not limited by 26 U.S.C. sec. 415.

(4) A participant shall receive a benefit equal to the difference between the retirement allowance otherwise payable from the system prior to any reduction or limitation required by 26 U.S.C. sec. 415 and the actual retirement allowance payable as limited by 26 U.S.C. sec. 415. The benefit shall be subject to withholding for applicable state and federal taxes. The benefit shall be paid in accordance with the retirement payment option selected by the member or beneficiary for the retirement allowance.

(5) (a) The board, in accordance with the recommendation of the actuary, shall determine the required contribution for each of the three (3) plans to pay benefits each fiscal year. The required contribution for each of the three (3) plans in each fiscal year shall be the total amount of benefits payable under this section to all participants plus the amount required to pay the administrative expenses of the plan and the employer's share of any employment taxes on the benefits paid from the plan.

(b) The required contribution shall be paid by the participating employers.

(d) The benefit liability of each plan shall be determined on a fiscal year basis, and contributions shall not be accumulated to pay benefits in future fiscal years. Any assets of the plans not used to pay benefits in the current fiscal year shall be used for payment of the administrative expenses of the plan for the current or future fiscal years or shall be paid to the appropriate retirement system as an additional employer contribution.

(6) The benefits payable from the plans shall be treated in accordance with Section 28 of this Act.

(7) The board shall promulgate administrative regulations to modify the benefits payable under the plans as necessary for the plans to be qualified under 26 U.S.C. sec. 415(m).

(8) The provisions of this section, and any administrative regulations promulgated as a result of this section, shall be applied retroactively to retired members, and beneficiaries, whose effective retirement dates are between July 1, 1998, and the effective date of this Act.

(b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred and eighty-five (185) days that a teacher shall be employed.

The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph.

(c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

The policy may include a requirement that each school council make an annual report at a public meeting of the board describing the school's progress in meeting the educational goals set forth in KRS 158.6451 and district goals established by the board. The policy shall also address and comply with the following:

(a) Except as provided in paragraph (b)2. of this subsection, each participating school shall form a school council composed of two (2) parents, three (3) teachers, and the principal or administrator. 2. School councils in schools having eight percent (8%) or more minority students enrolled, as determined by the enrollment on the preceding October 1, shall have at least one (1) minority member. (c) 1. The school council shall have the responsibility to set school policy consistent with district board policy which shall provide an environment to enhance the students' achievement and help the school meet the goals established by KRS 158.645 and 158.6451. The principal or head teacher shall be the primary administrator and the instructional leader of the school, and with the assistance of the total school staff shall administer the policies established by the school council and the local board.

(f) After receiving notification of the funds available for the school from the local board, the school council shall determine, within the parameters of the total available funds, the number of persons to be employed in each job classification at the school. The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals.

(g) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council.

(h) From a list of applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council. Requests for transfer shall conform to any employer-employee bargained contract which is in effect. If the vacancy to be filled is the position of principal, the school council shall select the new principal from among those persons recommended by the local superintendent. ***When a vacancy in the school principalship occurs, the school council shall receive training in recruitment, interviewing, and observation techniques prior to carrying out the process of selecting a principal.*** Personnel decisions made at the school level under the authority of this subsection shall be binding on the superintendent who completes the hiring process. The voting by the parents on the matter of exemption from implementing school-based decision making shall be in an election conducted by the parent and teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

The school shall submit the model through the local board of education to the chief state school officer and the Kentucky Board of Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

A second violation of this subsection may be grounds for removing a superintendent, a member of a school council, or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

However, if an employer-employee bargained contract contains procedures for filling certified position openings created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member, or creation of a new position for which certification is required, a vacancy shall not exist, unless certified positions remain open after compliance with those procedures.

(2) (a) All appointments, promotions, and transfers of principals, supervisors, teachers, and other public school employees shall be made only by the superintendent of schools, who shall notify the board of the action taken. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility, and benefits for single salary experience increments. Upon successful completion of the beginning teacher program, the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by Education Professional Standards Board administrative regulations.

(a) If more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal.

(b) In unusual situations, the Education Professional Standards Board may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee.

(c) If the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district.

(d) If the intern is teaching in a regionally or nationally accredited nonpublic school without a principal, the person filling the principal member position may have other appropriate qualifications as required by administrative regulations promulgated by the Education Professional Standards Board.

(e) If the teacher training institution is unable to provide a member to serve on the beginning teacher committee in a nonpublic school, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator.

(f) The resource teacher shall be appointed by the ***Education Professional Standards Board with recommendations from the local school district***~~[Department of Education]~~ from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the ***Education Professional Standards Board***~~[Department of Education]~~ for work done outside normal working hours. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher; twenty (20) of these hours shall be in the classroom setting; fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his or her immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

The applicant shall remain eligible for the one (1) year certificate, as provided in subsection (3) of this section, and for the opportunity to serve the internship for a period of five (5) years after establishing eligibility. (4) A local district may request from the Kentucky Department of Education a waiver from the guidelines and administrative regulations promulgated by the Kentucky Board of Education as required in subsection (3)(c) of this section in order to implement an alternative evaluation plan for employees on continuing contracts. The department shall grant a waiver if the alternative plan provides for a three (3) phase certified employee evaluation plan that includes:

(a) Phase One: Evaluation for Professional Growth.

1. Evaluation is based on a wide array of relevant sources and directed toward general and specific recommendations for improvement; and

2. Evaluation does not include documentation that might adversely affect employment status.

(b) Phase Two: Transition.

1. Evaluation is for the purpose of intensive scrutiny of job performance;

2. Evaluation includes documentation that may lead to adverse employment decisions;

3. Assistance and support for improvement shall be provided by the school district; and

4. Placement of an individual in the transition phase shall not be subject to appeal, but the employee shall be notified of the decision in writing.

(c) Phase Three: Evaluation for Deficiency.

1. Notwithstanding KRS 161.760, written notice of potential termination, reduction of direct classroom responsibility, or other adverse actions and conditions for job retention are given the employee;

2. A clear time frame for proposed actions is provided the employee; and

3. The summative evaluation is subject to appeal.

An alternative plan for the evaluation of certified personnel shall be proposed to the Kentucky Department of Education if the local district evaluation committee is in support of the plan. Training necessary to implement the alternative plan shall be provided to the principals, supervisory personnel, and the employees to be evaluated. The local district shall provide support to implement the plan. The department shall provide technical assistance to districts *wishing to develop alternative evaluation plans.*

(5) The Kentucky Board of Education shall establish an appeals procedure for certified school employees who believe that the local school district failed to properly implement the approved evaluation system. The appeals procedure shall not involve requests from individual certified school employees for review of the judgmental conclusions of their personnel evaluations.

(6) The local board of education shall establish an evaluation appeals panel for certified personnel that shall consist of two (2) members elected by the certified employees of the district and one (1) member appointed by the board of education who is a certified employee of the board. Certified employees who think they were not fairly evaluated may submit an appeal to the panel for a timely review of their evaluation. In districts that have adopted an alternative evaluation plan under subsection (4) of this section, the appeal shall only apply to the summative evaluation of Phase Three.

(7) Local school districts with an enrollment of sixty-five thousand (65,000) or more students shall have an evaluation system but may request a waiver from procedures or processes described in this section that the Kentucky Board of Education views as unmanageable in a large district as long as the plan meets the standards established by the Kentucky Board of Education for local school district evaluation systems. The local plan shall include an appeals process for employees who believe they were not fairly evaluated.

(8) Between July 15, 2000, and June 30, 2001, each school district shall review its local evaluation system to assure that the system is working effectively and to make changes to improve its system.

(9) Beginning with the 2001-2002 school year and subsequent years, the Kentucky Department of Education shall annually provide for on-site visits by trained personnel to a minimum of fifteen (15) school districts to review and insure appropriate implementation of the evaluation system by the local school district. The department shall provide technical assistance to local districts to eliminate deficiencies and to improve the effectiveness of their evaluation systems. The department may implement the requirement in this section in conjunction with other requirements, including but not limited to the scholastic audit process required by KRS 158.6455.

SECTION 7. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

(1) (a) By January 15, 2001, the Education Professional Standards Board in cooperation with the Kentucky Department of Education and teacher preparation institutions shall design procedures to determine whether each teacher who on July 1, 2001, is teaching one (1) or more content areas in grades five (5) through eight (8) in a middle school is adequately prepared in the subject matter and the teaching methodologies appropriate to each content area for which he or she is assigned. The evidence of adequate preparation may be established if the teacher has a minor or major or the academic equivalent in the content area, or is otherwise qualified, as described in paragraph (b) of this subsection.

(b) The board shall promulgate administrative regulations that identify the options that a teacher may request to be used to determine his or her level of preparation, which shall include:

1. Documentation of successful completion of professional development or college course work in the specific content areas since his or her initial certification;

2. Performance on competency tests or performance assessments;

3. Results of classroom evaluations by other teachers trained in the content area;

4. Documentation of outstanding performance by students on state and national assessments or in student competitions;

5. Distinguished achievement and recognition by other professionals for teaching in the content area by a recognized national or state-level organization; or

6. Documentation through other methods or alternatives requested by a teacher and approved by the Education Professional Standards Board.

The administrative regulations shall also define the timelines and corrective action steps that shall be taken at the district level and by the affected teacher to improve his or her preparation. A teacher shall be given two (2) school years from the time the administrative regulations become effective to meet the requirements established by this subsection.

(c) The Kentucky Department of Education, local school districts, and postsecondary education institutions shall provide, as much as possible, access to in-depth, professional development options, including summer institutes, virtual courses, subject matter academies, or other planned programs to those teachers identified as lacking sufficient preparation in one (1) or more content areas that they are teaching.

(d) A teachers' professional growth fund is hereby created to provide middle school teachers who have been identified as needing additional preparation with stipends and tuition reimbursement for participation in and successful completion of college or university-level course work in their content area; or reimbursement for other approved professional development activities including travel to and from workshops, institutes, and other schools in order to observe and consult with teachers in their content areas. The fund shall be administered by the Kentucky Department of Education in compliance with guidelines as described in the biennial budget for this purpose.

(e) If a tenured teacher has not corrected the deficiencies after two (2) years, the teacher shall be reassigned to a

position for which he or she is sufficiently prepared.

(2) (a) By January 15, 2001, the Education Professional Standards Board shall define "out-of-field" teaching and inform all local school districts of the definition. The board shall review its policies relating to emergency certificates as it develops a definition and consider if these policies contribute to the problem of out-of-field teaching.

(b) By October 15, 2001, the Education Professional Standards Board shall identify every teacher assigned classes out-of-field in the 2001-2002 school year and shall inform the Kentucky Department of Education.

(c) The Kentucky Department of Education shall provide to each school district a summary of the teachers identified as teaching out-of-field and give the district opportunity to correct the situation during the year. Effective with the 2002-2003 school year and subsequent school years, the Kentucky Department of Education shall deduct from the funds allocated to the school district under KRS 157.360 a proportional amount of funds for each class period a teacher is assigned to an out-of-field class. The funds shall be calculated on the placement of the teacher on the biennial budget salary schedule for rank and experience. The fund deduction shall be from the next payment to the district after the out-of-field calculations have been determined. No teacher shall be reduced in salary due to being involuntarily moved out-of-field or being hired into a position out of his or her field. Emergency certification shall not be a valid reason for reducing any certified teacher's salary. No vacancy shall be filled by a person out-of-field if there is a certified candidate for the position.

SECTION 8. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

(1) The Education Professional Standards Board shall rank teachers as follows:

Rank I. Those holding regular certificates and who have a master's degree in a subject field approved by the Education Professional Standards Board or equivalent continuing education and who have earned thirty (30) semester hours of approved graduate work or equivalent continuing education; and those teachers who have met the requirements for Rank II and hold current certification of the National Board for Professional Teaching Standards.

Rank II. Those holding regular certificates and who have a master's degree in a subject field approved by the Education Professional Standards Board or equivalent continuing education.

Rank III. Those holding regular certificates and who have an approved four (4) year college degree or the equivalent.

Rank IV. Those holding emergency certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent.

Rank V. Those holding emergency certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(2) In determining ranks, the Education Professional Standards Board shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit or equivalent continuing education. The board, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(3) For purposes of the state salary schedule only as referenced in Section 18 of this Act, rank shall be determined on September 15 of each year.

(4) Nothing in this section shall allow the Education Professional Standards Board by regulation to reclassify downward any teachers in Ranks II or I.

SECTION 9. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

(1) From the funds appropriated for the minority educator recruitment and retention program specified in Section 33 of this Act, scholarships shall be provided to minority students to recruit them into the teaching profession.

(2) The scholarships may be used at the public postsecondary universities and in independent, regionally accredited, not-for-profit institutions offering teacher education programs and shall be available to Kentucky residents and out-of-state students who meet the other qualifications for entry into teacher education at the university.

(3) A scholarship recipient shall sign a promissory note requiring the recipient to teach in Kentucky one (1) semester for each semester the recipient receives scholarship funds. If a recipient does not teach in Kentucky, the scholarship converts to a loan with interest. The Kentucky Department of Education may enter into an agreement with the Kentucky Higher Education Assistance Authority to monitor enrollment and subsequent teaching status of scholarship recipients, enforce the repayment of the loan based on valid and enforceable promissory notes and complete recipient data, and cancel the repayment obligation. An agreement executed under this subsection shall provide for payment of administrative costs incurred by the Kentucky Higher Education Assistance Authority related to performance of the agreement from amounts repaid by recipients of the scholarship.

SECTION 10. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

The postsecondary institution shall waive the tuition up to a maximum of six (6) credit hours.

(2) The teachers covered in this section may exercise the tuition-free course option, only if there is available space within a given course offering. A postsecondary institution shall not be required to establish a course to meet teacher requests.

(3) The tuition-free courses may be used to partially satisfy requirements for an advanced degree.

(4) Each public postsecondary education institution shall establish the procedures for implementing the provisions of this section, effective August 1, 2000.

When so certified, teachers and other school personnel shall not be required to have licensure, certification, or other forms of approval from any other state agency for the performance of their respective assignments within the common schools, except as provided for by law. All certificates authorized under KRS 161.010 to 161.126 shall be issued in accordance with the administrative regulations of the Education Professional Standards Board. After July 15, 1994, all certificate applications and other data collection instruments of the board shall include a request for voluntary information about the applicant's ethnic background. The teacher shall take the assessments if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the assessments. If the teacher fails the assessments, the temporary certificate shall be valid only for the current semester.

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the assessments shall be established by the Education Professional Standards Board. Provisions shall be made for persons having less than minimum levels of performance on any assessment to repeat that assessment, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The ***Education Professional Standards Board***~~[Department of Education]~~ shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility, and benefits for single salary experience increments. Upon successful completion of the beginning teacher program, the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by Education Professional Standards Board administrative regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator appointed by a state-approved teacher training institution.

(a) If more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal.

(b) In unusual situations, the Education Professional Standards Board may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee.

(c) If the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district.

(d) If the intern is teaching in a regionally or nationally accredited nonpublic school without a principal, the person filling the principal member position may have other appropriate qualifications as required by administrative regulations promulgated by the Education Professional Standards Board.

(e) If the teacher training institution is unable to provide a member to serve on the beginning teacher committee in a nonpublic school, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator.

(f) The resource teacher shall be appointed by the ***Education Professional Standards Board with recommendations from the local school district***~~[Department of Education]~~ from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the ***Education Professional Standards Board***~~[Department of Education]~~ for work done outside normal working hours. In the case of a resource teacher in a nonpublic school, payment shall be made directly to the resource teacher by the ***Education Professional Standards Board***~~[Department of Education]~~. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher; twenty (20) of these hours shall be in the classroom setting; fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his or her immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

(8) By contract with teacher education institutions in the Commonwealth, the ***Education Professional Standards Board***~~[chief state school officer]~~ shall provide special training for persons who will be serving on the beginning teacher committees. A principal hired after July 15, 1996, shall be required to complete the beginning teacher committee training program within one (1) year after his ***or her*** appointment.

(9) If an applicant establishes eligibility for a one (1) year certificate under the provisions of subsection (3) of this section, but does not become employed on the basis needed to satisfy the one (1) year internship requirement, the applicant shall be eligible for the issuance of a certificate for substitute teaching as provided by the administrative regulations of the Education Professional Standards Board. The applicant shall remain eligible for the one (1) year certificate, as provided in subsection (3) of this section, and for the opportunity to serve the internship for a period of five (5) years after establishing eligibility. If the internship is not completed within the five (5) year period, the applicant must reestablish eligibility by

repeating and passing the assessment program in effect for new teachers at that time or by completing a minimum of six (6) graduate hours toward completion of a graduate program required by administrative regulations promulgated by the Education Professional Standards Board.~~[The option for renewal through completion of graduate hours shall be available only for the first reestablishment of eligibility.]~~

Any student who has completed any of these curricula, as approved by the Education Professional Standards Board, and who has completed the prescribed requirements for the issuance of certificates shall be granted a certificate corresponding to the curricula completed.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 161.230 TO 161.716 IS CREATED TO READ AS FOLLOWS:

(1) The board of trustees is authorized to provide a supplemental retirement benefit plan for the sole purpose of enabling the employer to apply the same formula for determining benefits payable to all employees covered by the retirement system, whose benefits under the retirement system are limited by Section 415 of the Internal Revenue Code of 1986, as amended from time to time. This plan is intended to constitute a qualified governmental excess benefit plan as described in Section 415 of the Internal Revenue Code.

(2) The board of trustees shall administer this plan and have full discretionary fiduciary authority to determine all questions in connection with the plan. The board of trustees may adopt procedural rules and administrative regulations and may employ and rely on any legal counsel, actuaries, accountants, and agents as it deems advisable to assist in the administration of this plan.

(3) All members and retired former members in the retirement system shall be eligible to participate in this plan whenever their benefits under the retirement system would exceed the limitation on benefits imposed by Section 415 of the Internal Revenue Code.

(4) On or after the effective date of this plan, the employer shall pay to each eligible member in the retirement system who retires on or after that date and to each former member who retired before that date and his or her beneficiaries a supplemental pension benefit, equal to the amount by which the benefit that would have been payable under the retirement system, without regard to any provision therein incorporating the limitation on benefits imposed by Section 415 of the Internal Revenue Code, exceeds the benefit actually payable, taking into account the limitation imposed on the retirement system by Section 415 of the code. These supplemental pension benefits shall be computed and payable under the same terms and conditions and to the same person as the benefits payable to, or on account of, an eligible member under the retirement system.

(5) Benefits payable under this plan shall not be subject to the dollar limit applicable to eligible deferred compensation plans under Section 457 of the Internal Revenue Code, nor to the "substantial risk or forfeiture" rules of Section 457(f) of the code applicable to ineligible deferred compensation plans. In addition, benefits payable under this plan shall not be taken into account in determining whether any other plan of the employer is an eligible deferred compensation plan under Section 457 of the code.

(6) Funding of benefits payable under this plan shall be provided by the state, as employer, and shall be segregated from funds that are maintained by the retirement system for payment of the regular benefits provided by the retirement system. The employer may establish a grantor trust for payment of benefits provided under this plan, with the employer treated as "grantor" thereof for purposes of Section 677 of the Internal Revenue Code. The rights of any person to receive benefits under this plan are limited to those of a general creditor of the employer.

SECTION 2. A NEW SECTION OF KRS 161.230 TO 161.716 IS CREATED TO READ AS FOLLOWS:

(2) The defined contribution plan shall be administered separately from the regular benefits provided for members of the retirement system, except that the contributions to the plan shall be invested in the same manner as other contributions to the retirement system.

(3) All retired members of the retirement system who are approved by the retirement system for full-time reemployment as provided in Section 16 of this Act shall be eligible to participate in the plan.

(4) Separate member accounts shall be maintained for participants in this plan which shall reflect the annual contributions made to the participant's account based on the rates and interest levels specified in Section 16 of this Act.

(5) When the retiree's reemployment terminates, the total contributions and accrued interest in the participant's account will be paid in a lump sum payment or on an actuarial straight life monthly basis to the retiree. If the member dies prior to making application for a retirement allowance under this plan, the beneficiary designated by the participant for this plan shall receive a refund of the funds in the account. If there is a remaining balance in the account at the death of the participant after retirement from this plan, it shall be paid to the beneficiary designated by the participant for this benefit.

(6) Retired members shall be eligible to receive their retirement annuity when approved for reemployment and participation in this plan. Service as a reemployed retiree may not be used in any manner for credit under the regular retirement benefit plans provided by the retirement system.

The commissioner of education shall report members reemployed under this section to the Kentucky Teachers' Retirement System.

(3) If a local school district needs a person to fill a critical shortage position after reaching its quota established under Section 16 of this Act, the commissioner of education, with the approval of the executive director of the Kentucky Teachers' Retirement System, may allow the district to exceed its quota if the statewide quota has not been met.

of the retirement system becoming permanent with the effect of a final and unappealable order. Appeals may include a request for an administrative hearing which shall be conducted in accordance with the provisions of KRS Chapter 13B. A member, retired member, or designated beneficiary who has filed a timely, written appeal of a decision of the retirement system may, following the administrative hearing and issuance of the final order by the board of trustees, appeal the final order of the board of trustees to the Franklin Circuit Court in accordance with the provisions of KRS Chapter 13B.

Section 7. KRS 161.400 is amended to read as follows:

(1) The board of trustees shall designate as actuary a competent person who shall be a fellow of the Conference of Actuaries in Public Practice or a member of the American Academy of Actuaries. He shall be the technical adviser of the board on matters regarding the operation of the funds of the system and shall perform such other duties as are required in connection therewith. At least once in each six (6) year period after the first year of operation of the system, the actuary shall make an actuarial investigation into the actuarial assumptions used, including, but not limited to, mortality, earnable interest, and service and compensation of the members and beneficiaries of the retirement system; make a valuation of the assets and liabilities of the funds of the system; and recommend to the board of trustees such changes as may be deemed necessary to keep the retirement system on a sound financial basis. On the basis of the results of such investigations, the board of trustees shall make necessary changes in the retirement system within the provisions of law and shall recommend the contributions payable by the state within the limits specified in KRS 161.550. At least once in each two (2) year period the actuary shall make an actuarial valuation of the retirement system. The valuation shall include a description of the actuarial assumptions used, and such assumptions shall be reasonably related to the experience of the system and represent the actuary's best estimate of anticipated experience.

(2) Actuarial factors ***and actuarial cost factor tables*** in use by the retirement system for all purposes shall be determined by the actuary of the retirement system and approved by the board of trustees ***by resolution and implemented without the necessity of an administrative regulation.***~~[, but]~~ The assets of the system shall be valued at market value, or at a modified market value determined by the board to be a prudent measure of asset value. ***Effective July 1, 1992, the***~~[For the period July 15, 1990, to June 30, 1992, the assumed rate of investment return shall be set at one and one-half (1-1/2) percentage points above the assumed rate of salary increase. (3) A copy of each actuarial investigation and valuation shall be forwarded to the Legislative Research Commission no later than ten (10) days after receipt by the board.

Section 8. KRS 161.420 is amended to read as follows:

All of the assets of the retirement system are for the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system. The board of trustees shall be the trustee of all funds of the system and shall have full power and responsibility for administering the funds. It is hereby declared that the restrictions and rights provided herein shall not be subject to reduction or impairment by alteration, amendment, or repeal. All the assets of the retirement system shall be credited according to the purpose for which they are held to one (1) of the following funds:

(1) The expense fund shall consist of the funds set aside from year to year by the board of trustees to defray the expenses of the administration of the retirement system. Each fiscal year an amount not greater than four percent (4%) of the income earned from investments during the immediate past fiscal year shall be set aside into the expense fund or expended for the administration of the retirement system;

(2) The teachers' savings fund shall consist of the contributions paid by members of the retirement system into this fund and regular interest assigned by the board of trustees from the guarantee fund. The accumulated contributions of a member returned to him upon his withdrawal or paid to his estate or designated beneficiary in the event of his death shall be paid from the teachers' savings fund. Any accumulated contributions forfeited by a failure of a teacher or his estate to claim these contributions shall be transferred from the teachers' savings fund to the guarantee fund. The accumulated contributions of a member shall be transferred from the teachers' savings fund to the allowance reserve fund in the event of retirement by reason of service or disability;

(3) The state accumulation fund shall consist of funds appropriated by the state for the purpose of providing annuities, survivor benefits, and death benefits, including any sums appropriated for meeting unfunded liabilities, together with regular interest assigned by the board of trustees from the guarantee fund. At the time of retirement or death of a member there shall be transferred from the state accumulation fund to the allowance reserve fund an amount which together with the sum transferred from the teachers' savings fund will be sufficient to provide the member a retirement allowance and provide for benefits under KRS 161.520, 161.525, and 161.655;

(4) The allowance reserve fund shall be the fund from which shall be paid all retirement allowances and benefits provided under KRS 161.520, 161.525, and 161.655. In addition, whenever a change in the status of a member results in an obligation on this fund, there shall be transferred to this fund from the teachers' savings fund, and the state accumulation fund, the amounts as may be held in those funds for the account or benefit of the member;

(5) The medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in

KRS 161.675. One and five tenths percent (1.5%) of the gross annual payroll of all members shall be deposited to this fund. One-half (1/2) of this amount shall derive from member contributions and one-half (1/2) from a state appropriation. The board of trustees may allocate~~[up to a maximum of one and sixty-five hundredths percent (1.65%) of]~~ the three and twenty-five hundredths percent (3.25%) of the total salaries of active members that the state appropriates annually as provided under KRS 161.550. All claims for benefits under KRS 161.675 shall be paid from this fund. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits; and

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, to finance operating expenses directly related to investment management services, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest, and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept and expend without limitation in a manner either expressed by the donor or deemed to be in the best interest of the membership, shall be credited to the guarantee fund. Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to these funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. The board of trustees may, at any time during a fiscal year, transfer from the guarantee fund to the medical insurance fund an amount not to exceed four percent (4%) of the income earned from investments during the immediate past year.

(7) The school employee annuity fund shall consist of those funds voluntarily contributed under the provisions of section 403(b) of the Internal Revenue Code by a retired member of the Teachers' Retirement System with accounts that existed on or after July 1, 1996. The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to manage this program.

(8) The supplemental retirement benefit fund shall consist of those funds contributed by the member and the employer for the purpose of constituting a qualified government excess benefit plan as described in Section 415 of the Internal Revenue Code for accounts that existed on or after July 1, 1996. The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program.

(9) The defined contribution fund shall consist of those funds contributed by retired members who have been approved by the retirement system for full-time reemployment in a position covered by the retirement system and contributions made by the employer for the purpose of providing separate retirement allowances for periods of reemployment. Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program. The contributions shall not be picked up as provided in KRS 161.540(2).

Section 9. KRS 161.500 is amended to read as follows:

(1) At the close of each fiscal year, the retirement system shall add service credit to the account of each member who made contributions to his or her account during the year. Members shall be entitled to a full year of service credit if their total paid days were not less than one hundred eighty (180) days of a one hundred eighty-five (185) day contract for a regular school or fiscal year. In the event a member is paid for less than one hundred eighty (180) days, the member may purchase credit according to administrative regulations established by the board of trustees. In no case shall more than one (1) year of service be credited for all service performed in one (1) fiscal year. Members who complete their employment contract prior to the close of a fiscal year and elect to retire prior to the close of a fiscal year shall have their service credit reduced by eight percent (8%) for each calendar month that the retirement becomes effective prior to July 1.

(2) Members who are employed and paid for less than the number of days required in their normal employment year shall be entitled to pro rata service credit for the fractional service. Such credit shall be based upon the number of days employed and the number of days in the member's annual employment agreement or normal employment year.

(3) Service credit may not exceed the ratio between the school or fiscal year and the number of months or fraction of a month the member is employed during that year.

(4) No service credit shall be granted in the Teachers' Retirement System for service that has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

Section 10. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed

services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall contribute to the retirement system an amount equal to thirty-five percent (35%) of the actuarial cost for each year of service for which the member is receiving credit. Two percent (2%) of the thirty-five percent (35%) required payment shall be allocated to the medical insurance fund. These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) months of service in the reserves or the National Guard. The member shall pay the full actuarial cost of ***this***~~[the]~~ service in the military reserves or the National Guard ***as provided in subsection (22) of Section 5 of this Act***. Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 11. KRS 161.5465 is amended to read as follows:

On or after August 1, 1998, a member of the Teachers' Retirement System in active contributing status who has a minimum of twenty (20) years of service credit may purchase up to a maximum of five (5) years of service credit that is not otherwise purchasable under any of the provisions of KRS 161.230 to 161.716 and that meets the definition of nonqualified service as provided in Section 1526 of the Federal Taxpayer Relief Act of 1997. The member shall pay the full actuarial cost of the service credit as ***provided in subsection (22) of Section 5 of this Act***~~[determined by the Teachers' Retirement System]~~. The payment shall not be picked up by the employer as described in KRS 161.540(2), and the member's payment shall be credited to the member's contribution account and shall be considered accumulated contributions of the member. Payment by the member may be by lump sum or by installment payments as provided in KRS 161.597.

Section 12. KRS 161.548 is amended to read as follows:

A member of the Teachers' Retirement System who is in an active contributing status with the system, and who was formerly employed in a regional community mental health and mental retardation service program, organized and operated under the provisions of KRS 210.370 to 210.480, which does not participate in a state-administered retirement system, may obtain credit for the period of his service in the regional community mental health and mental retardation program by paying to the Teachers' Retirement System the full ***actuarial*** cost of the service credit purchased, as ***provided in subsection (22) of Section 5 of this Act***~~[determined by the system]~~. The service credit purchased may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1).~~[Payment for the service credit purchased may be made in installments in lieu of a lump-sum payment.]~~ The payment shall not be picked up, as described in KRS 161.540(2), and the entire payment shall be placed in the teachers' savings fund.

Section 13. KRS 161.549 is amended to read as follows:

A member of the Teachers' Retirement System who is in an active contributing status with the system, and who was formerly employed by a Federal Head Start agency, operated under 42 U.S.C. secs. 9831 et seq., which does not participate in a state-administered retirement system, may obtain credit for the period of the member's service in the Head Start program by paying to the Teachers' Retirement System the full ***actuarial*** cost of the service credit purchased, as ***provided in subsection (22) of Section 5 of this Act***~~[determined by the system]~~. The service credit purchased may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). Payment for the service credit purchased may be made in installments in lieu of a lump-sum payment. The payment shall not be picked up, as described in KRS 161.540(2), and the entire payment shall be placed in the teachers' savings fund.

Section 14. KRS 161.553 is amended to read as follows:

Section 15. KRS 161.595 is amended to read as follows:

(1) Upon service retirement, a member of the Teachers' Retirement System may obtain credit for all or any part of the service otherwise creditable under the Kentucky Employees Retirement System, the County Employees Retirement System, or in the service of the United States government for which service credit is not otherwise given, upon the payment by the member of ***the full actuarial cost of the service credit purchased as defined in subsection (22) of Section 5 of this Act***~~[such amount or amounts as are actuarially determined to be equal to the increased liability of the Teachers' Retirement System by virtue of such additional service credit.]~~ Such payments shall not be picked up, as described in KRS 161.540(2).

(2) The amount paid under this section shall be considered as accumulated contributions of the individual member.

(3) No person shall be allowed credit for the same period of service in more than one (1) of these three (3) retirement systems.

Section 16. KRS 161.605 is amended to read as follows:

(1) Retired members may perform substitute teaching in the public schools for the equivalent of one hundred (100) days in any one (1) school year and receive compensation based on a standard salary schedule adopted by a district for all substitute teachers without reduction in retirement annuities.

(2) A retired member may be employed as a part-time or temporary teacher in the public schools for a period not to exceed the equivalent of one hundred (100) days in any one (1) school year.

(3) Retired members may be employed part-time or temporarily in a nonteaching capacity in the public schools and receive compensation for this employment without reduction in retirement annuities, except that retired members may not be employed in excess of a one hundred (100) day period in any one (1) school year in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the one hundred (100) day limitation in this subsection. The board of trustees shall determine if employment in a nonteaching position qualifies for an exemption under this subsection.

(4) Members retired from an agency listed in KRS 161.220(4)(b) may be employed in a part-time teaching capacity by one (1) of the universities participating in the Teachers' Retirement System, not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year.

(5) Calculation of the number of days for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of

a day of teaching service.

(6) When a retired member returns to employment as a part-time teacher or in a nonteaching capacity as provided in subsections (2), (3), and (4) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for nonuniversity and university members.

(7) The board of trustees may provide for reemployment of retired members as full-time teachers or in a nonteaching capacity under the following conditions:

(a) A retired teacher or administrator may return to full-time teaching in a position that has been determined by the commissioner of education to be a critical shortage area as defined in Section 3 of this Act and for which the person is certified. When the commissioner of education certifies to the retirement system that qualified applicants are not available to fill teaching or administrative positions in critical academic subject areas, grade levels, or geographic areas, local school districts may employ, as full-time employees, during a school fiscal year, up to a maximum of two (2) retired members, or one percent (1%) of the total active members of the retirement system in a school district, whichever is greater. Retired members who are reemployed in a full-time position covered by the retirement system shall be rehired on a one (1) year contract in a district other than the one from which they retired following an absence of at least three (3) months or in the same district from which they retired following an absence of at least one (1) year.

(b) Retired members reemployed under this section shall remain eligible to receive their retirement annuity.

(c) Retired members reemployed under this subsection shall waive their health insurance coverage with the retirement system during the period of reemployment and receive health insurance coverage that is provided to regular full-time employees of the district.

(d) Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at rates determined by the retirement system's actuary that reflect accrued liability for nonuniversity members.

(e) Retirees who are reemployed under this provision shall make retirement contributions to the retirement system at rates specified under KRS 161.540 and the employer shall make contributions to the retirement system at rates specified under KRS 161.550. The member's entire contribution and a matching amount from the employer's contribution shall be placed in a separate defined contribution fund administered by the retirement system, with annual interest applied at the actuarially assumed rate. When the retiree's reemployment terminates, the total contributions with interest will be paid in a lump sum or on a monthly straight life basis to the retiree. If the member dies before retiring, the designated beneficiary shall receive a refund, and if there is a remaining balance at the death of the member after retirement, it shall be paid to the beneficiary designated by the member for this benefit.

(f) The provisions pertaining to the reemployment of retired members as full-time employees shall be granted by the board of trustees when it is deemed necessary to assist school districts in filling teaching or nonteaching positions in critical academic or geographic areas and when doing so would not create a significant negative impact on the funding status of the retirement system. The provisions of this subsection are optional with the board of trustees and shall not be covered under KRS 161.714.

Section 17. KRS 161.607 is amended to read as follows:

(1) Any member of the Teachers' Retirement System who enters employment covered by the Kentucky Employees Retirement System, the State Police Retirement System, or the County Employees Retirement System, prior to July 1, 1976, may retain membership in the Teachers' Retirement System instead of joining the new system.

(2) Retention of membership in the Teachers' Retirement System by any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System shall be effected by conforming with KRS 61.680(4)(c). Members of the General Assembly who retain membership shall make retirement contributions based upon their annual compensation as defined under KRS 161.220 or on their creditable compensation as defined under KRS 61.510, whichever is the larger amount. Service as a member of the General Assembly may be used to meet the service requirements of KRS 61.680(2)(a)~~[and 161.510]~~ regardless of the system to which contributions are made by the member.

(3) Any member of the Teachers' Retirement System entering employment as described in subsection (1) of this section must exercise the option within ninety (90) days of the beginning of such employment.

(4) Persons who enter service covered by the Teachers' Retirement System prior to July 1, 1976, and who hold membership in a Kentucky retirement system financed in whole or part with public funds may retain membership in that system providing the statutes and regulations governing said system make continued membership possible.

(5) Any person who has elected an option provided in this section may cancel such election and gain membership in the system which normally covers the position in which currently employed, provided that such cancellation of option election must be completed prior to January 1, 1977.

Section 18. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1998, and thereafter, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed at state colleges or universities that participate in the Teachers' Retirement System shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section; and

(b) The retirement allowance of a member at retirement shall not exceed the member's last annual compensation or the member's final average salary, whichever is the greater amount.

(2) Effective July 1, 1990, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one and one-half percent (1.5%).

These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.

(5) Effective July 1, ***2000***~~[1998]~~, the monthly allowance of each member retired for at least one (1) year, and each recipient of a retirement option of the retired member shall be increased in an amount not to exceed ***eight-tenths of one percent (0.8%)***~~[one and one-half percent (1.5%)]~~ of the monthly allowance in effect the previous month. The level of increase provided for in this subsection shall be determined by the funding provided in the ***2000-2002***~~[1998-2000]~~ biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. (1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the Teachers' Retirement System may compensate, at the time of retirement for service, an active teacher for unused sick-leave days in accordance with this section.

(2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 161.600.

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(9) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

(7) Payments to the retirement system for service credit obtained under Section 18 or for compensation credit obtained under KRS 161.155(9) shall be based on the full actuarial cost as defined in subsection (22) of Section 5 of this Act.

Upon the death of an active contributing member, a death benefit of two thousand dollars ($2,000) shall be paid to the member's estate or to a party designated by the member on a form prescribed by the retirement system. Application for the death benefit shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the payment of death benefits under this section.

(2) Suit or civil action shall not be required for the collection of the death benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the death benefit.

Section 21. KRS 161.675 is amended to read as follows:

(1) ***The board of trustees shall arrange by appropriate contract or on a self-insured basis to provide a broad program of group hospital and medical insurance for present and future eligible recipients of a retirement allowance from the Teachers' Retirement System. The board of trustees may authorize present and future eligible recipients of a retirement allowance from the Teachers' Retirement System who are less than age sixty-five (65), to be included in the state-sponsored health insurance that is provided to active teachers and state employees under KRS 18A.225***[~~(a) The board of trustees shall enter into contracts with insurance carriers or other health care providers for the purpose of providing a program of hospital and medical insurance coverage to members who are age sixty-five (65) or older and retired for service.~~

~~(b) The board of trustees may enter into contracts with insurance carriers or other health providers for the purpose of providing a broad program of hospital and medical insurance coverage to members below age sixty-five (65) who are retired for service or disability and to the surviving spouse of deceased members who are eligible to receive the member's retirement benefits as provided in KRS 161.525.~~

~~(c) The board of trustees may offer, on a cost basis, coverage of spouses and dependents not eligible for regular coverage~~].

(2) The coverage provided shall be as set forth in the contracts and the administrative regulations of the board of trustees. The board of trustees may change the levels of coverage ***and eligibility conditions*** to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and administrative regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. A retiree whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years creditable Kentucky service in the Teachers' Retirement System or of combined service in the Kentucky Employees Retirement System, of which at least two (2) years was creditable service under KRS[~~ 161.510 and~~] 161.607(2), to qualify for the coverage. The board of trustees shall offer coverage to the disabled child of a retired member regardless of the disabled child's age if the retired member pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(3) All expenses for benefits under this section shall be paid from the funding provisions contained in subsection (5) of Section 8 of this Act, premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute.

(4) (a) The board of trustees shall determine the amount of health insurance supplement payments that the Teachers' Retirement System will provide to assist eligible recipients of a retirement allowance in paying the cost of their health insurance, based on the funds available in the medical insurance fund. The board of trustees shall

establish the maximum monthly amounts of health insurance supplement payments that will be made by the retirement system for eligible recipients of a retirement allowance. The board of trustees shall annually establish the percentage of the maximum monthly health insurance supplement payment that will be made, based on age and years of service credit of eligible recipients of a retirement allowance. Monthly health insurance supplement payments made by the retirement system may not exceed the amount of the single coverage insurance premium chosen by the eligible recipients of a retirement allowance. In order to qualify for health insurance supplements made by the retirement system, the recipient of a supplement payment must agree to pay the difference between the insurance premium and the applicable supplement payment, by payroll deduction from his retirement allowance, or by a payment method approved by the retirement system.

(b) The board of trustees may offer, on a full-cost basis, health care insurance coverage provided by the retirement system to spouses and dependents of eligible retirees not eligible for regular coverage. Recipients of a retirement allowance from the retirement system must agree to pay the cost of this coverage by payroll deduction from their retirement allowance or by a payment method approved by the retirement system.

(c) The board of trustees shall offer, on a full-cost basis, health insurance coverage provided by the retirement system to the disabled child of a retired member, regardless of the age of the disabled child. A child shall be considered disabled for purposes of this section if the child has been determined to be eligible for Federal Social Security disability benefits.

(5) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the hospital and medical insurance program. The board of trustees is empowered to pay the expenses for insurance coverage from the medical insurance fund, from the premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute. The board may provide insurance coverage by making payment to insurance carriers including health insurance plans that are available to active and retired state employees and active teachers, institutions, and individuals for services performed, or the board of trustees may elect to provide insurance on a "self-insurance" basis or a combination of these provisions.

(6) The board of trustees may approve health insurance supplement payments to eligible retirees or recipients who are less than sixty-five (65) years of age, as reimbursement for hospital and medical insurance premiums made by retirees for their individual coverage. Eligible retirees or recipients are those retirees or recipients who are not eligible for Medicare and who do not reside in Kentucky or in an area outside of Kentucky where comparable coverage is available. The reimbursement payments shall not exceed the minimum supplement payment that would have been made had the retiree lived in Kentucky. Eligible retirees or recipients shall submit proof of payment to the retirement system for hospital and medical insurance that they have obtained. Reimbursement payments shall be made on a quarterly basis.

(7)[~~(4)~~]Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(8)[~~(5)~~]The board of trustees is empowered to promulgate administrative regulations to assure efficient operation of the hospital and medical insurance program.

(9)[~~(6)~~]Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

HB 739, AN ACT relating to retired teachers and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 161.230 TO 161.716 IS CREATED TO READ AS FOLLOWS:

(1) The board of trustees is authorized to provide a supplemental retirement benefit plan for the sole purpose of enabling the employer to apply the same formula for determining benefits payable to all employees covered by the retirement system, whose benefits under the retirement system are limited by Section 415 of the Internal Revenue Code of 1986, as amended from time to time. This plan is intended to constitute a qualified governmental excess benefit plan as described in Section 415 of the Internal Revenue Code.

(2) The board of trustees shall administer this plan and have full discretionary fiduciary authority to determine all questions in connection with the plan. The board of trustees may adopt procedural rules and administrative regulations

and may employ and rely on any legal counsel, actuaries, accountants, and agents as it deems advisable to assist in the administration of this plan.

(3) All members and retired former members in the retirement system shall be eligible to participate in this plan whenever their benefits under the retirement system would exceed the limitation on benefits imposed by Section 415 of the Internal Revenue Code.

(4) On or after the effective date of this plan, the employer shall pay to each eligible member in the retirement system who retires on or after that date and to each former member who retired before that date and his or her beneficiaries a supplemental pension benefit, equal to the amount by which the benefit that would have been payable under the retirement system, without regard to any provision therein incorporating the limitation on benefits imposed by Section 415 of the Internal Revenue Code, exceeds the benefit actually payable, taking into account the limitation imposed on the retirement system by Section 415 of the code. These supplemental pension benefits shall be computed and payable under the same terms and conditions and to the same person as the benefits payable to, or on account of, an eligible member under the retirement system.

(5) Benefits payable under this plan shall not be subject to the dollar limit applicable to eligible deferred compensation plans under Section 457 of the Internal Revenue Code, nor to the "substantial risk or forfeiture" rules of Section 457(f) of the code applicable to ineligible deferred compensation plans. In addition, benefits payable under this plan shall not be taken into account in determining whether any other plan of the employer is an eligible deferred compensation plan under Section 457 of the code.

(6) Funding of benefits payable under this plan shall be provided by the state, as employer, and shall be segregated from funds that are maintained by the retirement system for payment of the regular benefits provided by the retirement system. The employer may establish a grantor trust for payment of benefits provided under this plan, with the employer treated as "grantor" thereof for purposes of Section 677 of the Internal Revenue Code. The rights of any person to receive benefits under this plan are limited to those of a general creditor of the employer.

SECTION 2. A NEW SECTION OF KRS 161.230 TO 161.716 IS CREATED TO READ AS FOLLOWS:

(1) The board of trustees is authorized to implement a limited defined contribution plan for the sole purpose of providing retirement allowance payments for retired members who have been approved by the retirement system for full-time reemployment as provided in Section 16 of this Act.

(2) The defined contribution plan shall be administered separately from the regular benefits provided for members of the retirement system, except that the contributions to the plan shall be invested in the same manner as other contributions to the retirement system.

(3) All retired members of the retirement system who are approved by the retirement system for full-time reemployment as provided in Section 16 of this Act shall be eligible to participate in the plan.

(4) Separate member accounts shall be maintained for participants in this plan which shall reflect the annual contributions made to the participant's account based on the rates and interest levels specified in Section 16 of this Act.

(5) When the retiree's reemployment terminates, the total contributions and accrued interest in the participant's account will be paid in a lump sum payment or on an actuarial straight life monthly basis to the retiree. If the member dies prior to making application for a retirement allowance under this plan, the beneficiary designated by the participant for this plan shall receive a refund of the funds in the account. If there is a remaining balance in the account at the death of the participant after retirement from this plan, it shall be paid to the beneficiary designated by the participant for this benefit.

(6) Retired members shall be eligible to receive their retirement annuity when approved for reemployment and participation in this plan. Service as a reemployed retiree may not be used in any manner for credit under the regular retirement benefit plans provided by the retirement system.

(1) For purposes of this section and Section 16 of this Act, "critical shortage area" means a lack of certified teachers in particular subject areas, in grade levels, or in geographic locations at the elementary and secondary level, as determined annually by the commissioner of education. The commissioner may use any source considered reliable including, but not limited to, data provided by the Education Professional Standards Board and local education agencies to identify the critical shortage areas.

(2) The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to be used to appoint retired teachers and administrators to positions in critical shortage areas under this section and Section 16 of this Act. The administrative regulations shall assure that a retired teacher or administrator shall not be hired until the superintendent assures the commissioner of education that the superintendent has made every reasonable effort to recruit an active teacher or administrator for the position on an annual basis. The commissioner of education shall report members reemployed under this section to the Kentucky Teachers' Retirement System.

(3) If a local school district needs a person to fill a critical shortage position after reaching its quota established under Section 16 of this Act, the commissioner of education, with the approval of the executive director of the Kentucky

Teachers' Retirement System, may allow the district to exceed its quota if the statewide quota has not been met.

SECTION 4. A NEW SECTION OF KRS 161.230 TO 161.716 IS CREATED TO READ AS FOLLOWS:

The rollovers may be made directly from a previous qualified plan or through a conduit individual retirement account as permitted by the rules set forth in the Internal Revenue Code.

All appeals must be in writing and filed with the retirement system within thirty (30) days of the claimant's first notice of the retirement system's decision. For purposes of this section, notice shall be complete and effective upon the date of mailing of the retirement system's decision to the claimant at the claimant's last known address. Failure by the claimant to file a written appeal with the retirement system within the thirty (30) day period shall result in the decision of the retirement system becoming permanent with the effect of a final and unappealable order. Appeals may include a request for an administrative hearing which shall be conducted in accordance with the provisions of KRS Chapter 13B. A member, retired member, or designated beneficiary who has filed a timely, written appeal of a decision of the retirement system may, following the administrative hearing and issuance of the final order by the board of trustees, appeal the final order of the board of trustees to the Franklin Circuit Court in accordance with the provisions of KRS Chapter 13B.

Section 7. KRS 161.400 is amended to read as follows:

(1) The board of trustees shall designate as actuary a competent person who shall be a fellow of the Conference of Actuaries in Public Practice or a member of the American Academy of Actuaries. He shall be the technical adviser of the board on matters regarding the operation of the funds of the system and shall perform such other duties as are required in connection therewith. At least once in each six (6) year period after the first year of operation of the system, the actuary shall make an actuarial investigation into the actuarial assumptions used, including, but not limited to, mortality, earnable

interest, and service and compensation of the members and beneficiaries of the retirement system; make a valuation of the assets and liabilities of the funds of the system; and recommend to the board of trustees such changes as may be deemed necessary to keep the retirement system on a sound financial basis. On the basis of the results of such investigations, the board of trustees shall make necessary changes in the retirement system within the provisions of law and shall recommend the contributions payable by the state within the limits specified in KRS 161.550. At least once in each two (2) year period the actuary shall make an actuarial valuation of the retirement system. The valuation shall include a description of the actuarial assumptions used, and such assumptions shall be reasonably related to the experience of the system and represent the actuary's best estimate of anticipated experience.

(2) Actuarial factors ***and actuarial cost factor tables*** in use by the retirement system for all purposes shall be determined by the actuary of the retirement system and approved by the board of trustees ***by resolution and implemented without the necessity of an administrative regulation.***~~[, but]~~ The assets of the system shall be valued at market value, or at a modified market value determined by the board to be a prudent measure of asset value. ***Effective July 1, 1992, the***~~[For the period July 15, 1990, to June 30, 1992, the assumed rate of investment return shall be set at one and one-half (1 1/2) percentage points above the assumed rate of salary increase. (3) A copy of each actuarial investigation and valuation shall be forwarded to the Legislative Research Commission no later than ten (10) days after receipt by the board.

Section 8. KRS 161.420 is amended to read as follows:

All of the assets of the retirement system are for the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system. The board of trustees shall be the trustee of all funds of the system and shall have full power and responsibility for administering the funds. It is hereby declared that the restrictions and rights provided herein shall not be subject to reduction or impairment by alteration, amendment, or repeal. All the assets of the retirement system shall be credited according to the purpose for which they are held to one (1) of the following funds:

(1) The expense fund shall consist of the funds set aside from year to year by the board of trustees to defray the expenses of the administration of the retirement system. Each fiscal year an amount not greater than four percent (4%) of the income earned from investments during the immediate past fiscal year shall be set aside into the expense fund or expended for the administration of the retirement system;

(2) The teachers' savings fund shall consist of the contributions paid by members of the retirement system into this fund and regular interest assigned by the board of trustees from the guarantee fund. The accumulated contributions of a member returned to him upon his withdrawal or paid to his estate or designated beneficiary in the event of his death shall be paid from the teachers' savings fund. Any accumulated contributions forfeited by a failure of a teacher or his estate to claim these contributions shall be transferred from the teachers' savings fund to the guarantee fund. The accumulated contributions of a member shall be transferred from the teachers' savings fund to the allowance reserve fund in the event of retirement by reason of service or disability;

(3) The state accumulation fund shall consist of funds appropriated by the state for the purpose of providing annuities, survivor benefits, and death benefits, including any sums appropriated for meeting unfunded liabilities, together with regular interest assigned by the board of trustees from the guarantee fund. At the time of retirement or death of a member there shall be transferred from the state accumulation fund to the allowance reserve fund an amount which together with the sum transferred from the teachers' savings fund will be sufficient to provide the member a retirement allowance and provide for benefits under KRS 161.520, 161.525, and 161.655;

(4) The allowance reserve fund shall be the fund from which shall be paid all retirement allowances and benefits provided under KRS 161.520, 161.525, and 161.655. In addition, whenever a change in the status of a member results in an obligation on this fund, there shall be transferred to this fund from the teachers' savings fund, and the state accumulation fund, the amounts as may be held in those funds for the account or benefit of the member;

(5) The medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in KRS 161.675. One and five tenths percent (1.5%) of the gross annual payroll of all members shall be deposited to this fund. One-half (1/2) of this amount shall derive from member contributions and one-half (1/2) from a state appropriation. The board of trustees may allocate~~[up to a maximum of one and sixty-five hundredths percent (1.65%) of]~~ the three and twenty-five hundredths percent (3.25%) of the total salaries of active members that the state appropriates annually as provided under KRS 161.550. All claims for benefits under KRS 161.675 shall be paid from this fund. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits; and

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, to finance operating expenses directly related to investment management services, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest, and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept and expend without limitation in a manner either expressed by the donor or deemed to be in the best interest of the membership, shall be credited to the guarantee fund.

Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to these funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. The board of trustees may, at any time during a fiscal year, transfer from the guarantee fund to the medical insurance fund an amount not to exceed four percent (4%) of the income earned from investments during the immediate past year.

(7) The school employee annuity fund shall consist of those funds voluntarily contributed under the provisions of section 403(b) of the Internal Revenue Code by a retired member of the Teachers' Retirement System with accounts that existed on or after July 1, 1996. The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to manage this program.

(8) The supplemental retirement benefit fund shall consist of those funds contributed by the member and the employer for the purpose of constituting a qualified government excess benefit plan as described in Section 415 of the Internal Revenue Code for accounts that existed on or after July 1, 1996. The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program.

(9) The defined contribution fund shall consist of those funds contributed by retired members who have been approved by the retirement system for full-time reemployment in a position covered by the retirement system and contributions made by the employer for the purpose of providing separate retirement allowances for periods of reemployment. Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program. The contributions shall not be picked up as provided in KRS 161.540(2).

Section 9. KRS 161.500 is amended to read as follows:

(1) At the close of each fiscal year, the retirement system shall add service credit to the account of each member who made contributions to his or her account during the year. Members shall be entitled to a full year of service credit if their total paid days were not less than one hundred eighty (180) days of a one hundred eighty-five (185) day contract for a regular school or fiscal year. In the event a member is paid for less than one hundred eighty (180) days, the member may purchase credit according to administrative regulations established by the board of trustees. In no case shall more than one (1) year of service be credited for all service performed in one (1) fiscal year. Members who complete their employment contract prior to the close of a fiscal year and elect to retire prior to the close of a fiscal year shall have their service credit reduced by eight percent (8%) for each calendar month that the retirement becomes effective prior to July 1.

(2) Members who are employed and paid for less than the number of days required in their normal employment year shall be entitled to pro rata service credit for the fractional service. Such credit shall be based upon the number of days employed and the number of days in the member's annual employment agreement or normal employment year.

(3) Service credit may not exceed the ratio between the school or fiscal year and the number of months or fraction of a month the member is employed during that year.

(4) No service credit shall be granted in the Teachers' Retirement System for service that has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

Section 10. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall contribute to the retirement system an amount equal to thirty-five percent (35%) of the actuarial cost for each year of service for which the member is receiving credit. Two percent (2%) of the thirty-five percent (35%) required payment shall be allocated to the medical insurance fund. These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) months of service in the reserves or the National Guard. The member shall pay the full actuarial cost of ***this***~~[the]~~ service in the military reserves or the National Guard ***as provided in subsection (22) of Section 5 of this Act***. Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 11. KRS 161.5465 is amended to read as follows:

On or after August 1, 1998, a member of the Teachers' Retirement System in active contributing status who has a minimum of twenty (20) years of service credit may purchase up to a maximum of five (5) years of service credit that is not otherwise purchasable under any of the provisions of KRS 161.230 to 161.716 and that meets the definition of nonqualified service as provided in Section 1526 of the Federal Taxpayer Relief Act of 1997. The member shall pay the full actuarial cost of the service credit as ***provided in subsection (22) of Section 5 of this Act***~~[determined by the Teachers' Retirement System]~~. The payment shall not be picked up by the employer as described in KRS 161.540(2), and the member's payment shall be credited to the member's contribution account and shall be considered accumulated contributions of the member. Payment by the member may be by lump sum or by installment payments as provided in KRS 161.597.

Section 12. KRS 161.548 is amended to read as follows:

A member of the Teachers' Retirement System who is in an active contributing status with the system, and who was formerly employed in a regional community mental health and mental retardation service program, organized and operated under the provisions of KRS 210.370 to 210.480, which does not participate in a state-administered retirement system, may obtain credit for the period of his service in the regional community mental health and mental retardation program by paying to the Teachers' Retirement System the full ***actuarial*** cost of the service credit purchased, as ***provided in subsection (22) of Section 5 of this Act***~~[determined by the system]~~. The service credit purchased may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1).~~[Payment for the service credit purchased may be made in installments in lieu of a lump-sum payment.]~~ The payment shall not be picked up, as described in KRS 161.540(2), and the entire payment shall be placed in the teachers' savings fund.

Section 13. KRS 161.549 is amended to read as follows:

A member of the Teachers' Retirement System who is in an active contributing status with the system, and who was formerly employed by a Federal Head Start agency, operated under 42 U.S.C. secs. 9831 et seq., which does not participate in a state-administered retirement system, may obtain credit for the period of the member's service in the Head Start program by paying to the Teachers' Retirement System the full ***actuarial*** cost of the service credit purchased, as ***provided in subsection (22) of Section 5 of this Act***~~[determined by the system]~~. The service credit purchased may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). Payment for the service credit purchased may be made in installments in lieu of a lump-sum payment. The payment shall not be picked up, as described in KRS 161.540(2), and the entire payment shall be placed in the teachers' savings fund.

Section 14. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. Section 15. KRS 161.595 is amended to read as follows:

(1) Upon service retirement, a member of the Teachers' Retirement System may obtain credit for all or any part of the service otherwise creditable under the Kentucky Employees Retirement System, the County Employees Retirement System, or in the service of the United States government for which service credit is not otherwise given, upon the payment by the member of ***the full actuarial cost of the service credit purchased as defined in subsection (22) of Section 5 of this Act***~~[such amount or amounts as are actuarially determined to be equal to the increased liability of the Teachers' Retirement System by virtue of such additional service credit.]~~ Such payments shall not be picked up, as described in KRS 161.540(2).

(2) The amount paid under this section shall be considered as accumulated contributions of the individual member.

(3) No person shall be allowed credit for the same period of service in more than one (1) of these three (3) retirement systems.

Section 16. KRS 161.605 is amended to read as follows:

(1) Retired members may perform substitute teaching in the public schools for the equivalent of one hundred (100) days in any one (1) school year and receive compensation based on a standard salary schedule adopted by a district for all substitute teachers without reduction in retirement annuities.

(2) A retired member may be employed as a part-time or temporary teacher in the public schools for a period not to exceed the equivalent of one hundred (100) days in any one (1) school year.

(3) Retired members may be employed part-time or temporarily in a nonteaching capacity in the public schools and receive compensation for this employment without reduction in retirement annuities, except that retired members may not be employed in excess of a one hundred (100) day period in any one (1) school year in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the one hundred (100) day limitation in this subsection. The board of trustees shall determine if employment in a nonteaching position qualifies for an exemption under this subsection.

(4) Members retired from an agency listed in KRS 161.220(4)(b) may be employed in a part-time teaching capacity by one (1) of the universities participating in the Teachers' Retirement System, not to exceed the equivalent of twelve (12) teaching hours in any one (1) fiscal year.

(5) Calculation of the number of days for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service.

(6) When a retired member returns to employment as a part-time teacher or in a nonteaching capacity as provided in subsections (2), (3), and (4) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for nonuniversity and university members.

(7) The board of trustees may provide for reemployment of retired members as full-time teachers or in a nonteaching capacity under the following conditions:

(a) A retired teacher or administrator may return to full-time teaching in a position that has been determined by the commissioner of education to be a critical shortage area as defined in Section 3 of this Act and for which the person is certified. When the commissioner of education certifies to the retirement system that qualified applicants are not available to fill teaching or administrative positions in critical academic subject areas, grade

levels, or geographic areas, local school districts may employ, as full-time employees, during a school fiscal year, up to a maximum of two (2) retired members, or one percent (1%) of the total active members of the retirement system in a school district, whichever is greater. Retired members who are reemployed in a full-time position covered by the retirement system shall be rehired on a one (1) year contract in a district other than the one from which they retired following an absence of at least three (3) months or in the same district from which they retired following an absence of at least one (1) year.

(b) Retired members reemployed under this section shall remain eligible to receive their retirement annuity.

(c) Retired members reemployed under this subsection shall waive their health insurance coverage with the retirement system during the period of reemployment and receive health insurance coverage that is provided to regular full-time employees of the district.

(d) Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at rates determined by the retirement system's actuary that reflect accrued liability for nonuniversity members.

(e) Retirees who are reemployed under this provision shall make retirement contributions to the retirement system at rates specified under KRS 161.540 and the employer shall make contributions to the retirement system at rates specified under KRS 161.550. The member's entire contribution and a matching amount from the employer's contribution shall be placed in a separate defined contribution fund administered by the retirement system, with annual interest applied at the actuarially assumed rate. When the retiree's reemployment terminates, the total contributions with interest will be paid in a lump sum or on a monthly straight life basis to the retiree. If the member dies before retiring, the designated beneficiary shall receive a refund, and if there is a remaining balance at the death of the member after retirement, it shall be paid to the beneficiary designated by the member for this benefit.

(f) The provisions pertaining to the reemployment of retired members as full-time employees shall be granted by the board of trustees when it is deemed necessary to assist school districts in filling teaching or nonteaching positions in critical academic or geographic areas and when doing so would not create a significant negative impact on the funding status of the retirement system. The provisions of this subsection are optional with the board of trustees and shall not be covered under KRS 161.714.

Section 17. KRS 161.607 is amended to read as follows:

(1) Any member of the Teachers' Retirement System who enters employment covered by the Kentucky Employees Retirement System, the State Police Retirement System, or the County Employees Retirement System, prior to July 1, 1976, may retain membership in the Teachers' Retirement System instead of joining the new system.

(2) Retention of membership in the Teachers' Retirement System by any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System shall be effected by conforming with KRS 61.680(4)(c). Members of the General Assembly who retain membership shall make retirement contributions based upon their annual compensation as defined under KRS 161.220 or on their creditable compensation as defined under KRS 61.510, whichever is the larger amount. Service as a member of the General Assembly may be used to meet the service requirements of KRS 61.680(2)(a)~~[and 161.510]~~ regardless of the system to which contributions are made by the member.

(3) Any member of the Teachers' Retirement System entering employment as described in subsection (1) of this section must exercise the option within ninety (90) days of the beginning of such employment.

(4) Persons who enter service covered by the Teachers' Retirement System prior to July 1, 1976, and who hold membership in a Kentucky retirement system financed in whole or part with public funds may retain membership in that system providing the statutes and regulations governing said system make continued membership possible.

(5) Any person who has elected an option provided in this section may cancel such election and gain membership in the system which normally covers the position in which currently employed, provided that such cancellation of option election must be completed prior to January 1, 1977.

Section 18. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1998, and thereafter, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed at state colleges or universities that participate in the Teachers' Retirement System shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section; and

(b) The retirement allowance of a member at retirement shall not exceed the member's last annual compensation or the member's final average salary, whichever is the greater amount.

(2) Effective July 1, 1990, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one and one-half percent (1.5%).

These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.

Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code as enacted in 1988.

(9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall ***not be used in determining a member's regular retirement annuity but shall be used in determining retirement allowance payments under the supplemental retirement plan of the retirement system which is intended to constitute a qualified governmental excess benefit plan as provided in Section 415 of the Internal Revenue Code***~~[be disregarded]~~. (2) Upon the member's application for service retirement, the employer shall certify the retiring member's unused accumulated sick-leave balance to the board of trustees of the Kentucky Teachers' Retirement System. The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 161.600.

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(9) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

(7) Payments to the retirement system for service credit obtained under this section or for compensation credit obtained under KRS 161.155(9) shall be based on the full actuarial cost as defined in subsection (22) of Section 5 of this Act.

Upon the death of an active contributing member, a death benefit of two thousand dollars ($2,000) shall be paid to the member's estate or to a party designated by the member on a form prescribed by the retirement system. Application for the death benefit shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the payment of death benefits under this section.

(2) Suit or civil action shall not be required for the collection of the death benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the death benefit.

The board of trustees may also arrange to provide health insurance coverage by health maintenance organizations as defined in KRS 18A.225 as an alternative to group hospital and medical insurance for persons eligible for hospital and medical benefits under this section. The board of trustees may authorize present and future eligible recipients of a retirement allowance from the Teachers' Retirement System who are less than age sixty-five (65), to be included in the state-sponsored health insurance that is provided to active teachers and state employees under KRS 18A.225***~~[(a) The board of trustees shall enter into contracts with insurance carriers or other health care providers for the purpose of providing a program of hospital and medical insurance coverage to members who are age sixty-five (65) or older and retired for service.~~

~~(b) The board of trustees may enter into contracts with insurance carriers or other health providers for the purpose of providing a broad program of hospital and medical insurance coverage to members below age sixty-five (65) who are retired for service or disability and to the surviving spouse of deceased members who are eligible to receive the member's retirement benefits as provided in KRS 161.525.~~

~~(c) The board of trustees may offer, on a cost basis, coverage of spouses and dependents not eligible for regular coverage]~~.

(2) The coverage provided shall be as set forth in the contracts and the administrative regulations of the board of trustees. The board of trustees may change the levels of coverage ***and eligibility conditions*** to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and administrative regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital, and miscellaneous hospital costs. A retiree whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years creditable Kentucky service in the Teachers' Retirement System or of combined service in the Kentucky Employees Retirement System, of which at least two (2) years was creditable service under KRS~~[161.510 and]~~ 161.607(2), to qualify for the coverage. The board of trustees shall offer coverage to the disabled child of a retired member regardless of the disabled child's age if the retired member pays the entire premium for the disabled child's coverage. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(3) ***All expenses for benefits under this section shall be paid from the funding provisions contained in subsection (5) of Section 8 of this Act, premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute.***

(4) (a) The board of trustees shall determine the amount of health insurance supplement payments that the Teachers' Retirement System will provide to assist eligible recipients of a retirement allowance in paying the cost of their health insurance, based on the funds available in the medical insurance fund. The board of trustees shall establish the maximum monthly amounts of health insurance supplement payments that will be made by the retirement system for eligible recipients of a retirement allowance. The board of trustees shall annually establish the percentage of the maximum monthly health insurance supplement payment that will be made, based on age and years of service credit of eligible recipients of a retirement allowance. Monthly health insurance supplement payments made by the retirement system may not exceed the amount of the single coverage insurance premium chosen by the eligible recipients of a retirement allowance. In order to qualify for health insurance supplements made by the retirement system, the recipient of a supplement payment must agree to pay the difference between the insurance premium and the applicable supplement payment, by payroll deduction from his retirement allowance, or by a payment method approved by the retirement system.

(b) The board of trustees may offer, on a full-cost basis, health care insurance coverage provided by the retirement system to spouses and dependents of eligible retirees not eligible for regular coverage. Recipients of a retirement

allowance from the retirement system must agree to pay the cost of this coverage by payroll deduction from their retirement allowance or by a payment method approved by the retirement system.

(c) The board of trustees shall offer, on a full-cost basis, health insurance coverage provided by the retirement system to the disabled child of a retired member, regardless of the age of the disabled child. A child shall be considered disabled for purposes of this section if the child has been determined to be eligible for Federal Social Security disability benefits.

(5) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the hospital and medical insurance program. The board of trustees is empowered to pay the expenses for insurance coverage from the medical insurance fund, from the premium charges received from the annuitants and the spouses, and from funds that may be appropriated or allocated by statute. The board may provide insurance coverage by making payment to insurance carriers including health insurance plans that are available to active and retired state employees and active teachers, institutions, and individuals for services performed, or the board of trustees may elect to provide insurance on a "self-insurance" basis or a combination of these provisions.

(6) The board of trustees may approve health insurance supplement payments to eligible retirees or recipients who are less than sixty-five (65) years of age, as reimbursement for hospital and medical insurance premiums made by retirees for their individual coverage. Eligible retirees or recipients are those retirees or recipients who are not eligible for Medicare and who do not reside in Kentucky or in an area outside of Kentucky where comparable coverage is available. The reimbursement payments shall not exceed the minimum supplement payment that would have been made had the retiree lived in Kentucky. Eligible retirees or recipients shall submit proof of payment to the retirement system for hospital and medical insurance that they have obtained. Reimbursement payments shall be made on a quarterly basis.

(7)[~~(4)~~]Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(8)[~~(5)~~]The board of trustees is empowered to promulgate administrative regulations to assure efficient operation of the hospital and medical insurance program.

(9)[~~(6)~~]Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

WHEREAS, the ability to apply those concepts and principles is predicated on a student's accumulation of knowledge and the development of critical thinking skills over the course of time; and

WHEREAS, a student who is unprepared for the subject matter presented to him or her in the classroom will be unable to achieve at high levels and is more likely to lack academic motivation; and

WHEREAS, low achieving students are more likely to drop out of school prior to graduation; and

(1) The air pollution control board is hereby declared to be the governing body of an air pollution control district, and shall manage and control all the affairs and property of such district, and shall exercise all the powers of such district not otherwise delegated by this chapter. In a county where a city-county compact under KRS 79.310 to 79.330 is in effect, the air pollution control board shall assume all of the duties and responsibilities of the hearing board appointed under KRS 77.105, and the hearing board shall be abolished.

(1) ***Except for subsection (3) of this section,*** the General Assembly does not, by the provisions of this chapter, intend to occupy the field. ***Except for subsection (3) of this section,*** the provisions of this chapter do not prohibit the enactment or enforcement of any local ordinance stricter than the provisions of KRS 77.150 to 77.180 and stricter than the rules and regulations adopted pursuant to KRS 77.180 to 77.240, which local ordinance prohibits, regulates, or controls air pollution.

(2) ***Except for subsection (3) of this section,*** the provisions of this chapter do not supersede any such local ordinance. If it should be held that the provisions of this chapter supersede the provisions of any local ordinance, such suspension shall not bar the prosecution or punishment of any violation of such ordinance which violation was committed when such ordinance, was in full force and effect.

(3) Local ordinances prohibiting, regulating, or controlling emissions from mobile sources of air pollutants shall prohibit emissions of, regulate, or control only mobile sources of air pollutants regulated under the state program established in accordance with KRS 224.20-710 to 224.20-765.

(3) This provision shall in no way diminish the authority of the cabinet to administer and enforce the provisions of this chapter.

(4) The cabinet shall be empowered to enforce any and all regulations or standards in any district when concurrent jurisdiction is granted.

(24) "Special assessments" means guaranty fund assessments, residual market mechanism assessments, and other similar assessments which are included in ratemaking. Special assessments shall not be considered as either expenses or losses. KRS 304.13-011 to 304.13-161 apply to all types of insurance written on risks in this state by any insurer authorized under this chapter to do business in this state, except:

(7) Individual and group workers' compensation self-insurers***;***

(8) Title insurance; and

(9) Liability self-insurance groups.

Section 3. KRS 304.13-031 is amended to read as follows:

Rates shall be made in accordance with the following provisions:

(1) Rates shall not be excessive, inadequate, or unfairly discriminatory.

(a) A rate is excessive if it is likely to produce a profit that is unreasonably high for the insurance provided or if expenses are unreasonably high in relation to services rendered.

(b) A rate is not inadequate unless the rate is clearly insufficient to sustain projected losses, expenses, and special assessments in the class of business to which it applies and the use of the rate has substantially lessened competition or tended to create a monopoly in any market or, if continued, will have the effect of substantially lessening competition or will have the tendency to create a monopoly in any market.

(c) Unfair discrimination exists if, after allowing for practical limitations, price differentials fail to reflect equitably the differences in expected losses and expenses. A rate is not unfairly discriminatory if it is averaged broadly among persons insured under a group, franchise, or blanket policy or a mass marketed plan. As used in this paragraph, a mass marketed plan means a method of selling insurance where:

1. The insurance is offered to employees of particular employers, or to members of particular associations or organizations, or to persons grouped in other ways, except groupings formed principally for the purpose of obtaining such insurance; and

2. The employer, association, or other organization, if any, has agreed to, or otherwise affiliated itself with, the sale of such insurance to its employees or members.

(d) In determining whether rates comply with the excessiveness standard set forth in paragraph (a) of this subsection, the inadequacy standards set forth in paragraph (b) of this subsection, and the unfair discrimination standard under paragraph (c) of this subsection, the following criteria shall apply:

~~[(1) In a noncompetitive market, rates shall be made in accordance with the following provisions:~~

~~(a) Manual, minimum, class rates, rating schedules or rating plans, shall be made and adopted, except in the case of specific inland marine rates on risks specially rated;~~

~~(b) Rates shall not be excessive, inadequate or unfairly discriminatory;]~~

1.~~[(c)]~~ Due consideration shall be given:

a.~~[1.]~~ To past and prospective loss experience within and outside this state;

b.~~[2.]~~ To the conflagration and catastrophe hazards;

c.~~[3.]~~ To a reasonable margin for underwriting profit and contingencies;

d.~~[4.]~~ To dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers;

e.~~[5.]~~ To past and prospective expenses both countywide and those specially applicable to this state;

f.~~[6.]~~ To all other relevant factors within and outside this state; and

g.~~[7.]~~ In the case of fire insurance rates, consideration may be given to the experience of the fire insurance business during a period of not less than the most recent three (3) year period for which such experience is available;

2.~~[(d)]~~ The~~[systems of]~~ expense provisions included in the rates for use by any insurer or group of insurers ***shall***~~[may differ from those of other insurers or group of insurers to]~~ reflect the requirements of the operating methods of any such insurer or group ***and its anticipated expenses,*** with respect to any kind of insurance or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable;

3.~~[(e)]~~ Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks which ***can be demonstrated to***~~[may]~~ have a probable effect upon losses or expenses. ***No risk classification, however, may be based upon race, creed, national origin, or the religion of the insured.***

4. The rates may contain provision for contingencies and an allowance permitting a reasonable profit. In determining the reasonableness of the profit, consideration shall be given to all investment income attributable to the line of insurance.

(2) ***The commissioner may order an insurer to refund to policyholders or certificate holders any premium the commissioner determines to be excessive. The insurer may request a hearing on the refund, to be conducted in accordance with the provisions of this chapter and KRS Chapter 13B, within thirty (30) days of the receipt of the order,***

and the commissioner shall schedule that hearing within thirty (30) days of receipt of the request~~[Rates made in accordance with this section may be used subject to this subtitle]~~.

Section 4. KRS 304.13-041 is amended to read as follows:

(1) A competitive market for any line of insurance is presumed to exist unless the commissioner, after a hearing, determines that a reasonable degree of competition does not exist in the market for such line and issues an order to that effect. Such an order shall expire no later than one (1) year after it is issued***, unless the commissioner renews the rule after a hearing and issues a finding as to the continued lack of a reasonable degree of competition***. In determining whether a reasonable degree of competition exists, the commissioner shall consider all relevant information pertaining to the market and the ***practical*** opportunities available to consumers in the market to acquire pricing and other consumer information, and to compare and obtain insurance from competing insurers.

(2) ***In determining whether a competitive market exists pursuant to subsection (1) of this section,*** the commissioner shall monitor the degree of competition in this Commonwealth. In doing so, ***the commissioner shall***~~[he may]~~ utilize existing relevant information***, analytical systems, and other sources; cause or participate in the development of new relevant information, analytical systems, and other sources; or rely on some combination thereof***~~[, or he may develop new relevant information]~~. The activities may be conducted internally within the Department of Insurance, in cooperation with other state insurance departments, through outside contractors, or in any other appropriate manner. The relevant information in determining the competitiveness of a specific market may include the ***size and*** number of insurers actively engaged in providing coverage, market shares, and changes in market shares***,***~~[and]~~ ease of entry ***and exit from a given market, underwriting restrictions, whether profitability for companies generally in the market segment is unreasonably high, availability of consumer information concerning the product and sales outlets or other sales mechanisms, and efforts of insurers to provide consumer information***.

SECTION 5. KRS 304.13-051 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Every insurer shall file with the commissioner every manual, underwriting guideline, minimum premium, class rate, rating schedule or rating plan, and every other rating rule, and every modification of any of the foregoing which it proposes to use for commercial risks, as designated by the commissioner, and for all personal risks. An insurer may file its rates by either filing its final rates or by filing a loss cost multiplier and, if applicable, an expense constant to be applied to prospective loss costs that have been filed by an advisory organization on behalf of the insurer as permitted by Section 14 of this Act. Every such filing shall state the effective date and shall indicate the character and extent of the coverage contemplated.

(a) Rate filings for homeowners and personal automobile risks shall be accompanied by updated supplemental consumer information needed to publish the department's consumer guide. The commissioner shall prescribe by administrative regulation specifications for the consumer guide data.

(b) Any insurer which proposes to change its existing rates, manuals, or rating rules so as to effectively increase or decrease the rates for any classification of risk within any rating territory more than the rate impact threshold, as determined by administrative regulation promulgated by the commissioner, within a twelve (12) month period shall file all the rates and supplementary rating information which shall not become effective until approved by the commissioner. At the expiration of thirty (30) days, the rates shall be deemed approved unless prior thereto they have been affirmatively approved or disapproved by order of the commissioner. The commissioner may extend by not more than an additional thirty (30) day period within which the commissioner may affirmatively approve or disapprove the rates by giving notice to the insurer of the extension on or before the expiration of the initial thirty (30) day period.

(c) Every insurer shall certify that the filing complies with all of the applicable requirements of this chapter and administrative regulations promulgated under this chapter. An insurer filing a false or misleading certification that the filing complies with this chapter and administrative regulations shall be subject to administrative action including loss of its certificate of authority.

(2) Every insurer shall file or incorporate by reference to material which has been filed with or approved by the commissioner, at the same time as the filing of the rate, all supplementary rating and supporting information to be used in support of or in conjunction with a rate. The information furnished in support of a filing may include or consist of a reference to:

(a) The experience or judgment of the insurer or information filed by the advisory organization on behalf of the insurer as permitted by Section 14 of this Act;

(b) Its interpretation of any statistical data it relies upon;

(c) The experience of other insurers or advisory organizations; or

(d) Any other relevant factors.

(3) When a filing is not accompanied by the information upon which the insurer supports the filing, the commissioner may require the insurer to furnish the information upon which it supports its filing and, in that event, any applicable waiting period shall commence as of the date the information is furnished. Until the requested information is provided,

the filing shall not be considered complete or filed nor available for use by the insurer. If the requested information is not provided within a reasonable time period, the filing may be returned to the insurer as not filed and not available for use.

(4) After reviewing an insurer's filing, the commissioner may require that the insurer's rates be based upon the insurer's own loss, special assessment, and expense information. If the insurer's loss or allocated loss adjustment expense information is not actuarially credible, as determined by the commissioner, the insurer may use or supplement its experience with information filed with the commissioner by an advisory organization or statistical agent.

(5) Insurers utilizing the services of an advisory organization must provide with their rate filing, at the request of the commissioner, a description of the rationale for such use, including its own information and method of utilization of the advisory organization's information.

(6) The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the requirements of this chapter.

(7) In a competitive market, every insurer shall file with the commissioner the information specified in subsection (1) of this section that it will use in this state for commercial risks, as designated by the commissioner, and for all personal risks. The rates and supplementary rating information shall be filed on or before the effective date. In a competitive market, if the commissioner finds, after a hearing, that an insurer's rates require closer supervision because of the insurer's financial condition or unfairly discriminatory rating practices, the insurer shall file with the commissioner at least thirty (30) days before the effective date all the rates and supplementary rating information and supporting information as prescribed by the commissioner. This waiting period may be extended by the commissioner for an additional period not to exceed thirty (30) days, if written notice is given within the waiting period to the filer that additional time is needed for the consideration of the filing. Upon application by the filer, the commissioner may authorize an earlier effective date.

(8) In a noncompetitive market, subject to the exception specified in subsection (9) of this section, each filing shall be on file for a waiting period of thirty (30) days before it becomes effective. This period may be extended by the commissioner for two (2) additional periods, each period not to exceed thirty (30) days, if written notice is given within this waiting period to the filer that additional time is needed for the consideration of the filing. Upon written application by the insurer, the commissioner may authorize a filing which has been reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this chapter unless disapproved by the commissioner within the waiting period or any extension thereof.

(9) Under administrative regulations as may be promulgated, the commissioner may, by written order, suspend or modify the requirement of filing as to any kind of insurance, subdivision or combination thereof, or as to classes of risks. The commissioner may make any examination deemed advisable to ascertain whether any rates affected by the order meet the standards set forth in Section 3 of this Act.

(10) Upon the written application of the insurer and insured, stating its reasons therefor, filed with and approved by the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

(11) No insurer shall make or issue a contract or policy except in accordance with the filings which have been approved and are in effect for said insurer as provided in this subtitle or in accordance with subsections (9) and (10) of this section.

(12) A rate for a residual market in which insurers are mandated by law to participate shall not become effective until approved by the commissioner.

Section 6. KRS 304.13-057 is amended to read as follows:

(1) ***Rates subject to this subtitle shall be based on Kentucky experience when actuarially credible.***

(2) Every insurer shall provide to the commissioner information to demonstrate to what extent the insurer's rates are based upon its Kentucky experience.

(3)[~~(2)~~]Every insurer shall provide to the commissioner information to demonstrate its compliance with the requirements contained in KRS 304.13-410 which requires workers' compensation rates to be based on the net experience of an employer policyholder who has selected a deductible policy as authorized by KRS 304.13-400.

Section 7. KRS 304.13-061 is amended to read as follows:

(1) [~~The information furnished in support of a filing may include:~~

~~(a) The experience or judgment of the insurer;~~

~~(b) The insurer's interpretation of any statistical data it relies on;~~

~~(c) The experience of other insurers; and~~

~~(d) Any other relevant factors.~~

~~(2)~~] The commissioner may adopt reasonable rules for use by insurers to record and report to the commissioner their rates and other information determined by the commissioner to be necessary or appropriate for the administration of KRS 304.13-011 to 304.13-161***, and the effectuation of its purposes. The commissioner may adopt reasonable rules to assure that*** *the experience of all insurers is made available at least annually in such form and detail as is necessary to aid in determining whether rating systems comply with the standards set forth in Section 3 of this Act*. [~~However, except for workers' compensation reports, no insurer shall be required to report its loss experience on a classification basis that is inconsistent with the rating system filed by it.~~] The commissioner may designate one (1) or more advisory organizations *or statistical agents* to assist him in gathering, compiling, and reporting such information*, which shall be a matter of public record. The scope of these rules may include the data which must be reported by insurers, definitions of data elements, the timing and frequency of statistical reporting by insurers, data quality standards, data edit and audit requirements, data retention requirements, reports to be generated by advisory organizations or statistical agents to fulfill the requirements of this section, and the timing of such reports*.[~~ Insurers shall record and report their workers' compensation experience on a classification basis consistent with that of an advisory organization designated by the commissioner.~~]

(2) Reasonable rules and plans may be adopted by the commissioner for the interchange of data necessary for the application of rating plans.

(3) In order to further uniform administration of rate regulatory laws, the commissioner and every insurer, advisory organization, and statistical agent may exchange information and experience data with insurance supervisory officials, insurers, and advisory organizations in other states and may consult with them with respect to the application of rating systems and the collection of statistical data.

SECTION 8. KRS 304.13-071 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) If the commissioner finds that any filing does not meet the requirements of this chapter, written notice of disapproval shall be sent to the filer, specifying therein in what respects the filing fails to meet the requirements of this chapter. If a filing is disapproved by the commissioner, the filer may request a hearing on the disapproval within thirty (30) days, and the commissioner shall schedule that hearing within thirty (30) days of the receipt of the request. The hearing shall be conducted in accordance with the provisions of this chapter and KRS Chapter 13B. The filer bears the burden of proving compliance with the standards established by this chapter.

(2) If at any time after a rate has been approved for filings made in a competitive market, the commissioner finds that the rate no longer meets the requirements of this chapter, the commissioner may order the discontinuance of use of the rate. The order of discontinuance may be issued after a hearing, to be conducted in accordance with the provisions of this chapter and KRS Chapter 13B. The order must be in writing and state the grounds for the order. It shall also state when, within a reasonable time thereafter, the filing will be deemed no longer effective. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order. The commissioner's order may include a provision for a premium adjustment for contracts or policies made or issued after the effective date of the order.

(3) Whenever an insurer has no legally effective rates as a result of the commissioner's disapproval of rates or other act, the commissioner shall, on request of the insurer, specify interim rates for the insurer that are high enough to protect the interest of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by the commissioner. When the new rates become legally effective, the commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimis shall not be required.

Section 9. KRS 304.13-081 is amended to read as follows:

[~~(1) All rates, supplementary rate information, and supporting information filed under KRS 304.13-011 to 304.13-161 shall be open to public inspection at any reasonable time. Copies may be obtained by any person on request and on payment of a charge specified in Subtitle 4 of this chapter.~~

~~(2)~~]The commissioner shall *utilize,*[~~designate certain types of personal risks coverages for which the commissioner shall~~] develop*, or cause to be developed* a consumer information system that will *provide and* disseminate price and other relevant information on a readily available basis *to purchasers of homeowners, private passenger nonfleet automobile, or property insurance for personal, family, or household needs. The commissioner may utilize, develop, or cause to be developed a consumer information system which will provide and disseminate price and other relevant information on a readily available basis to purchasers of insurance for commercial risks and personal risks not otherwise specified in this section. Such activity may be conducted internally within the department, in cooperation with other state insurance departments, through outside contractors, or in any other appropriate manner. To the extent the commissioner considers necessary and appropriate,*[~~,~~] insurers, advisory organizations, *statistical agents,* and other persons or organizations involved in conducting the business of insurance in this state*, to which this section applies,* shall cooperate with the commissioner in the development and *utilization*[~~in the operation~~] of a consumer information system. The reasonable cost of developing a consumer information system shall be assessed against insurers subject to this chapter on an equitable basis.

SECTION 10. KRS 304.13-091 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) No advisory organization, statistical agent, or form provider shall provide any otherwise permitted service, and no insurer shall utilize the services unless the organization has obtained a license pursuant to subsection (3) of this section.

(2) No advisory organization, statistical agent, or form provider shall refuse to supply any services for which it is licensed in Kentucky to any insurer authorized to do business in Kentucky and offering to pay the fair and usual compensation for the services.

(3) An advisory organization, statistical agent, or form provider applying for a license shall include with its application:

(f) Any other relevant information and documents that the commissioner may require.

Any amendment to a document filed under this section shall be filed at least thirty (30) days before it becomes effective.

(5) If the commissioner finds that the applicant and the natural persons through whom it acts are competent, trustworthy, and technically qualified to provide the services proposed, and that all requirements of the law are met, he or she shall issue a license specifying the authorized activity of the applicant. The commissioner shall not issue a license if the proposed activity would tend to create a monopoly or to substantially lessen the competition in any market.

(6) Licenses issued pursuant to this section shall remain in effect for one (1) year unless the license is suspended or revoked. The commissioner may at any time, after a hearing to be conducted in accordance with the provisions of this chapter and KRS Chapter 13B, revoke or suspend the license of an advisory organization, statistical agent, or form provider which does not comply with the requirements and standards of this chapter.

(7) Advisory organizations wishing to operate as statistical agents or form providers may be so authorized under their license as an advisory organization. A separate license is not required.

(8) Each advisory organization, statistical agent, and form provider shall pay fees as required by KRS 304.4-010 for the application, continuance, or renewal of its license.

SECTION 14. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Every advisory organization shall file with the commissioner every statistical plan, all prospective loss costs, provisions for special assessments, and all supplementary rating information, and every change or amendment or modification of any of the foregoing proposed for use in Kentucky. Each filing shall be filed thirty (30) days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed thirty (30) days, if written or electronic notice is given within the initial thirty (30) day period to the advisory organization that additional time is needed for the consideration of the filing. The commissioner may, upon giving written or electronic notice to the advisory organization, request additional information that is needed to complete the review of the filing. If the commissioner requests such additional information prior to the filing becoming effective, the filing shall become effective thirty (30) days after the additional information is provided to the commissioner.

(2) Upon written application by the advisory organization, the commissioner may authorize an earlier effective date.

(4) A workers' compensation insurer may develop rating plans which identify loss experience as a factor to be used. These rating plans and their filing shall be subject to the provisions of this chapter applicable to filings generally.

(5) The commissioner shall disapprove subclassifications, rating plans, or other variations from manual rules filed by a workers' compensation insurer if the insurer fails to demonstrate that the data thereby produced can be reported consistent with the uniform classification system and experience rating system and in such a fashion so as to allow for the application of experience rating filed by the advisory organization.

SECTION 16. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

No person shall willfully withhold information which will affect the rates or premiums chargeable under this subtitle from, or knowingly give false or misleading information to, the commissioner, any statistical agent, any advisory organization, or any insurer.

Section 17. KRS 304.13-131 is amended to read as follows:

(1) No insurer ***or advisory organization*** shall make ***any arrangement***~~[an agreement]~~ with any other insurer, advisory organization, or ***other*** person that has the purpose or effect of unreasonably restraining trade or ***unreasonably***~~[or substantially]~~ lessening competition in ***the business of***~~[an]~~ insurance~~[market]~~.

(4)~~[(3)]~~Two (2) or more insurers having a common ownership or operating in this state under common management or control may act in concert between or among themselves with respect to ***any matters pertaining to*** those activities authorized in this chapter as if they ***constituted***~~[were]~~ a single insurer.

Section 18. KRS 304.13-141 is amended to read as follows:

(1) The commissioner may examine any insurer, pool, advisory organization, ***statistical agent, form provider,*** or residual market or joint underwriting mechanism as deemed necessary to ascertain compliance with ***this chapter***~~[KRS 304.13-011 to 304.13-161]~~. (3) In lieu of an examination, the commissioner may accept the report of an examination by the insurance supervisory official of another state, if the report is made pursuant to the laws of that state.

Section 19. KRS 304.13-151 is amended to read as follows:

(1) Notwithstanding ***subsection (2)(a) of*** KRS 304.13-131, insurers participating in joint underwriting, ***joint reinsurance*** pools, or residual market mechanisms may, in connection with such activity, cooperate ***with each other*** in the making of rates, rating systems, policy forms, underwriting rules, surveys, inspections and investigations, the furnishing of loss and expense statistics ***or***~~[and]~~ other information, ***or carrying on***~~[and the undertaking of]~~ research. ~~[A]~~Joint underwriting***, joint reinsurance pools, and***~~[pool or]~~ residual market ***mechanisms***~~[mechanism]~~ shall not be deemed~~[an]~~ advisory ***organizations***~~[organization]~~.

(2) ***Except to the extent modified by this section, insurers, joint underwriting, joint reinsurance pool and residual market mechanism activities are subject to the provisions of this chapter.***

(3) Every~~[A]~~ pool shall file with the commissioner a copy of its constitution, bylaws, rules***, and regulations*** governing its activities, and articles of incorporation, agreement, or association. (4)~~[(3)]~~Any ***residual market mechanism,*** plan***,*** or agreement to implement a residual market mechanism***, and any changes or amendments in the plan*** shall be submitted ***in writing*** to the commissioner for ***consideration and*** approval***, together with any other information as may be reasonably required***. The commissioner shall approve only those agreements that ***he or she finds contemplate both***~~[contemplate]~~ the use of rates ***which meet the standards of this chapter and activities and practices***~~[that are adequate but not excessive,]~~ that are not ***unfair, unreasonable, or*** ~~[unfairly discriminatory, and that are]~~ otherwise ***inconsistent with the provisions of this chapter***~~[consistent with KRS 304.13-011 to 304.13-161]~~. ***At any time after any agreements are in effect, the commissioner may review the practices and activities of the adherents to these***

agreements and if, after a hearing, the commissioner finds that any practice or activity is unfair or unreasonable, or is otherwise inconsistent with the provisions of this Chapter, the commissioner may issue a written order to the parties and either require the discontinuance of these acts or revoke approval of any such agreement.

(5)[~~(4)~~]If the commissioner finds after a hearing that ***any***[~~an~~] activity ***or practice*** of an insurer participating in joint underwriting ***or***[~~,~~] a pool ***is unfair, is unreasonable***,[~~ or a residual market mechanism~~] will tend to[~~ substantially~~] lessen competition in ***any***[~~an insurance~~] market, or is otherwise inconsistent with the provisions ***or purposes*** of ***this chapter***[~~KRS 304.13-011 to 304.13-161~~], an order may be issued[~~ specifying in what respects the activity is anticompetitive or inconsistent with KRS 304.13-011 to 304.13-161 and~~] requiring the discontinuance of the activity.

(6)[~~(5)~~]As a condition of its authority under this chapter to transact casualty insurance (as defined in KRS 304.5-070) in this state, every insurer so authorized shall become and remain a signatory to the "Kentucky automobile insurance plan" as it is presently formulated or as it is hereafter amended with the approval of the commissioner. The "Kentucky automobile insurance plan" shall be deemed to be a mandated "residual market mechanism" as defined in KRS 304.13-011(8).

Section 20. KRS 304.13-350 is amended to read as follows:

The commissioner shall review, approve, and hear appeals on the assignment, reassignment, or modification of any fire protection classification of any fire protection district, municipality, or locality in the state which is made by any lawful ***insurer, advisory***[~~rating~~] organization, or agency operating in the Commonwealth.

Section 21. KRS 304.13-355 is amended to read as follows:

Any fire protection district, municipality, or locality in the state which is assigned a fire protection classification by any lawful ***advisory***[~~rating~~] organization or insurer which makes its own rates, operating in the Commonwealth, may appeal to the commissioner for modification or reassignment of the classification within thirty (30) days of receipt of the classification. The commissioner shall determine the manner in which an appeal may be filed.

Section 22. KRS 304.13-360 is amended to read as follows:

(1) The commissioner shall make such investigation as he deems necessary or convenient for proper determination regarding an appeal.

(2) The books, accounts, papers and records of every fire protection classification ***advisory***[~~rating~~] organization or insurer which makes its own rates, operating in the Commonwealth, shall be available to the commissioner for inspection and examination. By notice and order, the commissioner may require their production or the production of verified copies at such time and place as he designates, any expense incurred to be borne by the rating organization or insurer so ordered.

Section 23. KRS 304.13-365 is amended to read as follows:

(1) Within thirty (30) days of the filing of an appeal, the commissioner shall hold an administrative hearing to be conducted in accordance with KRS Chapter 13B. Whenever the commissioner determines that a fire protection classification is unreasonable, he shall by final order prescribe a reasonable classification to be followed for a period not to exceed one (1) year. A subsequent evaluation by the ***advisory***[~~rating~~] organization or insurer shall not be permitted until the expiration of the period set by the commissioner.

(2) The commissioner may compel obedience to its final orders by proper proceedings in the Franklin Circuit Court or any other court of competent jurisdiction, and these proceedings shall have priority over all pending cases.

Section 24. KRS 304.13-370 is amended to read as follows:

(1) No insurer may increase premiums for fire insurance based on a fire protection classification until the expiration of the thirty (30) day period for appeal by the fire protection district, municipality or locality, as provided in KRS 304.13-355. If an appeal is filed, no insurer may increase such premiums until approval of the fire protection classification by the commissioner.

(2) If the commissioner's reassignment or modification of a fire protection classification results in lower fire insurance premiums, the appropriate insurers shall make any refunds of paid premiums due to customers within the affected fire protection district, municipality or locality. Such refunds shall be determined from the date the ***advisory***[~~rating~~] organization or insurer last assigned or reassigned the classification appealed.

Section 25. KRS 304.14-120 is amended to read as follows:

(1) No basic insurance policy or annuity contract form, or application form where written application is required and is to be made a part of the policy or contract, or printed rider or indorsement form or form of renewal certificate, shall be delivered, or issued for delivery in this state, unless the form has been filed with and approved by the commissioner. This provision shall not apply to any rates filed under Subtitle 17A of this chapter, surety bonds, or to specially-rated inland marine risks, or to policies, riders, indorsements, or forms of unique character designed for and used with relation to insurance upon a particular subject, or which relate to the manner or distribution of benefits or to the reservation of rights and benefits under life or health insurance policies and are used at the request of the individual policyholder, contract holder, or certificate holder. As to group insurance policies issued and delivered to an association outside this state but covering persons resident in this state, all or substantially all of the premiums for which are payable by the insured members, the group certificates to be delivered or issued for delivery in this state shall be filed with and approved by the

commissioner.

(a) For property and casualty coverages, every form requiring an insured to reject coverage, remove coverage, or reduce coverage must be filed with and approved by the commissioner before it is delivered, issued for delivery, or used in Kentucky.

(b) As to forms for use in property, marine (other than wet marine and transportation insurance), casualty and surety insurance coverages ***(other than accident and health)*** the filing required by this subsection may be made by ***advisory***[~~rating~~] organizations ***or form providers*** on behalf of ***their***[~~its~~] members and subscribers; but this provision shall not be deemed to prohibit any such member or subscriber from filing any such forms on its own behalf.

(c) Every advisory organization and form provider shall file with the commissioner for approval every property and casualty policy form and endorsement before distribution to members, subscribers, customers, or others.

(d) Every property and casualty insurer shall file with the commissioner notice of adoption before use of any approved form filed by an advisory organization or form provider or filed by the insurer pursuant to paragraph (b) of this subsection.

(2) Every such filing shall be made not less than sixty (60) days in advance of any such delivery. At the expiration of such sixty (60) days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. Approval of any such form by the commissioner shall constitute a waiver of any unexpired portion of such waiting period. The commissioner may extend by not more than a thirty (30) day period within which he may so affirmatively approve or disapprove any such form, by giving notice to the insurer of such extension before expiration of the initial sixty (60) day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved. The commissioner may at any time, after notice and for cause shown, withdraw any such approval.

(3) Any order of the commissioner disapproving any such form or any notice of the commissioner withdrawing a previous approval shall state the grounds therefor and the particulars thereof in such detail as reasonably to inform the insurer thereof. Any such withdrawal of a previously approved form shall be effective at expiration of such period, not less than thirty (30) days after the giving of the notice of withdrawal, as the commissioner shall in such notice prescribe.

(4) The commissioner may, by order, exempt from the requirements of this section for so long as he deems proper any insurance document or form or type thereof as specified in such order to which, in his opinion, this section may not practicably be applied, or the filing and approval of which are, in his opinion, not desirable or necessary for the protection of the public.

(5) Appeals from orders of the commissioner disapproving any such form or withdrawing a previous approval shall be taken as provided in Subtitle 2 of this chapter.

(6) For the purposes of this section, unless the context requires otherwise:

(a) "Advisory organization" has the meaning provided in Section 1 of this Act; and

(b) "Form provider" has the meaning provided in Section 1 of this Act.

The Committee Substitute No. 1 to **HB 354** is as follows:

HB 354, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.13-011 is amended to read as follows:

As used in this subtitle, unless the context requires otherwise:

(1) A "market" is the interaction between buyers and sellers consisting of a product market component and a geographic market component. A product market component consists of identical or readily substitutable products including but not limited to consideration of coverage, policy terms, rate classifications, and underwriting. A geographic market component is a geographical area in which buyers have a reasonable degree of access to insurance sales outlets. Determination of a geographic market component shall consider existing market patterns.

SECTION 12. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

No person shall willfully withhold information which will affect the rates or premiums chargeable under this subtitle from, or knowingly give false or misleading information to, the commissioner, any statistical agent, any advisory organization, or any insurer.

(1) No insurer may increase premiums for fire insurance based on a fire protection classification until the expiration of the thirty (30) day period for appeal by the fire protection district, municipality or locality, as provided in KRS 304.13-355. If an appeal is filed, no insurer may increase such premiums until approval of the fire protection classification by the commissioner.

(2) If the commissioner's reassignment or modification of a fire protection classification results in lower fire insurance premiums, the appropriate insurers shall make any refunds of paid premiums due to customers within the affected fire protection district, municipality or locality. Such refunds shall be determined from the date the ***advisory***[~~rating~~] organization or insurer last assigned or reassigned the classification appealed.

Section 21. KRS 304.14-120 is amended to read as follows:

(1) No basic insurance policy or annuity contract form, or application form where written application is required and is to be made a part of the policy or contract, or printed rider or indorsement form or form of renewal certificate, shall be delivered, or issued for delivery in this state, unless the form has been filed with and approved by the commissioner. This provision shall not apply to any rates filed under Subtitle 17A of this chapter, surety bonds, or to specially-rated inland marine risks, or to policies, riders, indorsements, or forms of unique character designed for and used with relation to insurance upon a particular subject, or which relate to the manner or distribution of benefits or to the reservation of rights and benefits under life or health insurance policies and are used at the request of the individual policyholder, contract holder, or certificate holder. As to group insurance policies issued and delivered to an association outside this state but covering persons resident in this state, all or substantially all of the premiums for which are payable by the insured members, the group certificates to be delivered or issued for delivery in this state shall be filed with and approved by the commissioner.

(a) As to forms for use in property, marine (other than wet marine and transportation insurance), casualty and surety insurance coverages ***(other than accident and health)*** the filing required by this subsection may be made by ***advisory***[~~rating~~] organizations ***or form providers*** on behalf of ***their***[~~its~~] members and subscribers; but this provision shall not be deemed to prohibit any such member or subscriber from filing any such forms on its own behalf.

(b) Every advisory organization and form provider shall file with the commissioner for approval every property and casualty policy form and endorsement before distribution to members, subscribers, customers, or others.

(c) Every property and casualty insurer shall file with the commissioner notice of adoption before use of any approved form filed by an advisory organization or form provider or filed by the insurer pursuant to paragraph (a) of this subsection.

(2) Every such filing shall be made not less than sixty (60) days in advance of any such delivery. At the expiration of such sixty (60) days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. Approval of any such form by the commissioner shall constitute a waiver of any unexpired portion of such waiting period. The commissioner may extend by not more than a thirty (30) day period

within which he may so affirmatively approve or disapprove any such form, by giving notice to the insurer of such extension before expiration of the initial sixty (60) day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved. The commissioner may at any time, after notice and for cause shown, withdraw any such approval.

(3) Any order of the commissioner disapproving any such form or any notice of the commissioner withdrawing a previous approval shall state the grounds therefor and the particulars thereof in such detail as reasonably to inform the insurer thereof. Any such withdrawal of a previously approved form shall be effective at expiration of such period, not less than thirty (30) days after the giving of the notice of withdrawal, as the commissioner shall in such notice prescribe.

(4) The commissioner may, by order, exempt from the requirements of this section for so long as he deems proper any insurance document or form or type thereof as specified in such order to which, in his opinion, this section may not practicably be applied, or the filing and approval of which are, in his opinion, not desirable or necessary for the protection of the public.

(5) Appeals from orders of the commissioner disapproving any such form or withdrawing a previous approval shall be taken as provided in Subtitle 2 of this chapter.

(6) For the purposes of this section, unless the context requires otherwise:

- ***(a) "Advisory organization" has the meaning provided in Section 1 of this Act; and***
- ***(b) "Form provider" has the meaning provided in Section 1 of this Act.***

HB 415, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.20-040 is amended to read as follows:

(1) As used in this section:

- (a) "Policy" means an automobile liability insurance policy, delivered or issued for delivery in this state, insuring a single individual or husband and wife resident of the same household, as named insured, and under which the insured vehicles therein designated are of the following types only:
  - 1. A motor vehicle of the private passenger or station wagon type that is not used as a public or livery conveyance for passengers, nor rented to others;
  - 2. Any other four-wheel motor vehicle with a load capacity of fifteen hundred (1,500) pounds or less which is not used in the occupation, profession, or business of the insured; provided, however, that this section shall not apply:
    - a. To any policy issued under an automobile assigned risk plan;
    - b. To any policy insuring more than four (4) automobiles; or
    - c. To any policy covering garage, automobile sales agency, repair shop, service station, or public parking place operation hazards;
- (b) "Automobile liability insurance policy" includes only coverage for bodily injury and property damage liability, basic reparations benefits, and the provisions therein, if any, relating to medical payments, uninsured motorists coverage, ***underinsured motorists coverage,*** and automobile physical damage coverage;
- (c) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy replacing at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; provided, however, that any policy with a policy period or term of less than three (3) months shall for the purpose of this section be considered as if written for a policy period or term of three (3) months. Provided, further, that any policy written for a term longer than one (1) year or any policy with no fixed expiration date, shall for the purpose of this section, be considered as if written for successive policy periods or terms of one (1) year, and the policy may be terminated at the expiration of any annual period upon giving seventy-five (75) days' notice of ***nonrenewal***[~~cancellation~~] prior to the anniversary date***;***[~~, and the cancellation shall not be subject to any other provisions of this section; and~~]
- (d) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any installment of the premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit***;***
- ***(e) "Declination " or "decline" means either the refusal of an insurer to issue an automobile liability insurance policy upon receipt of a written nonbinding application or written request for coverage from its agent or an applicant, or refusal of an agent to transmit to an insurer a written nonbinding application or written request for coverage received from an applicant. The offering of insurance coverage with a company within an insurance group that is different from the company requested on the nonbinding application or written request for coverage, or the offering of insurance upon different terms than requested in the nonbinding application or***

written request for coverage, shall be considered to be a declination; and

(f) ***"Agent" includes, but is not limited to, surplus lines broker.***

(2) (a) A notice of cancellation of a policy shall be effective only if it is based on one (1) or more of the following reasons:

1. Nonpayment of premium;[~~ or~~]

2. The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or revocation during the policy period or, if the policy is a renewal, during its policy period or the one hundred eighty (180) days immediately preceding its effective date;

3. ***Discovery of fraud or material misrepresentation made by or with the knowledge of the named insured in obtaining the policy, continuing the policy, or in presenting a claim under the policy;***

4. ***Discovery of willful acts or omissions on the part of the named insured that increase any hazard insured against; or***

5. ***A determination by the commissioner that the continuation of the policy would place the insurer in violation of this chapter or the rules or administrative regulations of the commissioner;***

(b) This subsection shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy;

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars ($100) shall not be deemed a cancellation of the coverage or of the policy; and

(d) This subsection shall not apply to nonrenewal.

(3) No notice of cancellation of a policy to which subsection (2) of this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty (20) days prior to the effective date of cancellation; provided, however, that where cancellation is for nonpayment of premium at least fourteen (14) days' notice of cancellation accompanied by the reason therefor shall be given. This subsection shall not apply to renewals.

(4)[~~ No insurer shall refuse to renew a policy of automobile insurance solely because of the age of the insured.~~

~~(5)~~] No insurer ***or agent*** shall ***decline,*** refuse to renew***,*** or cancel a policy of automobile insurance solely because:

(a) Of the credit history, or lack of credit history, of the ***applicant or*** insured;

(b) The ***applicant or*** insured has previously obtained automobile coverage ***through a residual market mechanism or*** from a carrier providing nonstandard coverage;[~~ or~~]

(c) The ***applicant or*** insured has sustained one (1) or more losses that immediately result from a natural cause without the intervention of any person and that could not have been prevented by the exercise of prudence, diligence, and care***;***

(d) ***Of the race, religion, nationality, ethnic group, age, sex, or marital status of the applicant or named insured; or***

(e) ***Another insurer previously declined to insure the applicant or terminated an existing policy in which the applicant was the named insured.***

(5)[~~(6)~~]No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least seventy-five (75) days' advance notice of its intention not to renew. ***If notice is not provided, coverage shall be deemed to be renewed for the ensuing policy period upon payment of the appropriate payment under the same terms and conditions, until the named insured has accepted replacement coverage with another insurer, or until the named insured has agreed to the nonrenewal.***

(6) ***The transfer of a policyholder between companies within the same insurance group shall be considered a nonrenewal.***

(7) Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of the renewal.

(8) If the insurer has manifested its willingness to renew by mailing or delivering a renewal notice, bill, certificate, or policy to the first-named insured at his last known address at least thirty (30) days before the end of the current policy period with the amount of the renewal premium charge and its due date clearly set forth therein, then the policy shall expire and terminate without further notice to the insured on the due date, unless the renewal premium is received by the insurer or its authorized agent on or before that date. When any policy terminates pursuant to this subsection because the renewal premium was not received on or before the due date, the insurer shall, within fifteen (15) days, deliver or mail to the first-named insured at his last known address a notice that the policy was not renewed and the date on which the coverage under it ceased to exist.

(9) (a) Proof of mailing of renewal premium to the insurer or its agent, when authorized, on or before the due date, shall constitute a presumption of receipt pursuant to subsection (8) of this section.

(b) Proof of mailing of notice of cancellation or of intention not to renew or of reasons for cancellation or nonrenewal to the named insured at the address shown in the policy shall be sufficient proof of notice.

(10) No insurer shall impose or request an additional premium higher than its standard premium for automobile insurance, cancel or refuse to issue a policy, or refuse to renew a policy solely because the insured or the applicant is an individual with a disability, so long as the disability does not substantially impair the person's mechanically assisted driving ability.

(11) When an automobile liability insurance policy is canceled other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance coverage through the Kentucky automobile assigned risk plan. The notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew. The notice shall also inform the insured that he may, within ***seven (7)***[~~four (4)~~] days, request the commissioner in writing to determine whether there is sufficient reason to cancel or not to renew the policy. Within fourteen (14) days of receiving such a written request, the commissioner shall send his findings to the insurer and to the insured. When he sends his findings, the commissioner shall notify both parties of their right to request a hearing under KRS 304.2-310(2)(b) ***and KRS Chapter 13B***. The party requesting the hearing shall give the commissioner written confirmation of attendance at the hearing not more than five (5) days before, nor less than forty-eight (48) hours before, the scheduled hearing. If the requesting party fails to give the required written confirmation, the commissioner shall cancel the hearing.

(12) The reason for nonrenewal or cancellation shall accompany or be included in the notice of nonrenewal or cancellation.

(13) Except where the maximum limits of coverage have been purchased, every notice of first renewal shall include a provision or be accompanied by a notice stating in substance that added uninsured motorists, underinsured motorists, and personal injury protection coverages may be purchased by the insured.

(14) There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner or against any insurer, its authorized representative, its agents, its employees, or any firm, person, or corporation furnishing to the insurer information as to reasons for cancellation or nonrenewal, for any statement made by any of them in any written notice of cancellation or nonrenewal, or in any other communication, oral or written, specifying the reasons for cancellation or nonrenewal, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

(15) (a) If the commissioner determines that an insurer has violated any provision of this section, the commissioner may require the insurer to:

1. Accept the application or written request for insurance coverage at a rate and on the same terms and conditions as are available to other risks similarly situated;

2. Reinstate insurance coverage to the end of the policy period; or

3. Continue insurance coverage at a rate and on the same terms and conditions as are available to other risks similarly situated;

(b) As to any person who has violated any provisions of this section, the commissioner may:

1. Issue a cease and desist order to restrain the person from engaging in practices that violate this section;

2. Suspend or revoke the person's license or certificate of authority;

3. Assess a civil penalty against the person in accordance with KRS 304.99-020; or

4. Take any combination of the actions specified in this paragraph.

Section 2. KRS 304.20-320 is amended to read as follows:

(1) Declinations. An applicant may request in writing an explanation of a declination. The insurer shall provide a prompt written response to such inquiries.

(2) Cancellations.

(a) A notice of cancellation of insurance subject to KRS 304.20-300 to 304.20-350 by an insurer shall be in writing, shall be delivered to the named insured or mailed to the named insured at the last known address of the named insured, shall state the effective date of the cancellation, and shall be accompanied by a written explanation of the specific reason or reasons for the cancellation;[~~ and~~]

(b) The notice of cancellation referred to in paragraph (a) of this subsection shall be mailed or delivered by the insurer to the named insured at least fourteen (14) days prior to the effective date of the cancellation if the cancellation is for nonpayment of premium or occurs within sixty (60) days of the date of issuance of the policy. Such notice of cancellation shall be mailed or delivered by the insurer to the named insured at least seventy-five (75) days prior to the effective date of the cancellation if the policy has been in effect more than sixty (60) days***; and***

(c) Proof of mailing of notice of cancellation or of reasons for cancellation to the named insured at the address shown in the policy shall be sufficient proof of notice.

(3) Nonrenewals.

(a) No insurer shall refuse to renew a property or casualty insurance policy subject to KRS 304.20-300 to 304.20-350 unless at least seventy-five (75) days before the end of the policy period as described in KRS 304.20-310(1), the insurer shall mail or deliver to the named insured, at the last known address of the named insured, written notice of the insurer's intention not to renew the policy upon expiration of the current policy period with a written explanation of the specific reason or reasons for the nonrenewal;

(b) If notice is not provided pursuant to paragraphs (a) and (b) of this subsection, coverage shall be deemed to be renewed for the ensuing policy period upon payment of the appropriate premium under the same terms and conditions, and subject to the provisions of KRS 304.20-330, until the named insured has accepted replacement coverage with another insurer, or until the named insured has agreed to the nonrenewal;

(c) If the insurer has manifested its willingness to renew by mailing or delivering of a renewal notice, bill, certificate, or policy to the first named insured at his last known address at least thirty (30) days before the end of the current policy period with the amount of the renewal premium charge and its due date clearly set forth therein, then the policy shall expire and terminate without further notice to the insured on the due date unless the renewal premium is received by the insurer or its authorized agent on or before that date. When any policy terminates pursuant to this subsection because the renewal premium was not received on or before the due date, the insurer shall, within fifteen (15) days, deliver or mail to the first named insured at his last known address a notice that the policy was not renewed and the date on which the coverage under it ceased to exist;[~~ and~~]

(d) Proof of mailing of renewal premium to the insurer or its agent, when authorized, on or before the due date shall constitute a presumption of receipt pursuant to paragraph (c) of this subsection***; and***

(e) Proof of mailing of notice of intention not to renew or of reasons for nonrenewal to the named insured at the address shown in the policy shall be sufficient proof of notice.

(4) No insurer shall increase the premium for a property or casualty insurance policy subject to KRS 304.20-300 to 304.20-350 more than twenty-five percent (25%) of the premium for the preceding policy term for like coverage and like risks unless at least seventy-five (75) days before the end of the policy period as described in KRS 304.20-310(1), the insurer shall mail or deliver to the named insured, at the last known address of the named insured, a notice for the renewal premium amount and the insurer shall mail or deliver to its agent, if any, a duplicate notice of the premium amount. In order to comply with this requirement, the insurer may extend the period of coverage of the current policy at the expiring premium.

(5) There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner or against any insurer, its authorized representative, its agents, its employees, or any firm, person, or corporation furnishing to the insurer information as to reasons for cancellation or nonrenewal, for any statement made by any of them in any written notice of cancellation or nonrenewal, or in any other communication, oral or written, specifying the reasons for cancellation or nonrenewal, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

The declination or termination of a policy of insurance subject to KRS 304.20-300 to 304.20-350 by an insurer or agent is prohibited if the declination or termination is:

(1) Based solely upon the race, religion, nationality, ethnic group, age, sex, or marital status of the applicant or named insured;

(2) Based solely upon the lawful occupation or profession of the applicant or named insured, except that this provision shall not apply to an insurer which limits its market to one (1) lawful occupation or profession or to several related lawful occupations or professions or to an insurer that does not provide the kind of insurance sought by the applicant;

(3) Based solely upon the age or location of the residence or property of the applicant or named insured, unless such decision is for a business purpose which is not a mere pretext for unfair discrimination;

(4) Based solely upon the fact that another insurer previously declined to insure the applicant or terminated an existing policy in which the applicant was the named insured;

(5) Based solely upon the fact that the applicant or named insured previously obtained insurance through a residual market mechanism;

For the purpose of KRS 304.20-320 to 304.20-350, any policy period or term of less than six (6) months shall be considered to be a policy period or term of six (6) months and any policy period or term of more than one (1) year or any policy with no fixed expiration date shall be considered a policy period or term of one (1) year;

(2) "Nonpayment of premium" means the failure of the named insured to discharge any obligation in connection with the payment of premiums on property or casualty insurance subject to KRS 304.20-320 to 304.20-350, whether such payments are directly payable to the insurer or its agent or indirectly payable under a premium finance plan or extension of credit. A nonrenewal occurs at the end of the policy period or term as set forth in subsection (1) of this section. For the purpose of KRS 304.20-320 to 304.20-350, the transfer of a policyholder between companies within the same insurance group shall be considered a termination, but requiring a reasonable deductible, reasonable changes in the amount of insurance, or reasonable reductions in policy limits or coverage shall not be considered a termination if such requirements are directly related to an increased hazard involved and are made on the renewal date for the policy;

(4) "Declination" means either the refusal of an insurer to issue a property or casualty insurance policy upon receipt of a written nonbinding application or written request for coverage from its agent or an applicant, or refusal of an agent to transmit to an insurer a written nonbinding application or written request for coverage received from an applicant. Section 8. KRS 304.17A-080 is amended to read as follows:

(1) There is hereby created and established a Health Insurance Advisory Council whose duties shall be to review and discuss with the commissioner any issues which impact the provision of health insurance in the state. The advisory council shall consist of seven (7) members: the commissioner plus six (6) persons appointed by the Governor with the advice of the commissioner to serve two (2) year terms. The commissioner shall serve as chair of the advisory council.

(2) The six (6) persons appointed by the Governor with the advice of the commissioner shall be:

(a) Two (2) representatives of insurers currently offering health benefit plans in the state;

(b) Two (2) practicing health care providers; and

(c) Two (2) representatives of purchasers of health benefit plans.

(3) The council shall:

(a) Review and discuss the design of the standard health benefit plan;

(b) Review and discuss the rate-filing process for all health benefit plans;

(c) Review and discuss the administrative regulations concerning this subtitle to be promulgated by the department;

(d) Make recommendations on high-cost conditions as provided in subsection (5) of this section; and

(e) Review and discuss other issues at the request of the commissioner.

(4) The advisory council shall be a budgetary unit of the department which shall pay all of the advisory council's necessary operating expenses and shall furnish all office space, personnel, equipment, supplies, and technical or administrative services required by the advisory council in the performance of the functions established in this section.

(5) No less than annually, the Health Insurance Advisory Council shall review the list of high-cost conditions established by the commissioner under KRS ***304.17A-005(20)***~~[304.17A-005(19)]~~ and 304.17A-280 and recommend changes to the commissioner. The commissioner may accept or reject any or all of the recommendations and may make whatever changes by administrative regulation the commissioner deems appropriate. The council, in making recommendations, and the commissioner, in making changes, shall consider, among other things, actual claims and losses on each diagnosis and advances in treatment of high-cost conditions.

(6) For each calendar year that the Kentucky Guaranteed Acceptance Program is operating, every insurer shall report to the commissioner and the Health Insurance Advisory Council, in the form and at the time as the commissioner by administrative regulation may specify, information that the commissioner deems necessary for the council and commissioner to evaluate the list of high-cost conditions as required under this section.

Section 9. KRS 304.17A-210 is amended to read as follows:

Each insurer that issues health benefit plans in the individual market shall be required to issue health benefit plans in the individual market on a guaranteed-issue basis as follows:

(1) An eligible individual shall be entitled to have coverage issued from the insurer under the standard health benefit plan or any other health benefit plan sold by the insurer in the individual market;

(2) Except as provided in subsection (3) of this section, an individual who has been a resident of Kentucky for at least twelve (12) months shall be entitled to have coverage issued from the insurer under the standard health benefit plan or any other health benefit plan sold by the insurer in the individual market; and

(3) Except as provided in subsection (4) of this section, if the individual is a guaranteed acceptance program qualified individual and the insurer is a guaranteed acceptance program participating insurer, then the individual shall be entitled to have coverage issued under either:

(a) The standard health benefit plan; or

(b) The insurer's two (2) health benefit plans, other than the standard health benefit plan, sold by it in the individual market in Kentucky, or in the applicable marketing or service area as may be prescribed by the commissioner by administrative regulation, with the largest annual premium volume; except that the insurer shall make all necessary adjustments to the health benefit plans sold so that they qualify as a guaranteed acceptance program plan and can be included in the guaranteed acceptance program risk adjustment process. During the period of July 1, 1998, to June 30, 1999, the guaranteed acceptance program participating insurer may designate upon approval of the commissioner any health benefit plans made generally available to, and actively marketed in, the individual market as this option. The insurer shall make all necessary adjustments to the designated health benefit plans so that they qualify as a guaranteed acceptance program plan and can be included in the guaranteed acceptance program risk adjustment process.

(4) If the insurer does not generally operate in the individual market and has elected under KRS 304.17A-420(3)(a) to be a guaranteed acceptance program participating insurer without generally operating in the individual market, then an individual who is a guaranteed acceptance program qualified individual shall be entitled to have coverage issued from that insurer only under the standard health benefit plan.

(5) (a) No insurer, who was not offering health benefit plans in Kentucky on January 1, 1998, shall be required to accept annually under this section individuals who, in the aggregate, would cause the insurer to have a total number of new insureds with high-cost conditions as defined in KRS ***304.17A-005(20)***~~[304.17A-005(19)]~~ or which exceed an insurer's underwriting guidelines as approved by the commissioner under KRS 304.17A-430(3)(b) per year that is more than one-half of one per cent (0.5%) of the total number of individuals insured by the insurer under individual health benefits plans issued or issued for delivery in the Commonwealth, calculated as of the immediately preceding thirty-first day of December.

(b) The commissioner shall, by administrative regulation, establish equitable enrollment limits for the first twelve (12) months, and any remaining portion of the calendar year after the expiration of that twelve (12) month period, in which an insurer first begins doing business in the individual market. These limits shall be based on the insurer's quarterly enrollment in health benefit plans offered in the individual market in the Commonwealth.

(c) An officer of the insurer shall certify to the department when it has met the enrollment limit established in this subsection. Upon providing this certification, the insurer shall be relieved of its guaranteed issue requirement under this section for the remainder of the calendar year.

(d) If all insurers that are required to offer coverage on a guaranteed-issue basis meet the enrollment limit established in this subsection prior to the end of the calendar year, then all such insurers shall again accept individuals for guaranteed issue coverage, subject to the enrollment limit established in this subsection.

(e) If certification of the enrollment limit would leave any county in the Commonwealth without an insurer to provide coverage in the individual market, the commissioner may require any insurer that meets the criteria in KRS 304.17A-420(1) to continue to offer coverage in that county. The commissioner shall proportionally increase the enrollment limit under this subsection for all other insurers that do not meet the criteria of KRS 304.17A-420(1).

(6) An insurer that elects to use the alternative underwriting mechanism under KRS 304.17A-430(3) shall offer to those insureds who are subject to the alternative underwriting mechanism the standard plan and the two (2) plans offered by the insurer with the largest premium volume for the last calendar year.

(7) For the purposes of this section and KRS 304.17A-250, insurers whose activities in the individual market are limited to the renewal of health benefit plans issued prior to July 15, 1995, shall not be deemed to be doing business in the individual market.

(8) Subsections (1) to (7) of this section shall not apply to a health benefit plan offered by an insurer if the coverage is made available in the individual market only through one (1) or more bona fide associations.

Section 10. KRS 304.17A-430 is amended to read as follows:

(1) A health benefit plan shall be considered a program plan and is eligible for inclusion in calculating assessments and refunds under the program risk adjustment process if it meets all of the following criteria:

(a) The health benefit plan was purchased by an individual to provide benefits for only one (1) or more of the following: the individual, the individual's spouse, or the individual's children. Health insurance coverage provided to an individual in the group market or otherwise in connection with a group health plan does not satisfy this criteria even if the individual, or the individual's spouse or parent, pays some or all of the cost of the coverage unless the coverage is offered in connection with a group health plan that has fewer than two (2) participants as current employees on the first day of the plan year;

(b) An individual entitled to benefits under the health benefit plan has been diagnosed with a high-cost condition on or before the effective date of the individual's coverage for coverage issued on a guarantee-issue basis after July 15, 1995;

(c) The health benefit plan imposes the maximum pre-existing condition exclusion permitted under KRS 304.17A-200;

(d) The individual purchasing the health benefit plan is not eligible for or covered by other coverage; and

(e) The individual is not a state employee eligible for or covered by the state employee health insurance plan under KRS Chapter 18A.

(2) Notwithstanding the provisions of subsection (1) of this section, if the total claims paid for the high-cost condition under a program plan for any three (3) consecutive years are less than the premiums paid under the program plan for those three (3) consecutive years, then the following shall occur:
